Background and Introduction

CMS has authority to establish reporting requirements for Medicare Advantage Organizations (MAOs) as described in 42CFR §422.516 (a). Pursuant to that authority, each MAO must have an effective procedure to develop, compile, evaluate, and report information to CMS in the time and manner that CMS requires. Additional regulatory support for the Medicare Part C Reporting Requirements is also found in the Final Rule entitled "Medicare Program; Revisions to the Medicare Advantage and Prescription Drug Program" (CMS 4131-F).

All Part C Reporting Requirements documents will be posted at: https://www.cms.gov/Medicare/Health-Plans/HealthPlansGenInfo/ReportingRequirements.html CMS believes providing these separate instructions will better serve the organizations reporting these data, while satisfying the Paperwork Reduction Act requirements.

Organizations for which these specifications apply are required to collect these data. Reporting will vary depending on the plan type and reporting section. Most reporting sections will be reported annually.

The following data elements listed directly below are considered proprietary, and CMS considers these as not subject to public disclosure under provisions of the Freedom of Information Act (FOIA): *

• Employer DBA and Legal Name, Employer Address, Employer Tax Identification Numbers (Employer Group Sponsors)

*Under FOIA, Plans may need to independently provide justification for protecting these data if a FOIA request is submitted.

In order to provide guidance to Part C Sponsors on the actual process of entering reporting requirements data into the Health Plan Management System, a separate Health Plan Management System (HPMS) Plan Reporting Module (PRM) User Guide may be found on the PRM start page.

REPORTING SECTIONS

Grievances

According to MMA statute, all Medicare Advantage organizations must provide meaningful procedures for hearing and resolving grievances between enrollees, and the organization or any other entity or individual through which the organization provides health care services under any MA plan it offers. A grievance is any complaint or dispute, other than one that constitutes an organization determination, expressing dissatisfaction with any aspect of an MA organization's or provider's operations, activities, or behavior, regardless of whether remedial action is requested. MA organizations are required to notify enrollees of their decision no later than 30 days after receiving their grievance based on the enrollee's health condition. An extension up to 14 days is allowed if it is requested by the enrollee, or if the organization needs additional information and documents that this extension is in the interest of the enrollee. An expedited grievance that involves refusal by a MA organization to process an enrollee's request for an expedited organization determination or reconsideration requires a response from the MA organization within 24 hours.

CMS provides guidance for MAOs and Part D sponsors' processing of enrollment and disenrollment requests.

CMS will collect data on the elements for these requirements, which are otherwise not available to CMS, in order to evaluate the sponsor's processing of enrollment, disenrollment and reinstatement requests in accordance with CMS requirements. For example, while there are a number of factors that result in an individual's eligibility for a Special Enrollment Period (SEP), sponsors are currently unable to specify each of these factors when submitting enrollment transactions. Sponsor's reporting of data regarding SEP reasons for which a code is not currently available will further assist CMS in ensuring sponsors are providing support to beneficiaries, while complying with CMS policies.

Note: Both Chapter 2 of the Medicare Managed Care Manual and Chapter 3 of the Medicare Prescription Drug Manual outline the enrollment and disenrollment periods (Section 30).

For questions specific to enrollment/disenrollment requirements please contact the following mailbox: https://enrollment.lmi.org
