

Attachment A: Application Screenshots

Note: The pages and the fields inside each page are conditional based on various selections the state makes as they work through the form. What you see below are all of the possible pages and options fleshed out in full, though what a state would actually encounter would be a subset of what you see here, based on their submission type and other information.

Submission type

The screenshot shows the 'Submission type' form in the oneMAC Managed Care Review system. The page header includes the oneMAC logo, 'Managed Care Review', and the user email 'bob@dmas.virginia.gov' with a 'Sign out' link. The page title is 'Virginia New submission'. A progress bar at the top shows six steps: 'Submission type' (active), 'Contract details', 'Modification of capitation rates', 'Supporting documents', 'Contacts', and 'Review and submit'. A circular indicator shows '1 of 6 Submission type'. The form itself is titled 'All fields are required' and contains the following sections:

- Programs:** A dropdown menu with 'CCC Plus X' and 'Medallion X' selected.
- Choose a submission type:** Radio buttons for 'Contract action only' (selected), 'Contract action and rate certification', and 'Contract action type'.
- Contract action type:** Radio buttons for 'Base contract' and 'Amendment to base contract' (selected).
- Is this a risk-based contract?** Radio buttons for 'Yes' (selected) and 'No'. Below this is the text 'See 42 CFR § 438.2'.
- Submission description:** A text area with the instruction 'Provide a 1-2 paragraph summary of your submission that highlights any important changes CMS reviewers will need to be aware of' and a link 'View description examples'. The text area contains placeholder text: 'Lorem ipsum dolor sit amet, consectetur adipiscing elit. Nunc vulputate libero et velit interdum, ac aliquet odio mattis.'

At the bottom of the form are 'Cancel' and 'Continue' buttons.

Actuaries' communication preference

Communication preference between CMS Office of the Actuary (OACT) and all state's actuaries (i.e. certifying actuaries and additional actuary contacts)

- OACT can communicate directly with the state's actuaries but should copy the state on all written communication and all appointments for verbal discussions.
- OACT can communicate directly with the state, and the state will relay all written communication to their actuaries and set up time for any potential verbal discussions.
