[30Day-FY-2023]

Agency Forms Undergoing Paperwork Reduction Act Review

In accordance with the Paperwork Reduction Act of 1995, the Centers for Disease Control and Prevention (CDC) has submitted the information collection request titled [Healthcare Response and Prevention Training Curriculum for Health Departments] to the Office of Management and Budget (OMB) for review and approval. CDC previously published a "Proposed Data Collection Submitted for Public Comment and Recommendations" notice on [June 16, 2023] to obtain comments from the public and affected agencies. [CDC received 1 comment related to the previous notice.] This notice serves to allow an additional 30 days for public and affected agency comments.

CDC will accept all comments for this proposed information collection project. The Office of Management and Budget is particularly interested in comments that:

- (a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of

the agency, including whether the information will have practical utility;

(b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(c) Enhance the quality, utility, and clarity of the information to be collected;

(d) Minimize the burden of the collection of information on those who are to respond, including, through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses; and

(e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy of the information collection plan and instruments, call (404) 639-7570. Comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to

www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review - Open for Public Comments" or by using the search function. Direct written comments and/or suggestions regarding

the items contained in this notice to the Attention: CDC Desk Officer, Office of Management and Budget, 725 17th Street, NW, Washington, DC 20503 or by fax to (202) 395-5806. Provide written comments within 30 days of notice publication.

Proposed Project

Healthcare Response and Prevention Training Curriculum for Health Departments- New collection (request for a new OMB Control Number)- National Center for Emerging and Zoonotic Infectious Diseases, Centers for Disease Control and Prevention (CDC).

Background and Brief Description

CDC funds Healthcare-Associated Infection and Antibiotic Resistance (HAI/AR) programs in 64 state, local and territorial health departments. Funding is awarded through the Epidemiology and Laboratory cooperative agreements (ELC). Funds are intended to provide critical resources to recipients in support of a broad range of healthcare infection prevention and control and epidemiologic surveillance activities to detect, monitor, mitigate, and prevent the spread of HAI/AR in healthcare settings. HAI/AR programs have experienced an increase in program size and scope through COVID-19 supplemental funds. To better support the growing programs, CDC has developed high-priority trainings requested by the health department programs with the goal of strengthening public health workforce capacity to prevent and respond to HAI/AR outbreaks in healthcare settings, including preventing the spread of SARS-CoV-2. A training evaluation will be used to assess whether the CDC-developed trainings are reaching the intended audience and achieving the intended goal of strengthening public health workforce capacity to prevent and respond to HAI/AR outbreaks, including COVID-19 at the individual trainee and program level.

Estimated Annualized Burden Hours

Type of Respondents	Form Name	Number of Respondents	Number of Responses per Respondent	Average Burden per Response (in hours)
Public Health Trainees	Registration	600	2	5/60
Public Health Trainees	Pre- Test	600	2	5/60
Public Health Trainees	Post-test	600	2	5/60
HAI/AR Program Leads	Public Health program impact of trainings	64	1	15/60
Total				316
