

Screenshots of Existing Clean School Bus (CSB) Rebate Application Form

The following photos are from the first prototype of the application form which is undergoing active development. Improved descriptions of fields, autofilling functionality, help text, and more will be added over the next month. The application form is the first of three forms that EPA will collect for the Clean School Bus Rebates. The purchase order form and close-out form will be provided to awarded applicants in a similar online format that will minimize burden by relying, where possible, on existing data submitted in this application form.

Summary of Changes for Clean School Bus Application Form

1. Checkboxes Related to Funding Amount:
 - Cost Share acknowledgement: certification that the applicant will identify other external funds that offset cost of electric school buses or supporting infrastructure, and thus is applying for a lower funding amount than eligible for
 - American Disabilities Act (ADA) equipment: indicating installation of ADA Equipment by bus line item
 - Shipping bus(es) to non-lower 48 states and territories: indicating funds are needed to ship one or more buses to non-lower 48 states and territories
2. Partnership Agreements
 - Document one (Utility Agreement): acknowledges and certifies utility planning requirements and coordination
 - Document two (School Board Agreement): applicant certifies school board is aware of the applicant pursuing the new bus project.
 - Document two (third party Vendor only): certifies that served school district is aware of third party applying on behalf of the served school district.
 - Labor/Workforce training: (Checkbox) allow applicants to indicate awareness of program requirements for electrician training and the importance of developing a workforce development plan
3. Existing Buses to Be Replaced
 - Scrappage: checkbox per bus line item to attest to meeting eligibility requirements for an exception to the scrappage requirement for the CSB Rebate Program.
