VETERINARY CERTIFICATE FOR THE EXPORT OF GELDINGS FROM THE NETHERLANDS TO THE UNITED STATES OF AMERICA

I. IDENTIFICATION OF THE HORSES

Product no.	Name of the horse*	Identification no.	Breed	Color

Product no.	Sex	Distinctive markings	Date of birth

II. ORIGIN OF THE HORSES

Product no.	Name and address of the premises of residency immediately prior to export

Product no.	Name and address of the premises of origin

Name and address of the exporter :
Port of embarkation :

III. DESTINATION OF THE HORSES

Means of conveyance :
Identification of the means of :
conveyance
U.S. Port of arrival/Entry point :
Name and address of the consignee :

IV. HEALTH ATTESTATION

This is to certify that on _____ (date), I examined the horse identified above:

- The horse was in the country of export for the last 60 days immediately preceding exportation to the United States⁽¹⁾. If residing in the country for less than 60 days, the horse is accompanied by a like health certificate issued by a salaried veterinary officer of the national government of each country in which the horse has been during the 60 days immediately preceding shipment to the United States, with the residency dates spent in each country specified⁽²⁾;
- Has been inspected and found to be free of contagious diseases and, insofar as can be determined, not exposed to communicable diseases immediately preceding exportation, or if applicable, during the indicated period of residency in any of the countries listed;
- Has not been vaccinated with a live, attenuated or inactivated vaccine during the 14 days immediately preceding exportation;
- Has not been on premises where African horse sickness, dourine, glanders, surra, epizootic lymphangitis, ulcerative lymphangitis, equine piroplasmosis, equine infectious anemia (EIA), contagious equine metritis (CEM), vesicular stomatitis, or Venezuelan equine encephalomyelitis has occurred during the 60 days in the countries where the horse has resided immediately preceding exportation, nor have these diseases occurred on any adjoining premises during the same period of time;
- Has been examined and found to be free of ectoparasites.

Notes:

- * Clear identifications must accompany this certificate: photographs, microchip, and/or a silhouette indicating markings. A passport identifying the horse may be attached to this certificate provided that the passport number is included.
- (1) The health certificate from the final country that the horse resides in immediately prior to export must be endorsed by the examining veterinarian and the salaried veterinary officer of the national government of the country of export or can be endorsed solely by the salaried veterinary officer of the national government of the exporting country if they are also the examining veterinarian.
- (2) If the horse is residing in a European Union member state other than the member state of export during the 60 days immediately preceding shipment to the United States, then the horse can be accompanied by a like health certificate issued by an examining veterinarian of each member state, with the residency dates spent in each member state specified.
