#### SUPPLEMENTARY INFORMATION:

In accordance with the Paperwork  
Reduction Act (PRA; 44 U.S.C. 3501 *et  
seq.*) and its implementing regulations  
in the Code of Federal Regulations  
(CFR) at 5 CFR 1320, all information  
collections require approval under the  
PRA. We may not conduct or sponsor  
and you are not required to respond to  
a collection of information unless it  
displays a currently valid OMB control  
number.

On February 9, 2023, we published in  
the **Federal Register** (88 FR 8448) a  
notice of our intent to request that OMB  
approve this information collection. In  
that notice, we solicited comments for  
60 days, ending on April 10, 2023. In an  
effort to increase public awareness of,  
and participation in, our public  
commenting processes associated with  
information collection requests, the  
Service also published the **Federal  
Register** notice on [Regulations.gov](https://www.regulations.gov)  
(Docket No. FWS-R5-NWRS-2022-  
0152) to provide the public with an  
additional method to submit comments  
(in addition to the typical [Info\\_Coll@  
fws.gov](mailto:Info_Coll@fws.gov) email and U.S. mail submission  
methods). We received one anonymous  
comment in response to that notice  
which did not address the information  
collection requirements. Therefore, no  
response is required to that comment.

As part of our continuing effort to  
reduce paperwork and respondent  
burdens, we are again inviting the  
public and other Federal agencies to  
comment on new, proposed, revised,  
and continuing collections of  
information. This helps us assess the  
impact of our information collection  
requirements and minimize the public’s  
reporting burden. It also helps the  
public understand our information

collection requirements and provide the  
requested data in the desired format.

We are especially interested in public  
comment addressing the following:

(1) Whether or not the collection of  
information is necessary for the proper  
performance of the functions of the  
agency, including whether or not the  
information will have practical utility;

(2) The accuracy of our estimate of the  
burden for this collection of  
information, including the validity of  
the methodology and assumptions used;

(3) Ways to enhance the quality,  
utility, and clarity of the information to  
be collected; and

(4) How might the agency minimize  
the burden of the collection of  
information on those who are to  
respond, including through the use of  
appropriate automated, electronic,  
mechanical, or other technological  
collection techniques or other forms of  
information technology, *e.g.*, permitting  
electronic submission of response.

Comments that you submit in  
response to this notice are a matter of  
public record. Before including your  
address, phone number, email address,  
or other personal identifying  
information in your comment, you  
should be aware that your that your  
entire comment—including your  
personal identifying information—may  
be publicly available at any time. While  
you can ask us in your comment to  
withhold your personal identifying  
information from public review, we  
cannot guarantee that we will be able to  
do so.

*Abstract:* The Service has overall  
Federal responsibility for managing the  
Nation’s fish and wildlife resources.  
Part of the Service’s mission is to  
provide the public with wildlife-based  
outdoor recreation opportunities on  
National Wildlife Refuges, National Fish  
Hatcheries, and other Service lands  
(collectively, refuges). These outdoor  
recreation opportunities include  
hunting, which is an important  
opportunity for people to connect with  
nature, harvest food, and assist the  
Service in managing wildlife  
populations.

The National Wildlife Refuge System  
Administration Act, as amended by the  
National Wildlife Refuge System  
Improvement Act (the Act; 16 U.S.C.  
668dd *et seq.*) stipulates that refuges  
undergo a comprehensive conservation  
planning process that, among other  
things, must look at the compatibility of  
wildlife-dependent recreation  
(including hunting) on refuges. We will  
use the information from the proposed  
survey effort to inform planning on  
refuges as mandated by the Act.
