

Table E1. R3-Impact Implementation Study Crosswalk: Research Questions and Data Source

Research Question	Program Administrative Data	Staff and Partner Interviews	Parent Interviews
RQ1: To what extent is the program implemented as intended?	X	X	X
RQ2: How does the organizational context in which the programs are implemented inform implementation fidelity?	X	X	X
RQ3: How does the community and policy context in which programs are implemented inform implementation fidelity?	X	X	X
RQ4: How do key partners coordinate to implement the program?		X	
RQ5: What are the considerations associated with successful replication? What are the barriers and what strategies were used to mitigate them?		X	
RQ6: What modifications, if any, were needed to fit local and cultural contexts?		X	

Table E2. R3-Impact Implementation Study Crosswalk: Research Questions and Topic Guide Items with Consolidated Framework for Implementation Research (CFIR) Domains

Interview Topic	RQ1: Fidelity	RQ2: Organizational Context	RQ3: Community / Policy Context	RQ4: Partnerships	RQ5: Facilitators / Barriers	RQ6: Local Program Modifications
Local Context (CFIR Domain: Outer Setting)			X			
Local political, economic, and geographic conditions			X			
Local substance use disorder conditions			X			
Local child welfare system conditions			X			
Agency Background (CFIR Domain: Inner Setting)		X				
Program Background (CFIR Domains: Process of Implementation, Individuals)					X	X
Program Structure (CFIR Domain: Innovation, Process of Implementation)	X	X	X	X		
Management structure		X	X			
Funding			X			
Partnerships				X		
Parent characteristics and participation in services	X					
Program Services (CFIR Domain: Innovation)	X				X	X
Operational Challenges and Successes					X	X
