SUPPLEMENTARY INFORMATION:

The electronic mail distribution process for NRC public documents was first utilized by NRR for operating

power reactor correspondence. The electronic mail distribution process distributes publicly available documents generated by the NRC/NRR/DANU staff to individuals who are subscribed to GovDelivery. GovDelivery does not provide notice of documents generated by external parties, or NRC documents that contain proprietary, security-related, safeguards, or other information that is withheld from public disclosure.

The NRC/NRR/DANU staff implemented the electronic mail distribution via GovDelivery for NPUFs on April 13, 2023. Individuals may subscribe to receive applicable NPUF correspondence by following these steps: (1) Go to the NRC's public website at www.nrc.gov; (2) click on "Email Updates" in the upper right-hand corner; (3) scroll down to the "GovDelivery Subscription Services" section; (4) click on the "GovDelivery" link; (5) enter the requested email address and click "Submit"; (6) follow the prompts to confirm the email address and add an optional password; (7) check the box to consent to the NRC's data privacy policy for using its public website and click "Submit"; (8) once completed, a list of "Subscription Topics" will be displayed; choose "Non-Power Production and Utilization Facilities (NPUFs)," check/uncheck the box(es) for specific topics, and click "Submit" to subscribe.

Once subscribed, subscribers will receive an email confirmation from the NRC with instructions for managing their NRC GovDelivery subscription, including how to change their email address and how to unsubscribe. Subscribers are responsible for ensuring that NRC GovDelivery is updated with their current email address.

The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on March 31, 2023 (88 FR 19332).

1. *The title of the information collection:* IAEA Design Information Questionnaire Forms.
2. *OMB approval number:* 3150-0056.

3. *Type of submission:* Extension.
4. *The form number, if applicable:* Not applicable.
5. *How often the collection is required or requested:* On occasion.
6. *Who will be required or asked to respond:* Licensees of facilities on the U.S. eligible list who have been notified in writing by the NRC to submit the form.
7. *The estimated number of annual responses:* 2.
8. *The estimated number of annual respondents:* 2.
9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 360.

10. **Abstract:** In order for the U.S. to fulfill its responsibilities as a participant in the U.S./International Atomic Energy Agency (IAEA) Safeguards Agreement, the NRC must collect information from licensees about their installations and provide it to the IAEA, if requested by the IAEA. Licensees of facilities that appear on the U.S. eligible list and have been notified in writing by the NRC are required to complete and submit a Design Information Questionnaire to provide information concerning their installation for use by the IAEA.
