

visitor fees will be identified and posted at each day-use site.

In response to increasing recreation demands and visitation on BLM lands, the CRVFO developed a recreation fee business plan. The business plan reviewed campgrounds and day-use sites where new Standard and Expanded Amenity Recreation Fees are needed to maintain visitor facilities and visitor services, replace aging infrastructure, and improve access to recreational opportunities. The business plan explains: (1) consistency with the BLM recreation fee program policy; (2) the CRVFO recreation management direction; (3) the need for fee collection; (4) how the fees will be used at the sites; (5) Resource Advisory Council coordination; and (6) guidance on future fee increases. As analyzed in the business plan, the recreation use fees are consistent with other nearby Federal land management agency fees and are lower than the fees charged at privately owned campgrounds. The business plan is available upon request to the CRVFO and at the CRVFO website (see **ADDRESSES**).

The BLM notified and involved the public at each stage of this process. A public comment period on the draft business plan, announced via news release, ran from December 11, 2018, to January 25, 2019. The final business plan was signed on December 16, 2019. Public notices were posted at each recreation site during the 2019 use season. The CRVFO contacted local special recreation permit holders who might be affected. Local governments were contacted and both Eagle and Pitkin counties provided letters of support for the fee increases. Following FLREA guidelines, the BLM Northwest Resource Advisory Council approved the proposed fee structure on June 13, 2019.

Authority: 16 U.S.C. 6803 and 43 CFR 2933.
