

Dated: October 2, 2023.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

Appendix

Companies/Company Groupings for Which the Administrative Review Is Being Rescinded

1. Dongguan Chengcheng Furniture Co., Ltd.
2. Eurosa (Kunshan) Co., Ltd.; Eurosa Furniture Co., (PTE) Ltd.
3. Golden Lion International Trading Ltd.; Shenzhen Jiafa High Grade Furniture Co., Ltd.
4. Golden Well International (HK), Ltd.
5. Guangzhou Maria Yee Furnishings Ltd.; Pyla HK Ltd.
6. Jiangmen Kinwai International Furniture Co., Ltd.
7. Jiangmen Kinwai Furniture Decoration Co., Ltd.
8. Jiangsu Xiangsheng Bedtime Furniture Co., Ltd.
9. Jiangsu Yuexing Furniture Group Co., Ltd.
10. Nanhai Jiantai Woodwork Co. Ltd.; Fortune Glory Industrial, Ltd. (HK Ltd.)
11. Perfect Line Furniture Co., Ltd.
12. PuTian JingGong Furniture Co., Ltd.
13. Shenyang Shining Dongxing Furniture Co., Ltd.
14. Shenzhen New Fudu Furniture Co., Ltd.
15. Shenzhen Wonderful Furniture Co., Ltd.
16. Tradewinds Furniture Ltd. (successor-in-interest to Nanhai Jiantai Woodwork Co.); Fortune Glory Industrial Ltd. (H.K. Ltd.)
17. Wuxi Yushea Furniture Co., Ltd.
18. Yeh Brothers World Trade Inc.
19. Zhangjiagang Daye Hotel Furniture Co. Ltd.
20. Zhangzhou Guohui Industrial & Trade Co. Ltd.
21. Zhangzhou XYM Furniture Product Co., Ltd.
22. Zhejiang Tianyi Scientific & Educational Equipment Co., Ltd.
23. Zhongshan Fookyik Furniture Co., Ltd.
24. Zhongshan Golden King Furniture Industrial Co., Ltd.
25. Zhoushan For-Strong Wood Co., Ltd.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Analysis of and Participation in Ocean Exploration Video Products

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication

of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on June 21, 2023 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration (NOAA), Commerce.

Title: Analysis of and Participation in Ocean Exploration Video Products.

OMB Control Number: 0648-0748.

Form Number(s): None.

Type of Request: Regular submission (revision of a current information collection).

Number of Respondents: 4,100 total (3,100 unique respondents).

Average Hours per Response: 10 minutes.

Burden Hours: 714.

Needs and Uses: NOAA Ocean Exploration (OER) is the only federal organization dedicated to ocean exploration. By using unique capabilities in terms of personnel, technology, infrastructure, and exploration missions, OER is reducing unknowns in deep-ocean areas and providing high-value environmental intelligence needed by NOAA and the nation to address both current and emerging science and management needs. Through live video and data streams, online coverage, training opportunities, and events, we allow scientists, resource managers, students, members of the general public, and others to actively experience ocean exploration, allowing broader scientific participation, and cultivating the next generation of ocean explorers, and engaging the public in exploration activities. To better understand our ocean, our office makes exploration data available to the public. This allows us, collectively, to more effectively maintain ocean health, sustainably manage our marine resources, accelerate our national economy, and build a better appreciation of the value and importance of the ocean in our everyday lives. It is only through leveraging resources internally and externally that we can truly achieve our mission.

Since the inception of NOAA's exploration program in 2001, OER data management has been guided by the 2000 President's Panel Report recommendations which prioritized rapid and unrestricted data sharing as one of five critical exploration program components. More recently, Public Law

111-11 [Section XII Ocean Exploration] reinforced and expanded OER data management objectives, continuing to stress the importance of sharing unique exploration data and information to improve public understanding of the oceans, and for research and management purposes.

Telepresence satellite communication from the ship to shore brings the unknown ocean to the screens of both scientists and the general public in their homes, schools or offices in near real time. With technology constantly evolving, it is important to address the needs of the shore-based scientists and public to maintain a high level of participation. We use voluntary surveys to identify the needs of users of data, best approaches to leverage expertise of shore-based participants for meaningful public engagement focused on ocean exploration.

The five forms used to collect information are as follows: (1) Sailing Contact Information. This form is sent to the few scientists that directly sail on NOAA Ship *Okeanos Explorer*. The ship's operational officer needs certain information such as: if a sailing individual has securely submitted their proper medical documents to NOAA's Office of Marine and Aviation Operations; if the person is up to date with required security documents, such as a passport, if the ship is traveling to a foreign port; any dietary restrictions so that the person will be served food that is safe. (2) *Okeanos Explorer* Participation Assessment. This voluntary form is sent to the scientists that sailed on or participated remotely in any *Okeanos Explorer* cruise funded by OER to record any feedback they wish to provide to the office about their experience. The office uses their feedback in assessments for improving the utility and experience of these scientific guests sailing on the *Okeanos Explorer*. (3) EX Collaboration Tools Feedback. This voluntary form is sent to members of the marine scientific community at the beginning of a fiscal year to ask if members would like to participate in any of the upcoming cruises and to what degree, such as simply asking to be included in emailed updates or if they want to be on a direct line to the ship for remotely operated vehicle dive operations. (4) Citizen Scientist. This voluntary form is available to general members of the public and is used for members to improve the annotation efforts when watching short video clips of 30 seconds to 5 minutes. (5) Science Lead Interest. This voluntary form will be used to solicit interest from the scientific community to serve as a Science Lead

on one of NOAA Ocean Exploration's expeditions.

The first forms described above will include minor revisions, and the fifth form is a new addition. The Sailing Contact Information form will be revised to include updated informational attachments (e.g., links to updated COVID guidance, medical clearance, underwater cultural heritage protocols) and updated expedition names and dates for a given calendar year. The *Okeanos Explorer* Participation Assessment will be revised to replace some technical/scientific questions with questions that relate to communication, leadership, and workplace climate. The EX Collaboration Tools form will be revised to include updated informational attachments (e.g., underwater cultural heritage protocols) and updated expedition names and dates for a calendar year. The Citizen Scientist form will be updated for expedition names and dates for a calendar year.

Affected Public: Targeted towards the greater ocean exploration community; Individuals or households; business or other for-profit organizations; not-for-profit institutions; Federal government.

Frequency: EX Collaboration Tools Feedback: annually; all other forms are on occasion.

Respondent's Obligation: Sailing Contact Information: Required to obtain or retain benefits; all other forms are voluntary.

Legal Authority: Public Law 111-11 [Section XII Ocean Exploration].

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0648-0748.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Under Secretary for Economic Affairs, Commerce Department.

BILLING CODE 3510-KD-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XD371]

Pacific Islands Pelagic Fisheries; American Samoa Longline Limited Entry Program

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; availability of permits.

SUMMARY: NMFS announces that 25 American Samoa pelagic longline limited entry permits in 2 permit size classes are available for 2023. NMFS is accepting applications for these available permits.

DATES: NMFS must receive complete permit applications including payment by February 5, 2024.

ADDRESSES: Download a blank application from the NOAA Fisheries website: <https://www.fisheries.noaa.gov/permit/american-samoa-longline-limited-entry-permit>. Submit your application and pay the processing fee electronically per instructions at <https://www.fisheries.noaa.gov/pacific-islands/commercial-fishing/apply-pacific-islands-fishing-permit>.

FOR FURTHER INFORMATION CONTACT: Walter Ikehara, NMFS Pacific Islands Regional Office (PIRO), Sustainable Fisheries, tel 808-725-5175 or email PIRO-permits@noaa.gov.

SUPPLEMENTARY INFORMATION: Federal regulations at 50 CFR 665.816 allow NMFS to re-issue permits for the American Samoa pelagic longline limited entry program if the number of permits falls below the maximum allowed. At least 25 permits are available for issuance in the following permit size classes, as follows:

- 17 in Small (vessels up to 50 feet or 15.24 meters in overall length); and
- 8 in Large (vessels overall length 50 feet or 15.24 meters and longer).

Please note that the number of available permits may change before the application period closes. Applicants must specify the permit size class (one only) for which they are applying on the application form.

If there are more applications than available permits in a particular size class, the Regional Administrator shall issue permits to persons according to the following priority standard:

(i) Priority accrues to the person with the earliest documented participation in the pelagic longline fishery in the Exclusive Economic Zone (EEZ) around

American Samoa from smallest to largest vessel; and

(ii) In the event of a tie in the priority ranking between two or more applicants, the applicant whose second documented participation in the pelagic longline fishery in the EEZ around American Samoa is first in time will be ranked first in priority. If there is still a tie between two or more applicants, the Regional Administrator will select the successful applicant by an impartial lottery.

NMFS will only consider complete applications, which must include the completed and signed application form, copy of current United States Coast Guard Certificate of Documentation or state or territory vessel registration, evidence of documented participation in the fishery if needed for prioritization, and non-refundable payment of the application processing fee. Incomplete applications may be abandoned 30 days after receipt if deficiencies are not addressed.

Documented participation means participation proved by, but not necessarily limited to, a properly submitted NMFS or American Samoa logbook, an American Samoa creel survey record, a delivery or payment record from an American Samoa-based cannery, retailer or wholesaler, an American Samoa tax record, an individual wage record, ownership title, vessel registration, or other official documents showing:

(i) Ownership of a vessel that was used to fish in the EEZ around American Samoa; or

(ii) Evidence of work on a fishing trip during which longline gear was used to harvest western Pacific pelagic management unit species in the EEZ around American Samoa. If the applicant does not possess the necessary documentation of evidence of work on a fishing trip based on records available only from NMFS or the Government of American Samoa (e.g., creel survey record or logbook), the applicant may issue a request to PIRO to obtain such records from the appropriate agencies, if available. The applicant should provide sufficient information on the fishing trip to allow PIRO to retrieve the records.

If an applicant requests NMFS, in writing, to use NMFS longline logbook data as evidence of documented participation, the applicant must specify the qualifying vessel, official number, and month and year of the logbook records. NMFS will not conduct an unlimited search for records.

NMFS must receive applications by February 5, 2024 to be considered for a permit (see **ADDRESSES**). NMFS will not
