

Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB Control Number: 0915-0212)

TITLE OF INFORMATION COLLECTION: Maternal, Infant, and Early Childhood Home Visiting Innovation Technical Assistant Center (ITAC) Satisfaction Surveys

PURPOSE: The purpose of this information collection request is to assess participant satisfaction with various training and technical assistance (TA) activities offered through a contracted TA provider, Maternal, Infant, and Early Childhood Home Visiting (MIECHV) Innovation Technical Assistant Center (ITAC). ITAC supports the MIECHV Program Innovation awardees to develop, implement, and evaluate innovations that leverage new technology and/or data collection and sharing strategies to improve the delivery and extend the impact of high-quality early childhood home visiting programs. The overall purpose of the ITAC satisfaction surveys is to collect immediate awardee feedback on their TA experiences to make continuous improvements to service delivery. The contractor will protect the integrity of the data collected, provide opportunities for honest feedback, and maintain the confidentiality of survey participants. Data analysis for each tool will include basic descriptive statistics and qualitative analysis of responses.

The three instruments under this Information Collection are:

1. Annual Awardee Survey: Customer satisfaction on technical assistance received and learning collaboratives attended during the past year.
2. Post Webinar Survey: Customer satisfaction on webinars attended, taken after completing a webinar.
3. Post Learning Collaborative Survey: Customer satisfaction with learning collaboratives attended, taken after completing a learning collaborative.

DESCRIPTION OF RESPONDENTS:

MIECHV Program Innovation awardees and participants of webinars and learning collaborative activities provided by ITAC (who may or may not be MIECHV Program Innovation awardees). MIECHV Innovation Awards support state and territory MIECHV awardees, so the affected public would be state governments.
