**General Description of Collection:** Section 29 of the Federal Deposit Insurance Act prohibits undercapitalized insured depository institutions from accepting, renewing, or rolling over any brokered deposits. Adequately capitalized institutions may do so with a waiver from the FDIC, while well-capitalized institutions may accept, renew, or roll over brokered deposits without restriction. This information collection captures the burden associated with preparing and filing an application for a waiver of the prohibition on the acceptance of brokered deposits. There is no change in the methodology or substance of this information collection. The reduction in burden is primarily due to the fact that virtually all FDIC-supervised institutions have gone through the implementation burden and face primarily burden related to their ongoing operations.

**Request for Comment**

*Comments are invited on:* (a) Whether the collections of information are necessary for the proper performance of the FDIC’s functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collections, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collections of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.

**Notice of Availability of a Draft Environmental Impact Statement for the Alcan Land Port of Entry Expansion and Modernization in Alcan, Alaska**

**AGENCY:** Public Buildings Service, General Services Administration (GSA).  
**ACTION:** Notice of availability; announcement of public hearing.

**SUMMARY:** Pursuant to the requirements of the National Environmental Policy Act of 1969 (NEPA), GSA has prepared a Draft Environmental Impact Statement (DEIS) to analyze the potential environmental effects of the proposed expansion and modernization of the existing Alcan LPOE. The Alcan LPOE is located at Milepost 1221.8 on the Alaska Highway, 0.43 miles from the U.S./Canada Border. U.S. Customs and Border Protection (CBP) operates this facility year-round in sub-arctic weather conditions. The Alcan LPOE is the only 24-hour port serving privately-owned vehicles (POVs) and commercial traffic between the Yukon Territory, Canada, and mainland Alaska. GSA proposes to build an expanded and modernized

LPOE and new housing units at Alcan, Alaska, to replace the existing facilities. The DEIS describes the purpose and need for the proposed project, the alternatives considered, the existing environment that could be affected, the potential impacts resulting from each of the alternatives, and proposed best management practices and mitigation measures.

**DATES:**

Public Comment Period—Interested parties are invited to provide comments on the DEIS. The public comment period begins with the publication of this NOA in the **Federal Register** and will end on April 11, 2024. Comments must be postmarked or received by the last day of the public comment period (see **ADDRESSES** section of this NOA for how to submit comments).

Hearing Date—GSA will host a hybrid public hearing for the DEIS on Tuesday, March 12, 2024, starting at 6 p.m. Alaska Daylight Saving Time (AKDT). Interested parties are invited to attend the hearing in person at the Northway Community Center, Main Hall at 183 Circle Drive, Northway, AK 99764 or participate online via the Zoom platform.
