

Produce Safety Cooperative Agreement Program
Educational Needs Assessment

An educational needs assessment is required to be completed prior to the development of any new trainings and/or materials to conduct education, outreach, and/or technical assistance using funding under this CAP. The grantee should inform their FDA Project Manager before initiating an educational needs assessment. Once it is determined to submit an Educational Needs Assessment, you will complete this excel sheet as your educational needs assessment.

Save this form locally and often using "StateAbbrev_last4 digits FAIN#_YYYYMMDD_Education Needs Assessment" filename.

Upload your completed educational needs assessment to your ORAPP folder in the designated folder for educational needs assessment submissions, along with any supporting materials, and notify your Project Manager. Within 30 work days of submission of a completed Educational Needs Assessment, you will receive a response from your OP Project Manager as to whether your proposed project was approved.

Within 30 work days of submission of a completed Educational Needs Assessment, you will receive a response from the Project Manager.

What need does this project address?	Target audience	Provide details on how will you use use this project to accomplish CAP objectives once it's developed.	Mechanism for project dissemination to target audience
<p>ie: audience/why/how it ties to PSR section for example: plain farmers need access to non electronic source in the form of a fact sheet that describes application of biological soil amendment application in the Fall months</p>	<p>commodity specific/ covered farm or business size/ culturally adapted/ regionally specific</p>	<p>ex: Subawardee will develop written training curriculum and demonstration will be used to train regional extension personnel and farmers on the techniques, frequency and documentation for cleaning and sanitizing of wet packline equipment. Tomatoes, apples, cantaloupes will all be highlighted. Contractor will be used to video the trainings for broad sharing/availability.</p>	<p>email/ mailed/ website/ phone/ in person (1:1)/ in person (group setting)/ virtual offering</p>

Using funding under this CAP. The grantee should inform their FDA Project Manager before initiating an educational needs assessment. For an educational Needs Assessment for a project that was previously not approved, keep your original submission information in File Manager. For information from your OP Project Manager as to whether your proposed project was approved. For transparency, a log of submitted Educational Needs Assessments.

Mechanism for sharing the project externally for other produce programs to use	What subpart(s) (A-Q) of the PSR does the project address?	If applicable, what citation number of the PSR does the project address?	What data do you have that supports the need for this project?
email/ mailed/ website/ phone/ in person (1:1)/ in person (group setting)/ virtual offering	include PSR subpart	include PSR citation	feedback/questions/ observations from PSA trainings, or OFRRs, or Inspections, Technical Assistance, etc.

assessment. Once it is determined to submit an Educational Needs Assessment, you will complete Row 4 and add your revised submission information in Row 5. Upload your completed educational Needs Assessments will be maintained on FoodSHIELD (<https://www.foodshield.org/r>)

Did you search/research existing resources that may address your need?	If Column O = yes, what existing resource(s) did you review that did not meet your need?	How will your project be reviewed for PSR alignment prior and during development?	What is the proposed date your project will be complete? Note: It is expected that completed projects will be available for broad sharing with CAP partners.
yes no	reviewed clearinghouse/ reviewed websites (FDA, PSA, regional center, etc.)/ contacted PSN, extension, regional center, etc.	PSN/ Other peer review/ Regional Center	mm/yyyy

this excel sheet as your educational needs needs assessment to your ORAPP folder in the member/workgroups/file.cfm?

Project Budget and Budget Justification	How will you evaluate the effectiveness of the project?
personnel costs/material cost	inspection data/ OFRR data/ technical assistance inquiry
