AUDIT COMPONENTS REQUIRED FOR SINGLE AUDIT SUBMISSION:

Single Audit Component Checklist

Attention: Please review your audit report to make sure that Personally Identifiable Information, or PII, is not included. Examples of PII are, but not limited to, Social Security Numbers, account numbers, vehicle identification numbers, copies of cancelled checks, student names, dates of birth, personal addresses or personal phone numbers. Please make sure that Business Identifiable Information, or BII, is not included. BII consists of information defined in the Freedom of Information Act (FOIA) as “trade secrets and commercial or financial information obtained from a person [that is] privileged or confidential.”(5 U.S.C.552(b)(4)). This information is exempt from automatic release under the (b)(4) FOIA exemption. “Commercial” is not confined to records that reveal “basic commercial operations” but includes any records or information in which the submitter has a commercial interest, and can include information submitted by a nonprofit entity.

Please enter the starting pdf file page number for each of the following components. If auditor reports have been combined, then list the starting page number of the combined report for each corresponding report on the checklist. If a component is not required, enter 'N/A' instead of a page number. Each component on the checklist must have a numeric page number or 'N/A' listed.

The following is a key for the Component Checklist
* = Required (cannot be blank or 'N/A').
** = Required if prior audit findings exist.
*** = Required if findings exist.
Note: Codes do not apply to program specific or SLFRF/ACEE

Instructions for Form SF-SAC, Reporting on Audits of States, Local Governments, Indian Tribes, Institutions of Higher Education and Nonprofit Organizations for Fiscal Period Ending Dates in 2023, 2024, and 2025

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is OMB No. 0607-0518. The time required to complete this data collection form, Form SF-SAC, is estimated to average 100 hours for large auditees (i.e., auditees most likely to administer a large number of Federal awards) and 21 hours for all other auditees. These amounts reflect estimates of the reporting burden on both auditees and auditors individually, meaning that the reporting burden is 100 or 21 hours for auditees **and** 100 or 21 hours for auditors. The burden hours include the time required to review instructions, obtain the needed data, and complete and review the information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: GSARegSec@gsa.gov

The Office of Management and Budget (OMB) Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) Section 512 requires auditees to submit a completed Form SF-SAC, along with one complete reporting package, to the Federal Audit Clearinghouse (FAC). The reporting package is defined in 2 CFR 200.512(c). Indian Tribes and Tribal Organizations (as defined in the Indian Self-Determination, Education and Assistance Act (ISDEAA), 25 U.S.C 5304) which opt not to authorize the FAC to make the reporting package publicly available must submit the reporting package to pass-through entities as described in 2 CFR 200.512(b)(2); submissions to a pass-through entity should not include the Form SF-SAC.

Auditees should not submit a reporting package or Form SF-SAC if their Uniform Guidance audit report is included in another auditee's report.

Example: If the audit of a state university's Federal awards is included in the statewide single audit report and Form SF-SAC, the university should not submit a reporting package or Form SF-SAC to the FAC.

This Form SF-SAC version, dated xx-xx-2023, is to be used for audits covering fiscal periods ending in 2023, 2024, and 2025. It is also to be used to submit Alternative Compliance Examination Engagements of the U.S. Department of Treasury Coronavirus State and Local Government Fiscal Recovery Fund (SLFRF Alternative Compliance Examination Engagement) for examinations of eligible entities covering fiscal periods ending in 2023, 2024, and 2025 (see the OMB Compliance Supplement section for the SLFRF program to learn more about this engagement. This Form SF-SAC is only available for submission on the FAC Website: <https://www.fac.gov/>

Audit threshold for Federal expenditures is \$750,000 per year. The Uniform Guidance requires non-Federal entities that expend \$750,000 or more a year in Federal awards to have an audit conducted in accordance with the Uniform Guidance.

The Form SF-SAC is not to be used by for-profit entities, foreign public entities, or foreign organizations. These entities should contact the Federal awarding agency for audit report submission instructions.

WHAT'S NEW

Data Universal Numbering System (DUNS)

Number - Beginning with audit year 2023, the FAC will discontinue collection of the Auditee's Data Universal Numbering System (DUNS) number. In prior years, the DUNS number, a unique nine-digit identification sequence assigned by Dun & Bradstreet (D&B) was requested by all auditees who submitted a Form SF-SAC. Beginning with audit year 2023, this number will no longer be accepted on the Form SF-SAC.

Unique Entity Identifier - FAC previously required collection of the Unique Entity Identifier (UEI) for audit years 2022 and later. FAC will now require collection of the UEI for all new submissions, regardless of audit year. This includes late submissions from audit years prior to 2022. The UEI is a 12 digit, alphanumeric value that is assigned to entities upon registration in SAM.gov. The UEI data fields can be found on Part 1, Item 4(g), (h), and (i) on form SF-SAC.

SAM.gov Data - Upon entry of the auditee's UEI into FAC.gov, data such as the auditee name and address will be imported from SAM.gov directly into Part I of the Form SF-SAC.

GREAT Act Updates - In order to be in compliance with the Grant Reporting Efficiency and Agreements Transparency (GREAT) Act, terminology changes such as "CFDA" to "Assistance Listing" and "award" to "federal award" have been updated throughout the Form SF-SAC and instructions.

SUBMISSION TO THE FEDERAL AUDIT CLEARINGHOUSE

Auditees are required to submit through the FAC website. The only approved Form SF-SAC format is created using the FAC website. The FAC website is located at: <https://www.fac.gov/>. Submission instructions are available on the FAC website.

Revisions

The instructions for submitting revisions are available on the FAC website.

Form Due Date

The audit must be completed and the data collection form and reporting package must be electronically submitted within the earlier of 30 days after receipt of the auditor's report(s) or nine months after the end of the audit period. If the due date falls on a Saturday, Sunday, or Federal holiday, the reporting package is due the next business day (2 CFR 200.512(a)). The Uniform Guidance does not permit Federal awarding agencies or pass-through entities to extend the due date.

WHO TO CONTACT WITH QUESTIONS

For technical audit questions, please contact the auditee's Federal cognizant or oversight agency for audit. Contact information for each Federal agency is provided in Appendix III of the Compliance Supplement as "Federal Agency Single Audit Contacts".

For questions related to a specific Federal program, please contact the Federal agency from which the federal award originated. Contact information for each program listed in the Compliance Supplement is provided in Appendix III of the Supplement as "Federal Agency Program Contacts".

For questions concerning the Form SF-SAC submission process or the form (e.g., how to report information on the form, reason for rejection of a form or reporting package, or how to amend or retract a previously accepted submission), contact the FAC via the FAC website at <https://www.fac.gov/>. Frequently Asked Questions and User Manuals can be found on the FAC website.

DESCRIPTION OF FORM

PART I: GENERAL INFORMATION

This section is completed by both the auditee (items 1 through 5) and auditor (item 6).

Item 1 - Fiscal Period

Once a form has been started within the FAC website, the four-digit year of the fiscal period cannot be changed.

(a) Start Date - Enter the first date of the fiscal period covered by the audit.

(b) End Date - Enter the last date of the fiscal period covered by the audit.

Item 2 - Type of Uniform Guidance Audit

Mark the appropriate box. Non-Federal entities that expend \$750,000 or more in a year in Federal awards to have a single audit conducted, except when they elect to have a program-specific audit conducted in accordance with 2 CFR 200.507 (2 CFR 200.501). If entity is submitting under , this field will be marked 'A'.

Item 3 - Audit Period Covered

Mark the appropriate box. Annual audits cover 12 months and biennial audits cover 24 months. If the audit period covered is neither annual nor biennial, mark "Other" and provide the number of months covered in the space provided. The number of months must be entered as a two-digit number (e.g., for three months enter '03'). See 2 CFR 200.504 for guidelines about the frequency of audits.

Item 4 - Auditee Identification Numbers

(a) Auditee Employer Identification Number (EIN) - Enter the Auditee's Employer Identification Number (EIN), the nine-digit taxpayer identification number assigned by the Internal Revenue Service (IRS). If the auditee was assigned multiple EINs, enter the primary EIN. Social Security Numbers must not be used.

(b) Are multiple EINs covered in this report? - Mark the appropriate "Yes" or "No" box to indicate if the auditee (or components of an auditee covered by the audit) was assigned more than one EIN by the IRS (e.g., a statewide audit covers many departments, each of which may have its own EIN).

(c) Auditee EIN Continuation Sheet - If "Yes" was marked for multiple EINs, list the additional EINs for all entities covered by the audit on the *Auditee EIN Continuation Sheet*. Report an EIN in this appendix if this submission is intended to satisfy the entity's or component's (e.g., State Agency, sub-entity) Single Audit requirement. Do not include separate EINs for any component that did not receive, expend, or otherwise administer Federal awards. Do not include the primary EIN in Part I, Item 4(c).

Note: Instructions for uploading additional EINs are available on the FAC website.

(d) Unique Entity Identifier (UEI) - Enter the Auditee's Unique Entity Identifier (UEI), the twelve character, alphanumeric value assigned by SAM.gov. If the auditee was assigned multiple UEIs, enter the primary UEI.

(e) Are multiple UEIs covered in this report? - Mark the appropriate "Yes" or "No" box to indicate if the auditee (or components of an auditee covered by the audit) was assigned more than one UEI by SAM.gov (e.g., a statewide audit covers many departments, each of which may have its own UEI).

(f) Auditee UEI Continuation Sheet - If "Yes" was marked for multiple UEIs, list the additional UEIs for all entities covered by the audit on the *Auditee UEI Continuation Sheet*. Report an UEI in this appendix if this submission is intended to satisfy the entity's or component's (e.g., State Agency, sub-entity) Single Audit requirement. Do not include separate UEIs for any component that did not receive, expend, or otherwise administer Federal awards. Do not include the primary UEI in Part I, Item 4(g).

Item 5 - Auditee Information

(a) Enter the auditee name associated with the primary UEI. When possible, this name must match to the name assigned to the primary UEI.

Note: Department of Housing and Urban Development project numbers are optional, and may be included with the auditee name.

(b-e) Enter the auditee address and contact information.

Item 6 - Primary Auditor Information

Where multiple audit organizations are used to conduct the audit work, only the lead or coordinating auditor shall provide its information in Part I, Items 6(a)-(f). The other auditors may enter their contact information in Item 6(h), the Secondary Auditors' Contact Information Sheet.

(a-b) Enter the name and EIN of the primary auditor that conducted the audit in accordance with the Uniform Guidance. Auditors must not use any Social Security Numbers as their EIN. To apply for an EIN, follow the guidance of the IRS, located at <http://www.irs.gov/>. The auditor name may represent a sole practitioner, certified public accounting firm, State auditor, etc.

(c-f) Enter the address and contact information of the primary auditor. (For international addresses, use the toggle button in c to select "non-US")

(g) Was a secondary auditor used? - Mark the appropriate "Yes" or "No" box to indicate whether multiple auditors contributed to the audit.

Note: only the primary auditor will sign the auditor statement in Part V, Item 2.

(h) Secondary Auditors' Contact Information Sheet - If "Yes" was marked for secondary auditors, enter the name, EIN, and contact information of the secondary auditor organization(s) used to conduct the audit work on the Secondary Auditors' Contact Information Sheet.

PART II: FEDERAL AWARDS

This section is completed by the auditee. Respondents eligible and opting for the SLFRF Alternative Compliance Examination Engagement will only enter SLFRF program information as the scope of the examination only covers that funding. See the Part 4 SLFRF section and Appendix VII of the 2022 OMB Compliance Supplement for more detail about the SLFRF Alternative Compliance Examination Engagement.

Item 1 includes the required information for each Federal program to be presented in the Schedule of Expenditures of Federal Awards (SEFA), and Item 2 includes notes thereto, both of which are required regardless of whether audit findings are reported.

The FAC website allows all respondents to enter the Federal awards and Notes to the SEFA prior to the end of their fiscal period and the audit work being conducted. Once this information is entered, users may generate a customizable SEFA and Notes to the SEFA from the FAC system to include in their reporting package.

Item 1 - Federal Awards Expended During Fiscal Period

List each program by Federal agency for which Federal awards were expended. **List individual programs in each row.**

Note: If the SEFA has already been created, list the programs in the same order as shown in the SEFA in the reporting package.

While not required, the auditee may choose to provide information requested by Federal awarding agencies and pass-through entities to make the schedule easier to use. For example, when a Federal program has multiple Federal award years, the amount of Federal awards expended for each Federal award year may be listed separately, as stated in 2 CFR 200.510(b). As a best practice, loan and non-loan components within the same program should be listed separately. If an indirect federal award has multiple pass-through entities, these should each be entered on separate federal award lines with the specific amount expended from that pass-through entity. If multiple lines are entered for a Federal program, then the amount passed through to subrecipients must only be the amount relevant to that specific line on the data collection form.

Assistance Listing Number

Most Federal programs are listed in the Assistance Listing found at www.sam.gov (formerly known as the Catalog of Domestic Assistance or CFDA). An Assistance Listing number consists of a two-digit prefix and a three-digit extension separated by a period. If this information is unavailable, consult the Federal awarding agency or pass-through entity to obtain this number. If the Federal program does not have an Assistance Listing number, follow the specific instructions below.

(a) Federal Awarding Agency Prefix - Enter the first two digits of the Assistance Listing number. The Assistance Listing prefix identifies the Federal awarding agency listed in Appendix I of these instructions. If the Federal awarding agency does not have an Assistance Listing prefix, use one of the prefixes (noted with an asterisk) assigned for reporting purposes only. Respondents eligible and opting for the SLFRF Alternative Compliance Examination Engagement will only enter SLFRF program information.

(b) Assistance Listing Three-Digit Extension - The period from the Assistance Listing number is automatically assumed and must not be entered. The three-digit extension identifies the specific program from the Federal awarding agency. Respondents eligible and opting for the SLFRF Alternative Compliance Examination Engagement will only enter SLFRF program information.

Programs with an Assistance Listing Number

If the Federal program is listed in the Assistance Listing, enter the last three digits of the Assistance Listing number in the Assistance Listing Three-Digit Extension field.

Programs with No Assistance Listing Number or the Assistance Listing Number is Unknown

If the three-digit Assistance Listing extension is unknown, enter a "U" followed by a two-digit number in the Assistance Listing extension to identify one or more Federal award lines that form the program. This will allow the FAC website to automatically calculate the Federal Program Total and Cluster Total (Part II, Items 1(g) and 1(h)).

For more information on Federal program determination when an Assistance Listing extension is unknown, see 2 CFR 200.42(b).

Example: The first Federal program with an unknown three-digit extension would be U01 for all federal award lines associated with that program, the second would be U02, and so on.

Note: The two-digit number can start over for each Federal Agency or continue throughout the remainder of the data collection form.

Programs that are part of the R&D Cluster and the Assistance Listing Number is Unknown

If the Federal program is part of the Research and Development (R&D) cluster and the three-digit Assistance Listing extension is unknown, enter "RD" in the Assistance Listing Three-Digit Extension field.

Note: If the Federal program is part of the R&D cluster and the Assistance Listing Three-Digit Extension is known, enter the Assistance Listing Three-Digit Extension.

(c) Additional Federal Award Identification - Enter other data used to identify the federal award which is not an Assistance Listing number (e.g., program year, contract number, state issued numbers, etc.). Part II, Item 1(c) is a required field if Item 1(b) is unknown. If Item 1(b) has a valid Assistance Listing Extension, then Item 1(c) is optional.

(d) Federal Program Name - Enter the name of the Federal program as shown in the Assistance Listing. If the program is not listed in the Assistance Listing, a description of the federal award recognizable by the Federal awarding agency or pass-through entity should be entered.

Note: If a valid Federal Agency Prefix and Assistance Listing Three-Digit Extension combination is entered, the FAC system will auto-generate the Federal Program Name with the name of the Federal program from the Assistance Listing. This information can be edited.

(e) Amount Expended - Enter the amount of expenditures for each Federal award. Round to the nearest whole dollar. This will allow the FAC system to automatically calculate the total Federal awards expended as determined in accordance with 2 CFR 200.502. Respondents eligible and opting for the SLFRF Alternative Compliance Examination Engagement will only enter SLFRF program information.

(f) Cluster Name - Enter the name of the cluster of programs using the drop-down menu. If the program is not part of a cluster, mark "N/A" for no cluster. If the program is part of a state cluster, mark "State Cluster" and enter the State Cluster name in the box provided within the FAC system. If the name of the cluster does not appear in the list, mark "Other Cluster" and enter the cluster name in the box provided within the FAC website.

Note: Please notify the FAC if you discover clusters that do not appear in the drop-down menu (not including State Clusters).

(g) Federal Program Total - The FAC website will auto-generate the total Federal awards expended for each individual Federal program as required by 2 CFR 200.510(b)(3) by summing the amount expended for all line items with the same Assistance Listing Number.

(h) Cluster Total - The FAC system will auto-generate the total Federal awards expended for each cluster of programs as required by 2 CFR 200.510(b)(3) by summing the amount expended for all line items with the same Cluster Name.

Loan Programs

Loan or loan guarantees (loans) are described in 2 CFR 200.502.

In addition to including the total Federal awards expended for loans, the balances outstanding at the end of the audit period must be identified in the notes to the schedule as required by 2 CFR 200.510(b)(5).

(i) Loan/Loan Guarantee (Loan) - Mark either "Y" for Yes or "N" for No to indicate whether the program is a Federal loan or a Federal loan guarantee.

(j) If Loan, the End of the Audit Period Outstanding Loan Balance - If "Y" was marked for loan/loan guarantee, enter the loan or loan guarantee (loan) balances outstanding at the end of the audit period as required by 2 CFR 200.510(b)(5). If the outstanding loan balance is not applicable, enter "N/A".

Example: Enter "N/A" for loans made to students of an Institution of Higher Education (IHE) where the IHE does not make the loans (2 CFR 200.502(c)

Federal Award Source

If a Federal award was not received directly from the Federal awarding agency (received as a subrecipient), the name of the pass-through entity and identifying number assigned by the pass-through entity are required (2 CFR 200.510(b)(2)).

(k) Direct Federal Award (Direct) - Mark either "Y" for Yes or "N" for No to indicate whether the federal award was received directly from a Federal awarding agency. When a federal award consists of both direct and indirect funds, list the direct expenditure detail on one line and the indirect expenditure detail on a second line.

Note: When a single audit reporting entity receives direct awards and transfers them to another part of the same single audit reporting entity, these awards must still be reported as direct (e.g., transfers within the single audit reporting entity do not create a pass-through entity/subrecipient relationship).

(l) If not Direct, list Name of Pass-through Entity - If "N" was marked for direct federal award, enter the name of the pass-through entity as required by 2 CFR 200.510(b)(2). If a program has multiple pass-through entities, multiple federal award lines should be entered, with each federal award line entered having a unique pass-through entity name.

(m) If not Direct, list Identifying Number Assigned by the Pass-through Entity, if assigned - If "N" was marked for direct Federal award, enter the identifying number assigned by the pass-through entity, if assigned, as required by 2 CFR 200.510(b)(2). If a program has multiple pass-through identifying numbers, the data collection form will accept multiple identifying numbers assigned by each pass-through entity. If there is not an identifying number assigned by the pass-through entity, enter "N/A" in this field.

Passed Through

If a Federal award was passed through to any subrecipients, the total amount provided to subrecipients for each Federal program is required (2 CFR 200.510(b)(4)).

(n) Federal Award Passed Through to Subrecipients - Mark either "Y" for Yes or "N" for No to indicate whether funds were passed through to any subrecipients for the Federal award.

Note: When a single audit reporting entity receives direct awards and transfers them to another part of the same single audit reporting entity, these awards must not be reported as passed through to subrecipients (e.g., transfers within the single audit reporting entity do not create a pass-through entity/subrecipient relationship).

(o) If Passed Through, provide Amount Passed Through - If “Y” was marked for Federal award passed through to subrecipients, enter the amount passed through to subrecipients as required by 2 CFR 200.510(b)(4). The amount passed through is included in the amount expended entered in Part II, Item 1(e). If multiple lines are entered for a Federal program, then the amount passed through to subrecipients must only be the amount relevant to that specific federal award line on the data collection form.

Item 2 - Notes to the Schedule of Expenditures of Federal Awards (SEFA) (Not applicable to Alternative Compliance Examination Engagements).

Note: If the auditee qualified as an Indian Tribe or Tribal Organization (as defined in the Indian Self-Determination, Education and Assistance Act (ISDEAA), 25 U.S.C 5304) and opts not to authorize the FAC to make the reporting package publicly available, the text in Part II, Item 2 will not be publicly displayed on the Form SF-SAC. Instead, the text “Exemption for Indian Tribes” will be displayed in Part II, Item 2 for each note. However, for Note 2, the “Yes”, “No”, or “Both” answer will still be displayed publicly.

Note: Due to formatting restrictions in the FAC database, the text input in this item may not convey the full meaning of the Notes to the SEFA. Users should refer to the reporting package to view the text as it was intended. Notes are limited to 4000 characters and titles are limited to 75 characters.

Note: If the Notes to the SEFA has already been created, enter the text as it appears in your Notes to the SEFA, excluding charts or tables. If there are any charts or tables within the text, enter “See the Notes to the SEFA for chart/table” in place of the chart or table. The rest of the text is required to be entered. Do not enter “See reporting package” in lieu of the full text of one or more Notes. If there are any footnotes within the text, enter “See Notes to the SEFA for footnote” at the end of the text in place of any footnotes.

Describe the significant accounting policies used in preparing the SEFA. - Enter a description of the significant accounting policies used in preparing the SEFA (2 CFR 200.510(b)(6)). If there are multiple notes covering the significant accounting policies, all applicable notes from the reporting package should be copied and pasted into this item.

Did the auditee use the de minimis cost rate? - Mark the appropriate “Yes”, “No”, or “Both” box (2 CFR 200.414(f)), then enter an explanation. The explanation will auto-populate based on the box that is marked. This auto-populated text will be editable.

If “Yes” is marked, the following statement will auto-populate in the explanation box for Note 2:
“The auditee used the de minimis cost rate.”

If “No” is marked, the following statement will auto-populate in the explanation box for Note 2:
“The auditee did not use the de minimis cost rate.”

If “Both” is marked, enter the explanation text manually.

Example: “Both” should be marked if a State as a whole uses a negotiated indirect cost rate of 7%, but a component included in the State’s single audit report uses a 10% de minimis cost rate.

Additional Notes

Enter all additional notes. Availability will be provided to enter additional numbered notes and titles for those notes into the

FAC website, and there is no limit to the number of notes that can be entered. The automatic numbering of the additional notes may differ from the note number in the reporting package. If the note in the reporting package has been identified with a note number, enter that note number from the reporting package in the title field of the additional note.

Note: This section is intended to capture the loan/loan guarantee note, if applicable, as Note 3, as well as all other additional SEFA notes included in the reporting package.

Note 3: Loan/loan guarantee outstanding balances - If “Y” was marked for Part II, Item 1(i), enter the loan/loan guarantee information, including the loan balances outstanding at the end of the audit period (2 CFR 200.510(b)(5)). The outstanding loan balances will be auto-generated based on the information entered into Part II, Item 1 (a)-(d) and (j) for awards identified as being a Federal loan or loan guarantee. The auto-generated text may be edited as needed to match the loan information from the Notes in the reporting package. If “N” was marked for Part II, Item 1(i), enter the first additional note in this item.

PART III: INFORMATION FROM THE SCHEDULE OF FINDINGS AND QUESTIONED COSTS

This section is completed by both the auditee and auditor.

All information for this section should be obtained from the Schedule of Findings and Questioned Costs and the opinions on the financial statements and reports in accordance with the Generally Accepted Government Auditing Standards (GAGAS) related to the financial statement audit, which are completed by the auditor, and the Summary Schedule of Prior Audit Findings, which is completed by the auditee. Respondents eligible and opting for the SLFRF Alternative Compliance Examination Engagement will only enter SLFRF program information as the scope of the examination only covers that funding. See the Part 4 SLFRF section and Appendix VII of the 2022 OMB Compliance Supplement for more detail about the SLFRF Alternative Compliance Examination Engagement.

Item 1 - Major Program Information and Audit Findings

The information to complete this item is obtained from the Schedule of Findings and Questioned Costs prepared by the auditor.

Major Program

(a) Major program (MP) - Mark either “Y” for Yes or “N” for No to indicate whether the Federal program is a major program, as defined in 2 CFR 200.518.

(b) If MP, Type of Audit Report - If “Y” was marked for major program, enter one letter (**U, Q, A, or D**) corresponding to the type of audit report on the major program. Enter either “**U**” for Unmodified opinion, “**Q**” for Qualified opinion, “**A**” for Adverse opinion, or “**D**” for Disclaimer of opinion. For clusters of programs, the type of audit report must apply to the cluster as a whole. Therefore, the same type of audit report must be entered for all programs in a cluster. If the program is not a major program, leave the “Type of Audit Report” blank.

Note: If multiple lines are listed for the same Assistance Listing number, all of these lines must have the same major program determination and type of audit report on major program.

(c) Number of Audit Findings - Enter the number of audit findings for each Federal program. If there are no audit findings, enter “0” (zero).

Example: If the Federal program is part of a cluster where an audit finding references some, but not all, of the Assistance Listing numbers within the cluster of programs (e.g., Research and Development), only list the finding on the applicable federal award lines with the Assistance Listing numbers referenced in the audit finding.

Item 2 - Financial Statements (Not applicable to Alternative Compliance Examination Engagements).

The information to complete this item is obtained from the opinions on the financial statements and reports in accordance with GAGAS related to the financial statement audit prepared by the auditor.

(a) What were the results of the auditor's determination of whether the financial statements of the auditee were prepared in accordance with generally accepted accounting principles (GAAP)? - Mark any combination of "Unmodified opinion", "Qualified opinion", "Adverse opinion", or "Disclaimer of opinion", as applicable.

Audits of state and local governments prepared in accordance with GAAP often result in the auditor providing multiple opinions on various opinion units within the financial statements. In situations where there are unmodified opinions on some opinion units and modified opinions on others, multiple boxes should be marked in response to this question.

If the financial statements were not prepared in accordance with GAAP, but were instead prepared in accordance with a special purpose framework as defined in AU-C Section 800 - "Special Considerations - Audits of Financial Statements Prepared in Accordance With Special Purpose Framework", mark "Adverse opinion" for purposes of completing this question and then mark the box which says "Financial statements were not prepared in accordance with GAAP but were prepared in accordance with a special purpose framework".

Items (i), (ii), and (iii) can only be completed if the statements were prepared in accordance with a special purpose framework to provide more information about the special purpose framework and auditor reporting thereon.

(i) What was the special purpose framework used? - Mark the appropriate box to indicate whether the special purpose framework used was a cash, tax, regulatory, contractual, or other basis of accounting using the definitions in AU-C Section 800.

(ii) Was the special purpose framework used as a basis of accounting required by state law? - Mark the appropriate "Yes" or "No" box. Mark "No" if the special purpose framework was permitted by state law but not required.

Note: The response to this question will affect whether an entity can qualify as a low-risk auditee in the two subsequent audit periods (2 CFR 200.520(b)).

(iii) What was the auditor's opinion on the special purpose framework? - Mark any combination of "Unmodified opinion", "Qualified opinion", "Adverse opinion", or "Disclaimer of opinion".

(b) Is a "going concern" emphasis-of-matter paragraph included in the auditor's report? - Mark the appropriate "Yes" or "No" box.

(c) Is a significant deficiency in internal control disclosed? - Mark the appropriate "Yes" or "No" box.

(d) Is a material weakness in internal control disclosed? - Mark the appropriate "Yes" or "No" box.

(e) Is a material noncompliance disclosed? - Mark the appropriate "Yes" or "No" box.

Item 3 - Federal Programs - (Not applicable to Alternative Compliance Examination Engagements).

The information to complete this item is obtained from the opinions on the financial statements and reports in accordance

with GAGAS related to the financial statement audit prepared by the auditor and the Summary Schedule of Prior Audit Findings prepared by the auditee.

(a) Does the auditor's report include a statement that the auditee's financial statements include departments, agencies, or other organizational units expending Federal awards which are not included in this audit? - Mark the appropriate "Yes" or "No" box. According to AICPA Audit Guide "Government Auditing Standards and Single Audits", if the audit of Federal awards did not encompass the entirety of the auditee's operations expending Federal awards, the operations that are not included are identified in a separate paragraph following the first paragraph of the report on major programs.

(b) What is the dollar threshold used to distinguish Type A and Type B programs? - Enter the dollar threshold used to distinguish between Type A and Type B programs as described in 2 CFR 200.518(b)(1), or 2 CFR 200.518(b)(3) when a recalculation of the Type A threshold is required for large loan or loan guarantees. The dollar threshold must be \$750,000 or higher. Round to the nearest whole dollar.

(c) Did the auditee qualify as a low-risk auditee? - Mark the appropriate "Yes" or "No" box (2 CFR 200.520).

(d) Indicate which Federal Agency(ies) have prior audit findings shown in the Summary Schedule of Prior Audit Findings related to direct funding. - List the appropriate Federal agency prefix(es) or enter "None". Include the Federal agency(ies) only if the Summary Schedule of Prior Audit Findings reports the status of any audit findings relating to **direct** Federal awards expended.

Item 4 - Federal Award Audit Findings

The information to complete this item is obtained from the Schedule of Findings and Questioned Costs prepared by the auditor and directly corresponds to the number of audit findings indicated in Part III, Item 1(c). For each audit finding noted in Part III, Item 1(c) the details will be entered in Part III, Item 4. If Part III, Item 1(c) is "0" (zero), no information will appear for that Federal Award in Part III, Item 4. This section is used to collect only Federal award audit findings, not other findings such as findings related to the financial statements.

Row Number from Part II, Item 1 - This number allows each audit finding to correspond to the Assistance Listing line on the SEFA.

(a) Assistance Listing Number - The Assistance Listing number as shown in Part II, Items 1(a) and 1(b) will be auto-generated when Part III, Item 1(c) is greater than zero.

(b) Additional Federal Award Identification - The Additional Federal Award Identification as shown in Part II, Item 1(c) will be auto-generated when Part III, Item 1(c) is greater than zero.

(c) Federal Program Name - The name of the Federal program as shown in Part II, Item 1(d) will be auto-generated when Part III, Item 1(c) is greater than zero.

(d) Amount Expended - The amount expended as shown in Part II, Item 1(e) will be auto-generated when Part III, Item 1(c) is greater than zero.

(e) Audit Finding Reference Number - Enter the audit finding reference number for the audit finding. The required format for the audit finding reference numbers is the four-digit audit year (Part I, Item 1), a hyphen and a three-digit number (e.g., 2019-001, 2019-002, ..., 2019-999). Audit finding reference numbers

on the Form SF-SAC must match those reported in the Schedule of Findings and Questioned Costs and applicable auditor's reports.

(f) Type(s) of Compliance Requirement(s) - Using letters from Part 3 of the Compliance Supplement, or P (for "Other"), list all type(s) of compliance requirement(s) that apply to the audit findings. The Type(s) of Compliance Requirement(s) is the requirement(s) the auditor was testing which generated the audit finding.

Note: Letters from Part 3 of the Compliance Supplement include A-N, excluding D and K. All Types of Compliance Requirements are defined below:

- A. Activities allowed or unallowed
- B. Allowable costs/cost principles
- C. Cash management
- D. Reserved
- E. Eligibility
- F. Equipment and real property management
- G. Matching, level of effort, earmarking
- H. Period of performance (or availability) of Federal funds
- I. Procurement and suspension and debarment
- J. Program income
- K. Reserved
- L. Reporting
- M. Subrecipient monitoring
- N. Special tests and provisions
- O. Other

Type of Audit Finding

Part III, Items 4(g)-(k) are used to capture the type of finding.

Compliance Audit Findings - For respondents performing the SLFRF Alternative Compliance Examination Engagement, information in this section will be based on information identified in the practitioner's examination report and any related Schedule of Findings and Responses.

(g) Modified Opinion - Mark either "Y" for Yes or "N" for No to indicate whether the auditor identified the audit finding in the Report on Compliance for Each Major Federal Program as the basis for a Modified Opinion.

(h) Other Matters - Mark either "Y" for Yes or "N" for No to indicate whether the auditor identified the audit finding in the Report on Compliance for Each Major Federal Program as a compliance audit finding in the Other Matters section of the report.

Internal Control Audit Findings

(i) Material Weakness - Mark either "Y" for Yes or "N" for No to indicate whether the auditor identified the audit finding in the Report on Internal Control over Compliance as a Material Weakness.

(j) Significant Deficiency - Mark either "Y" for Yes or "N" for No to indicate whether the auditor identified the audit finding in the Report on Internal Control over Compliance as a Significant Deficiency.

(k) Other Audit Findings - Mark "Y" for Yes if "N" is marked in all four columns (g), (h), (i), and (j). Mark "N" for No if "Y" is marked in any of the columns (g), (h), (i), or (j).

The following chart shows the nine different possible combinations of findings for columns (g) through (k).

	(g)	(h)	(i)	(j)	(k)
	Compliance Audit Findings		Internal Control Audit Findings		Other Audit Findings
	Modified Opinion	Other Matters	Material Weakness	Significant Deficiency	
	Y/N	Y/N	Y/N	Y/N	
1	Y	N	N	N	N
2	Y	N	Y	N	N
3	Y	N	N	Y	N
4	N	Y	N	N	N
5	N	Y	Y	N	N
6	N	Y	N	Y	N
7	N	N	Y	N	N
8	N	N	N	Y	N
9	N	N	N	N	Y

(l) Questioned Costs - Mark either "Y" for Yes or "N" for No to indicate whether there were any Questioned Costs related to the audit finding. If questioned costs exist but the amount cannot be determined, mark "Y".

Repeat Audit Finding

(m) Repeat Audit Finding from Prior Year - Mark either "Y" for Yes or "N" for No to indicate whether the audit finding is a repeat of an audit finding from the immediate prior audit.

(n) If Repeat Finding, provide Prior Year Audit Finding Reference Number(s) - If "Y" was marked for repeat finding, enter all applicable audit finding reference numbers from the immediate prior audit (2 CFR 200.516(b)(8) and (c)) for repeat findings.

Item 5 - Text of the Audit Findings

For those filing a Single Audit, the information to complete this item is obtained from the Schedule of Findings and Questioned Costs prepared by the auditor and directly corresponds to the audit finding reference numbers entered in Part III, Item 4(e). Practitioners performing the SLFRF Alternative Compliance Examination Engagement will complete this item based on information in the examination report and Schedule of Findings and Responses, if applicable.

If a finding relates to more than one program, the text of the audit finding must only be entered once by audit finding reference number.

Note: If the auditee qualified as an Indian Tribe or Tribal Organization (as defined in the Indian Self-Determination, Education and Assistance Act (ISDEAA), 25 U.S.C 5304) and opts not to authorize the FAC to make the reporting package publicly available, the information in Part III, Item 5 will not be publicly displayed on the Form SF-SAC. Instead, the text "Exemption for Indian Tribes" will be displayed in Part III, Item 5(b) for each audit finding reference number.

Note: Due to formatting restrictions in the FAC database, the text input in this item may not convey the full meaning of the audit finding. Users should refer to the reporting package to view the text as it was intended. Text is limited to 30,000 characters per finding.

(a) Audit Finding Reference Number - Each unique audit finding reference number entered in Part III, Item 4(e) for all audit findings entered will be auto-generated in Part III, Item 5(a).

(b) Audit Finding Text - Enter the full, detailed text, including any header information (such as title, Federal program name,

and Federal award identification information) and the auditee's response(s) (as required by GAGAS), of the audit finding exactly as it appears in the Schedule of Findings and Questioned Costs, excluding charts, tables, or footnotes. You may copy and paste this text directly from the reporting package.

Note: If there are any charts or tables within the text, enter "See Schedule of Findings and Questioned Costs for chart/table" in place of the chart or table within the text. The rest of the text is required to be entered. Do not enter "See reporting package" in lieu of the text of the audit finding. If there are any footnotes within the text, enter "See Schedule of Findings and Questioned Costs for footnote" at the end of the finding text in place of any footnotes.

Note: If the text of the finding is presented in a summarized format with a reference to a related finding (e.g., see 2 CFR 200.515(d)(3)(ii)), enter the text of the summarized finding as it appears in the Schedule of Findings and Questioned Costs.

PART IV: CORRECTIVE ACTION PLAN

This section is completed by the auditee.

The information to complete this part is obtained from the Corrective Action Plan prepared by the auditee and directly corresponds to the audit finding reference numbers entered in Part III, Item 4(e).

If a finding relates to more than one program, the text of the corrective action plan must only be entered once by audit finding reference number.

Note: If the auditee qualified as an Indian Tribe or Tribal Organization (as defined in the Indian Self-Determination, Education and Assistance Act (ISDEAA), 25 U.S.C 5304) and opts not to authorize the FAC to make the reporting package publicly available, the information in Part IV will not be publicly displayed on the Form SF-SAC. Instead, the text "Exemption for Indian Tribes" will be displayed in Part IV, Item 2 for each audit finding reference number.

Note: Due to formatting restrictions in the FAC database, the text input in this item may not convey the full meaning of the CAP. Users should refer to the reporting package to view the text as it was intended. Text is limited to 10,000 characters for each finding reference number.

Item 1 - Audit Finding Reference Number - Each unique audit finding reference number entered in Part III, Item 4(e) for all audit findings entered will be auto-generated in Part IV, Item 1.

Item 2 - Text of the Corrective Action Plan - Enter the full, detailed text, including any header information (such as name of contact person responsible for corrective action and anticipated completion date), of the corrective action plan exactly as it appears in the Corrective Action Plan, excluding charts, tables, or footnotes. You may copy and paste this text directly from the reporting package.

Note: If there are any charts or tables within the text, enter "See Corrective Action Plan for chart/table" in place of the chart or table within the text. The rest of the text is required to be entered. Do not enter "See reporting package" in lieu of the text of the corrective action plan. If there are any footnotes within the text, enter "See Corrective Action Plan for footnote" at the end of the Corrective Action Plan text in place of any footnotes.

PART V: CERTIFICATIONS

If the auditee qualified as an Indian Tribe or Tribal Organization (as defined in the Indian Self-Determination, Education and Assistance Act (ISDEAA), 25 U.S.C 5304) and opts not to authorize the FAC to make the reporting package publicly available, use Part V, Item 1 - Auditee Certification Statement (Indian Tribe).

Note: A senior representative of the auditee includes state controller, director of finance, chief executive officer, chief financial officer, etc.

Item 1 - Auditee Certification Statement

A senior representative of the auditee electronically "signs" the certification statement below as required by 2 CFR 200.512(b)(1). All check boxes must be marked to complete certification.

I certify that, to the best of my knowledge and belief, the auditee has:

- ensured that the Form SF-SAC data and reporting package do not include protected personally identifiable information (Protected PII)¹, **or if they do**, the Federal Audit Clearinghouse (FAC) is authorized to publicly post all information contained in the Form SF-SAC data and the reporting package;
- ensured that the Form SF-SAC data and reporting package do not include business identifiable information (BII)², **or if they do**, the FAC is authorized to publicly post all information contained in the Form SF-SAC data and the reporting package;
- complied with the requirements of 2 CFR Part 200 Subpart F specific to the auditee;
- prepared the data in this Form SF-SAC in accordance with 2 CFR Part 200 Subpart F and the accompanying instructions to this Form SF-SAC;
- included all information required to be reported in this Form SF-SAC in its entirety and such information is accurate and complete;
- engaged an auditor to perform an audit in accordance with 2 CFR Part 200 Subpart F for the period described in Part I, Items 1 and 3;
- ensured the auditor has completed such audit and issued the signed audit report required by 2 CFR 200.515 which states that the audit was conducted in accordance with the audit requirements of the Uniform Guidance; and
- authorized the FAC to make the Form SF-SAC data and reporting package publicly available on a website.

¹ 2 CFR 200.79 and 2 CFR 200.82

² BII consists of information defined in the Freedom of Information Act (FOIA) as "trade secrets and commercial or financial information obtained from a person [that is] privileged or confidential" (5 U.S.C.552(b)(4)). This information is exempt from automatic release under the (b)(4) FOIA exemption. "Commercial" is not confined to records that reveal "basic commercial operations" but includes any records or information in which the submitter has a commercial interest, and can include information submitted by a nonprofit entity.

Item 1 - Auditee Certification Statement (Indian Tribe)

A senior representative of the Indian Tribe or Tribal Organization electronically “signs” the certification statement below as required by 2 CFR 200.512(b)(1) and (2). All check boxes must be marked to complete certification.

I certify that, to the best of my knowledge and belief, the auditee has:

- qualified as an Indian Tribe or Tribal Organization¹ and opts not to authorize the Federal Audit Clearinghouse (FAC) to make the reporting package publicly available²;
- ensured that the Form SF-SAC data and reporting package do not include protected personally identifiable information (Protected PII)³, **or if they do**, the FAC is authorized to publicly post all information contained in the Form SF-SAC data, except the texts entered in Part II, Item 2, Part III, Item 5(b) and Part IV, Item 2;
- ensured that the Form SF-SAC data and reporting package do not include business identifiable information (BII)⁴, **or if they do**, the FAC is authorized to publicly post all information contained in the Form SF-SAC data, except the texts entered in Part II, Item 2, Part III, Item 5(b) and Part IV, Item 2;
- complied with the requirements of 2 CFR Part 200 Subpart F specific to the auditee;
- prepared the data in this Form SF-SAC in accordance with 2 CFR Part 200 Subpart F and the accompanying instructions to this Form SF-SAC;
- included all information required to be reported in this Form SF-SAC in its entirety and such information is accurate and complete;
- engaged an auditor to perform an audit in accordance with 2 CFR Part 200 Subpart F for the period described in Part I, Items 1 and 3;
- ensured the auditor has completed such audit and issued the signed audit report required by 2 CFR 200.515 which states that the audit was conducted in accordance with the audit requirements of the Uniform Guidance; and
- authorized the FAC to make the Form SF-SAC data, except the texts entered in Part II, Item 2, Part III, Item 5(b) and Part IV, Item 2, publicly available on a website.

¹ As defined in the Indian Self-Determination, Education and Assistance Act (ISDEAA), 25 U.S.C 5304

² Tribes selecting this option must submit the reporting package to pass-through entities as described in 2 CFR 200.512(b)(2)

³ 2 CFR 200.79 and 2 CFR 200.82

⁴ BII consists of information defined in the Freedom of Information Act (FOIA) as “trade secrets and commercial or financial information obtained from a person [that is] privileged or confidential” (5 U.S.C.552(b)(4)). This information is exempt from automatic release under the (b)(4) FOIA exemption. “Commercial” is not confined to records that reveal “basic commercial operations” but includes any records or information in which the submitter has a commercial interest, and can include information submitted by a nonprofit entity.

Item 2 - Auditor Statement

The auditor must electronically “sign” the statement below as required by 2 CFR 200.512(b)(3). All check boxes must be marked to complete “signature”.

I acknowledge that:

- the data elements and information included in this Form SF-SAC are limited to those prescribed by the Office of Management and Budget;
- the information in Part II of this Form SF-SAC is the responsibility of the auditee and is based on information included in the reporting package required by the Uniform Guidance;
- the information included in Part III of this Form SF-SAC, except for Item 3(d) and Items 4(a)-(d) (when there are audit findings), was transferred by the auditor from the auditor’s report(s) for the period described in Part I, Items 1 and 3, and is not a substitute for such reports;
- the auditor has not performed any auditing procedures since the date of the auditor’s report(s) or any additional auditing procedures in connection with the completion of this Form SF-SAC; and
- a copy of the reporting package required by the Uniform Guidance, which includes the complete auditor’s report(s), may be made available by the Federal Audit Clearinghouse (FAC) on the FAC website or from the auditee at the address listed in Part I of this Form SF-SAC.
