## Bureau of Engraving and Printing Feature of Interest (FOI) Survey for Banknote Equipment Manufacturers

**General Instructions:** In the questions below, the examples of features are referred to as "FOI." Please complete this survey for the FOI with the following label: (BEP personnel insert sample label information here)

When answering these questions, please consider your own needs as well as your customers' and vendors' needs, when appropriate. Please feel free to expound upon any answer in as much detail as you would like to share. The Bureau of Engraving and Printing requests this information to help Federal Reserve Note (FRN or U.S. currency) development teams understand your needs/constraints better.

<u>Please be advised this survey is intended for the sole purpose of gathering information and input.</u> It does not imply any commitment to act upon the information and input provided. Nothing herein should be construed as the views of, directions from, or instructions by BEP regarding a change or modification to any equipment and services provided by your company.

COMPANY, Feature of Interest #, DESCRIPTION

PRA Burden Statement: The public reporting burden for this information collection is estimated to be 60 minutes. Send comments regarding the accuracy of this burden estimate and any suggestions for reducing the burden to:

BEM and CRM Customer Support@bep.gov. You are not required to respond to this collection of information unless a valid OMB control number is displayed.

1. Please fill in the table below for your <u>FRN Validators</u> or products as shown in the example below. Please add lines to accommodate each of your products. If a different tabulating scheme is preferred or more applicable to your product line, please feel free to modify and customize the table to meet your needs.

**PRA Burden Statement:** The public reporting burden for this information collection is estimated to be 60 minutes. Send comments regarding the accuracy of this burden estimate and any suggestions for reducing the burden to: BEM\_and\_CRM\_Customer\_Support@bep.gov. You are not required to respond to this collection of information unless a valid OMB control number is displayed.

| 2. | What three characteristics did you like most about this FOI?  |
|----|---|
| 3. | What three characteristics did you like least about this FOI?   |
| 4. | Would U.S. currency with this FOI require hardware changes to your existing products? Please estimate the cost of the accommodating hardware changes.  a. Cost in \$ per sensor  b. Cost in \$ per product/system |
| ΔН | tributes of the FOI as is:  |
|    | Do you expect the FOI to contribute in any way to false acceptance of counterfeits in circulation? If so, please explain how the FOI would contribute to false acceptance of counterfeits.                        |
| 6. | Will the FOI contribute to false rejection of genuine U.S. currency in circulation? If so, please explain how the FOI would contribute to the false rejection of genuine currency.                                |
| 7. | Is the FOI detectably different from features used on other banknotes to avoid incorrect identification?  |
| 8. | Do you anticipate any benefits of the FOI for your business?  |
|    | ur recommendations for the FOI: How can U.S. currency development teams mitigate any concerns you may have noted in any question above?   |
|    |   |
