\_\_\_\_\_ [Name of Business]

This Tip Reporting Alternative Commitment (TRAC) agreement is part of the Tip Rate Determination/Education Program that the Internal Revenue Service implemented in 1993 to promote tip reporting compliance by employees in accordance with the Internal Revenue Code of 1986.

For federal income tax purposes, taxpayers are required to report to the IRS all income from all sources, unless the income is expressly excluded. Under section 61(a)(1) of the Code, gross income includes compensation for services, including tips. Under section 61(a)(2), gross income includes all income from business.

Section 6053(a) of the Code requires employees to furnish one or more written statements to their employers reporting all tips received in each calendar month. The statements must be furnished to the employer by the 10th day of the following month.
