

National Credit Union Administration

§ 741.11

(2) Assumption of deposits, shares or liabilities as rollovers or transfers of member retirement accounts or in which a federally insured credit union perfects a security interest in connection with an extension of credit to any member.

(3) Purchases of assets, including loans, or assumptions of deposits, shares, or liabilities by any credit union insured by the NCUSIF from another credit union insured by the NCUSIF, except a purchase or assumption as a part of a merger under part 708b; or

(4) Purchases of loan participations as defined in and meeting the requirements of § 701.22 of this chapter.

(c) A credit union seeking approval under paragraph (a) of this section must submit a request for approval to the appropriate regional director. The request must state the nature of the transaction and include copies of all relevant transaction documents. The regional director will approve or disapprove the request as soon as possible depending on the complexity of the proposed transaction. Credit unions should submit a request for approval in sufficient time to close the transaction.

[70 FR 75725, Dec. 21, 2005, as amended at 75 FR 34622, June 18, 2010; 78 FR 32545, May 31, 2013; 78 FR 37958, June 25, 2013; 84 FR 1608, Feb. 5, 2019]

§ 741.9 Uninsured membership shares.

Any credit union that is insured pursuant to title II of the Act may not offer membership shares that, due to the terms and conditions of the account, are not eligible for insurance coverage. This prohibition does not apply to shares that are uninsured solely because the amount is in excess of the maximum insurance coverage provided pursuant to part 745 of this chapter.

§ 741.10 Disclosure of share insurance.

Any credit union which is insured pursuant to title II of the Act and is permitted by state law to accept nonmember shares or deposits from sources other than other credit unions and public units (or, for low-income designated credit unions, any nonmembers), shall identify such nonmember

accounts as nonmember shares or deposits on any statement or report required by the NCUA Board for insurance purposes. Immediately after a state-chartered credit union receives notice from NCUA that its member accounts are federally insured, the credit union shall advise any present nonmember share and deposit holders by letter that their accounts are not insured by the NCUSIF. Also, future nonmember share and deposit fund holders will be so advised by letter as they open accounts.

§ 741.11 Foreign branching.

(a) *Application and prior NCUA approval required.* Any credit union insured under title II of the Act must apply for and receive approval from the regional director before establishing a credit union branch outside the United States unless the foreign branch is located on a United States military installation or embassy outside the United States. The regional director will have 60 days to approve or deny the request.

(b) *Contents of application.* The application must include a business plan, written approval by the state supervisory agency if the applicant is a state-chartered credit union, and documentation evidencing written permission from the host country to establish the branch that explicitly recognizes NCUA's authority to examine and take any enforcement action, including conservatorship and liquidation actions.

(c) *Contents of business plan.* The written business plan must address the following:

(1) Analysis of market conditions in the area where the branch is to be established;

(2) The credit union's plan for addressing foreign currency risk;

(3) Operating facilities, including office space/equipment and supplies;

(4) Safeguarding of assets, bond coverage, insurance coverage, and records preservation;

(5) Written policies regarding the branch (shares, lending, capital, charge-offs, collections);

(6) The field of membership or portion of the field of membership to be served through the foreign branch and the financial needs of the members to

§741.12

12 CFR Ch. VII (1–1–20 Edition)

be served and services and products to be provided;

(7) Detailed *pro forma* financial statements for branch operations (balance sheet and income and expense projections) for the first and second year including assumptions;

(8) Internal controls including cash disbursement procedures for shares and loans at the branch;

(9) Accounting procedures used to identify branch activity and performance; and

(10) Foreign income taxation and employment law.

(d) *Revocation of approval.* A State regulator that revokes approval of the branch office must notify NCUA of the action once it issues the notice of revocation. The regional director may revoke approval of the branch office for failure to follow the business plan in a material respect or for substantive and documented safety and soundness reasons. If the regional director revokes the approval, the credit union will have six months from the date of the revocation letter to terminate the operations of the branch. The credit union can request reconsideration of the revocation and/or appeal this revocation to the NCUA Board in accordance with the procedures set forth in subpart B to part 746 of this chapter.

(e) *Insurance coverage.* Accounts at foreign branches are insured by the NCUSIF only if denominated in U.S. dollars and only if payable, by the terms of the account agreement, at a U.S. office of the credit union. If the host country requires insurance from its own system, accounts will not be insured by the National Credit Union Share Insurance Fund.

[68 FR 23030, Apr. 30, 2003, as amended at 82 FR 50294, Oct. 30, 2017]

§741.12 Liquidity and contingency funding plans.

(a) Any credit union insured pursuant to Title II of the Act that has assets of less than \$50 million must maintain a basic written policy that provides a credit union board-approved framework for managing liquidity and a list of contingent liquidity sources that can be employed under adverse circumstances.

(b) Any credit union insured pursuant to Title II of the Act that has assets of \$50 million or more must establish and document a contingency funding plan (CFP) that meets the requirements of paragraph (d) of this section.

(c) In addition to the requirement specified in paragraph (b) of this section to establish and maintain a CFP, any credit union insured pursuant to Title II of the Act that has assets of \$250 million or more must establish and document access to at least one contingent federal liquidity source for use in times of financial emergency and distressed economic circumstances. These credit unions must conduct advance planning and periodic testing to ensure that contingent funding sources are readily available when needed. A credit union subject to this paragraph may demonstrate access to a contingent federal liquidity source by:

(1) Maintaining regular membership in the Central Liquidity Facility (Facility), as described in part 725 of this chapter;

(2) Maintaining membership in the Facility through an Agent, as described in part 725 of this chapter; or

(3) Establishing borrowing access at the Federal Reserve Discount Window by filing the necessary lending agreements and corporate resolutions to obtain credit from a Federal Reserve Bank pursuant to 12 CFR part 201.

(d) *Contingency Funding Plan:* A credit union must have a written CFP commensurate with its complexity, risk profile, and scope of operations that sets out strategies for addressing liquidity shortfalls in emergency situations. The CFP may be a separate policy or may be incorporated into an existing policy such as an asset/liability policy, a funds management policy, or a business continuity policy. The CFP must address, at a minimum, the following:

(1) The sufficiency of the institution's liquidity sources to meet normal operating requirements as well as contingent events;

(2) The identification of contingent liquidity sources;

(3) Policies to manage a range of stress environments, identification of
