Design Specification Document Version Information

The first release of this design specifications document as a project deliverable is numbered 1.0.

Subsequent revisions are numbered 1.1, 1.2, 1.3, etc. Content revisions are listed below with corresponding page numbers.

Version Number	Date	Content Revisions	Page #	Revised by
1.0 (First Release)	April 5, 2022	Original		
1.1 (First Revision)	May 31, 2022			
1.2 (Second Revision)				

1. ESS Public Interface Walkthrough

1.1. Create Appointment – Self-scheduling

Customer completes the appropriate form in oSSNAP. The customer receives a link to ESS, and the link directs the customer to log in via Login.Gov to use ESS to self-schedule an appointment. Once the customer is logged in, ESS presents a brief description of what the customer can expect from ESS. The customer clicks “Next” to advance to the Terms of Service and Privacy Act Statement. If the customer does not want to continue, they can click “Exit” to exit ESS.

Because the user is logged in, the user’s name appears in the top banner along with a Sign Out control.

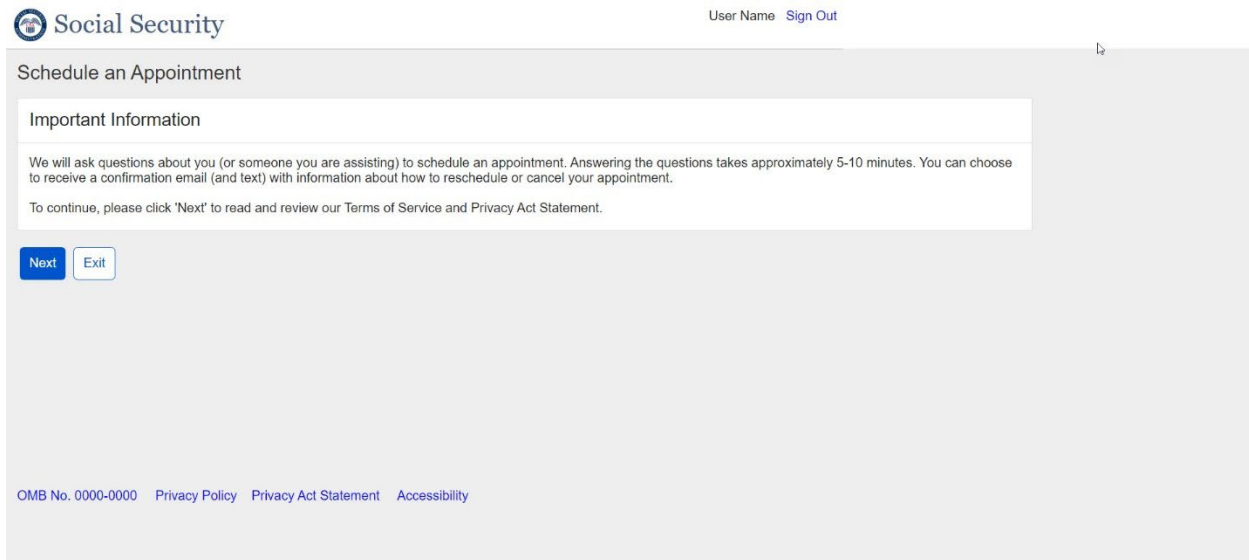

Figure 1 ESS Customer Home Page

Design Specifications Document – ESS Screen Package

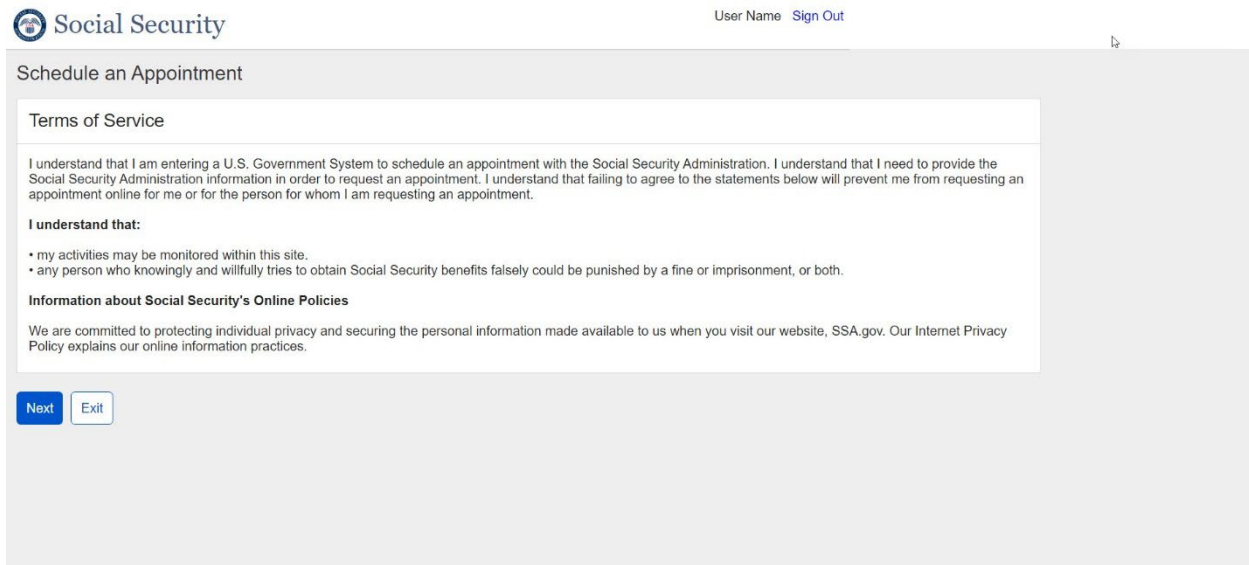

Figure 2 ESS Customer Terms of Service

The customer clicks “Next” to advance to the Privacy Act Statement or “Exit” if they want to exit ESS.

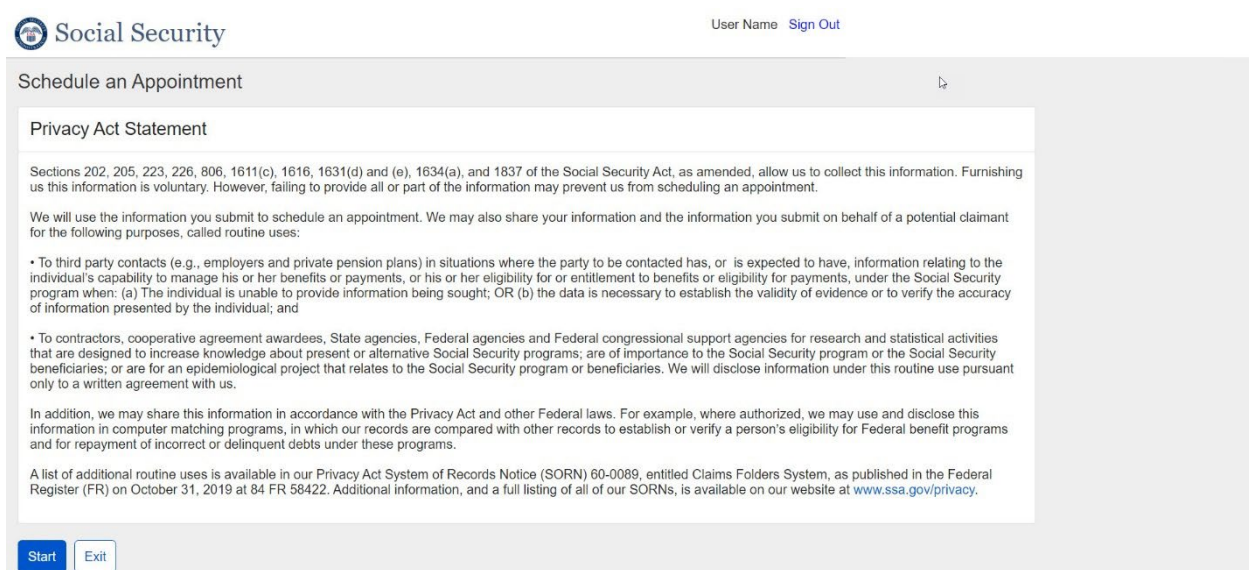

Figure 3 ESS Customer Privacy Act Statement

The customer clicks “Start” to continue.

ESS asks for the reason for the appointment that is “original or replacement social security card.”

Social Security User Name Sign Out

Schedule an Appointment

Reason for Appointment

* Indicates required information

* Which of these best describes the reason for your appointment?

Original Social Security Card
I have never had a Social Security number

Replacement Social Security Card
I need a replacement Social Security card

Next Previous

OMB No. 0000-0000 Privacy Policy Privacy Act Statement Accessibility

Figure 4 ESS Customer Reason for Appointment

The customer clicks “Next” to continue.

ESS asks the customer for a ZIP code, so it can find an available appointment nearby. ESS prefills the ZIP code field with the ZIP code from oSSNAP.

Figure 5 ESS Customer Enter ZIP Code

The customer can change the ZIP code. If the customer changes the ZIP code to one that is not initially supported by ESS, ESS displays a message:

Figure 6 ESS Customer Enter Another ZIP Code

The customer clicks Next to continue.

ESS displays the first available appointment at the local servicing office associated with the ZIP code.

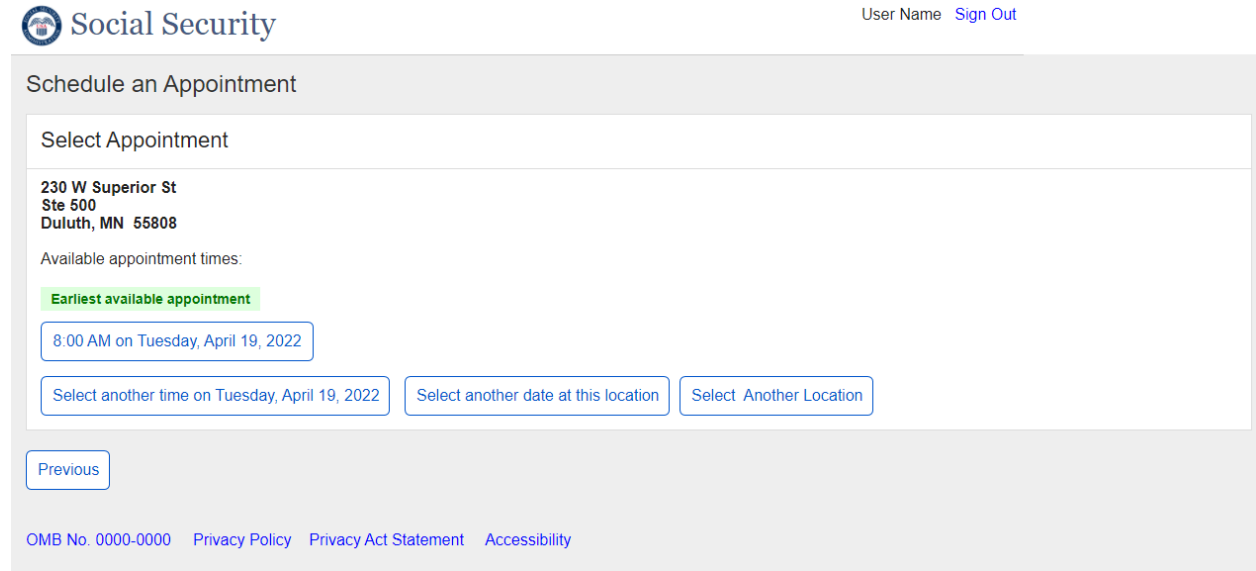

Figure 7 ESS Customer Earliest Available Appointment

If the customer finds the time and date acceptable, the customer clicks the button with the time and date on it and confirms the appointment selection.

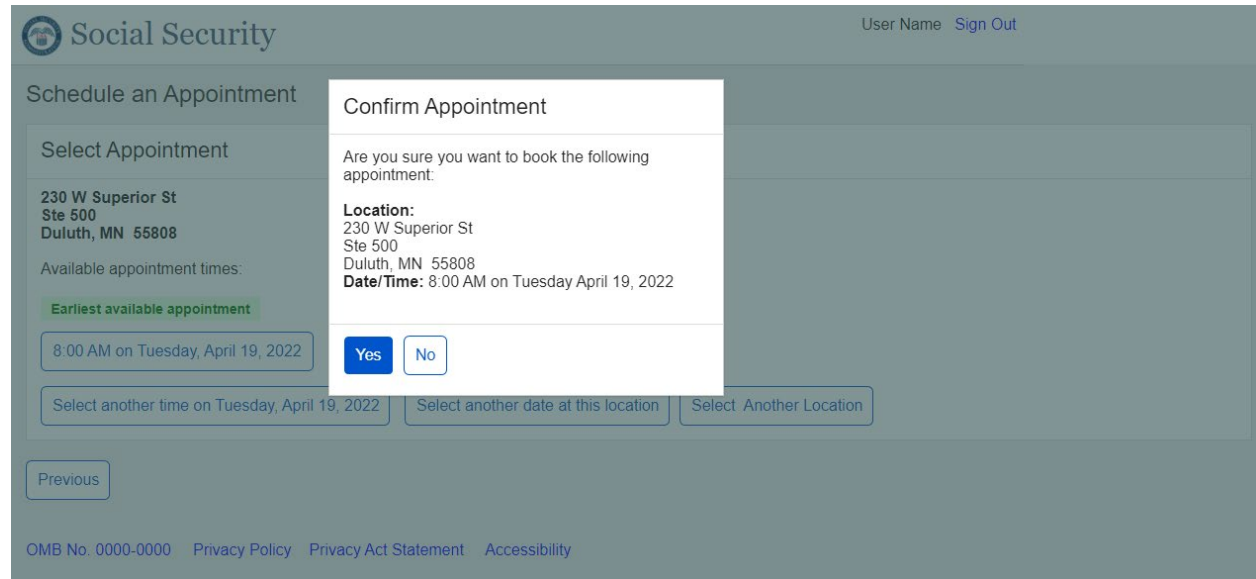

Figure 8 ESS Customer Confirm Appointment

If the customer accepts the date, but not the time, the customer can click on “Select Another Time on...”

Figure 10 ESS Customer Show More Times

ESS presents other available appointment times on the same date. ESS displays some of the available times. The customer can click “Show more times” to view additional start times. If the customer finds a time and date acceptable, the customer clicks the button with the time on it and confirms the appointment selection.

If the customer accepts the office location, but not the date, the customer can click Select Another Date at this Location.

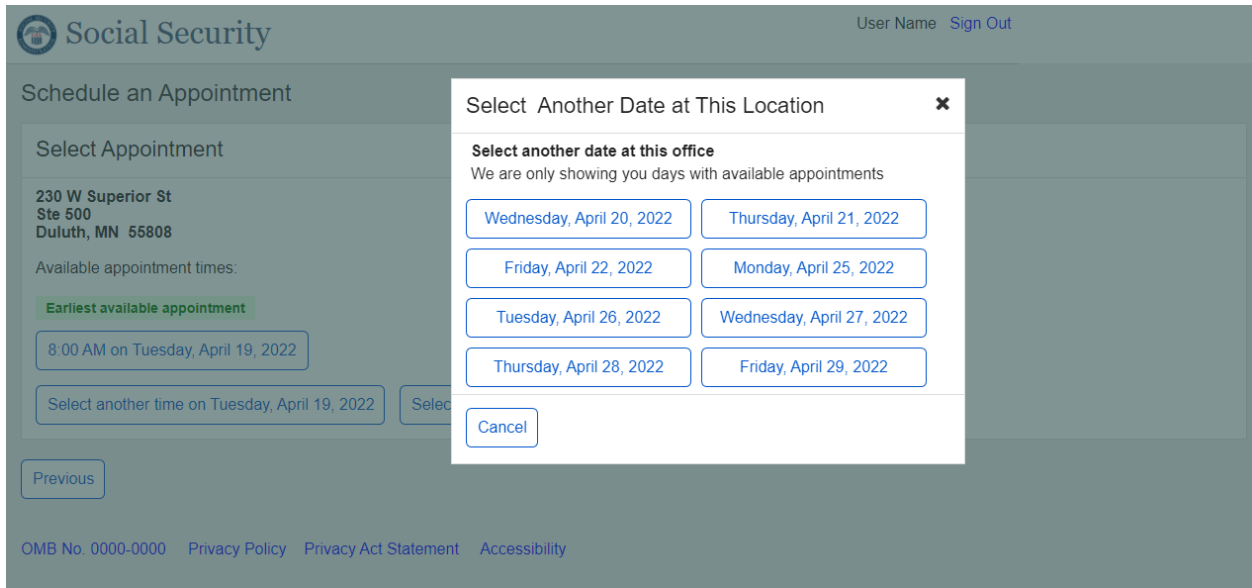

Figure 11 ESS Customer Select Another Date at This Location

ESS presents other dates at the same office. ESS shows only those dates where the office has at least one available appointment. The customer selects the desired date by clicking the date button.

ESS presents appointment times on the selected date at the same office location.

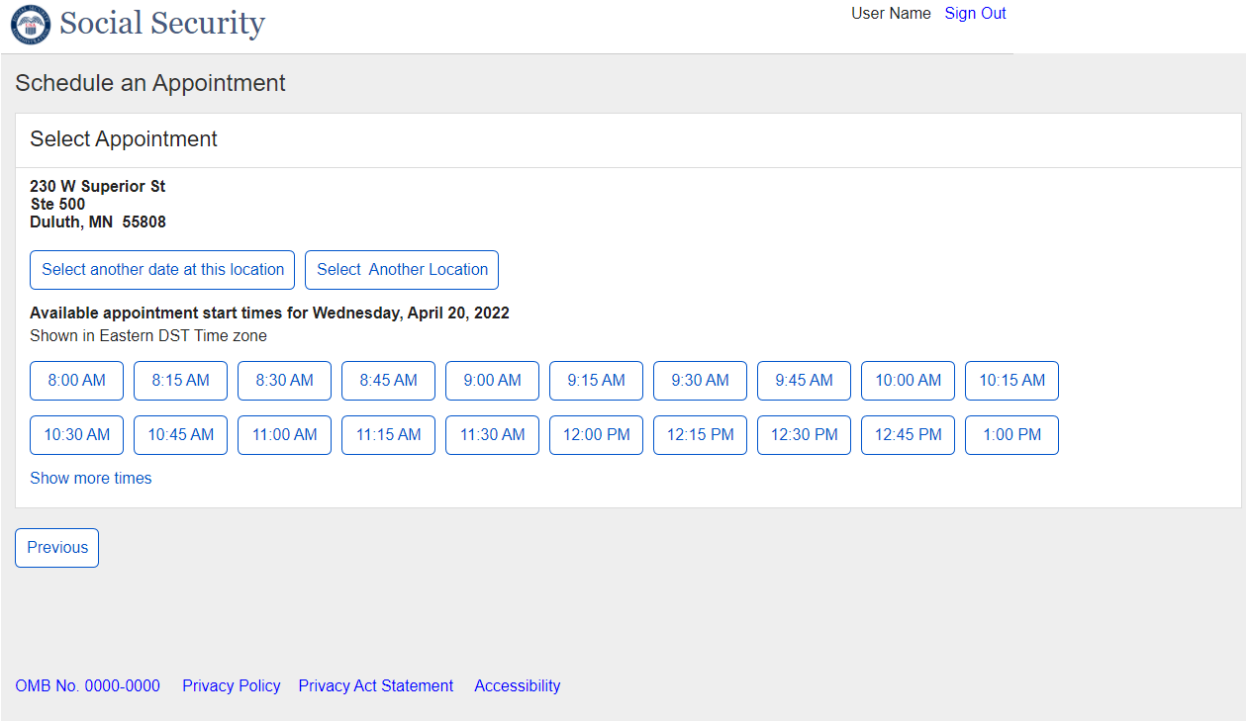

Figure 12 ESS Customer Select Appointment Time

If the customer does not accept the location, the customer can click on Select Another Location.

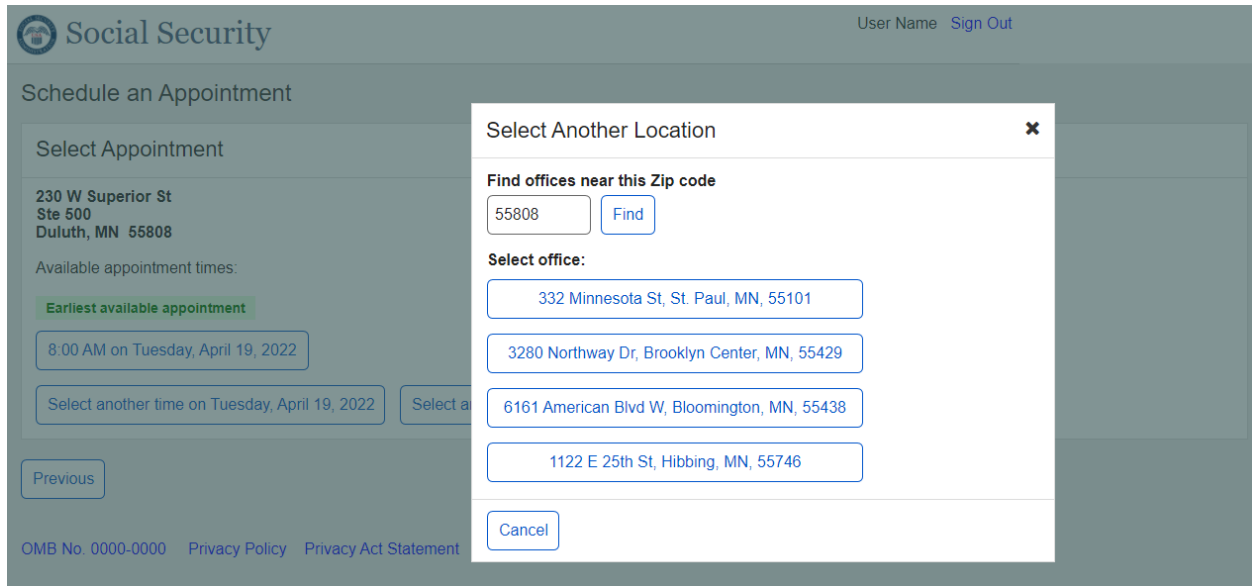

Figure 13 ESS Customer Select Another Location

ESS displays a list of other offices in the same district for the ZIP code. The customer can select one of the listed offices by clicking the button associated with it. The customer can search a

new ZIP code by entering it and clicking Find. ESS will show offices in the district for the entered ZIP code.

ESS presents appointment times on the selected date at the newly selected office location.

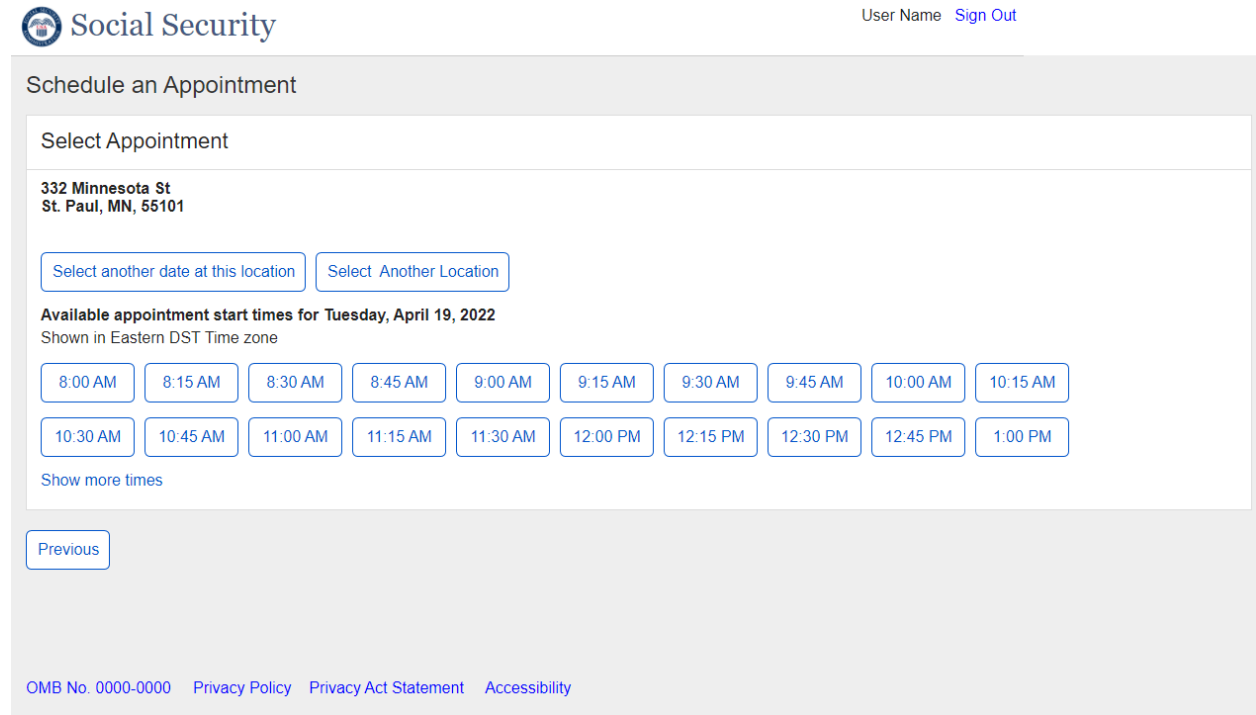

Figure 14 ESS Customer Select Appointment Time

When the customer finds an acceptable appointment date, time, and location, the customer clicks the button with the date and time on it. A confirmation message appears.

Design Specifications Document – ESS Screen Package

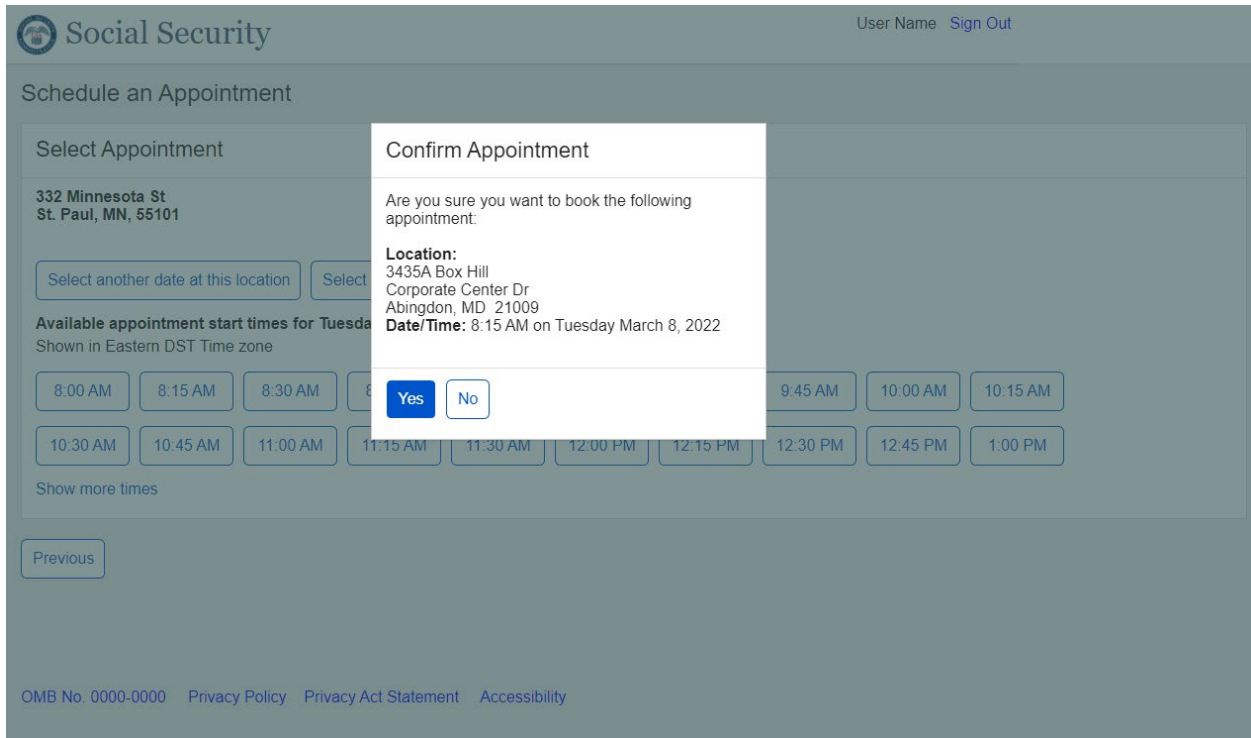

Figure 15 ESS Customer Confirm Appointment

Customer clicks Yes to continue.

ESS asks for the customer's name and consent to messaging.

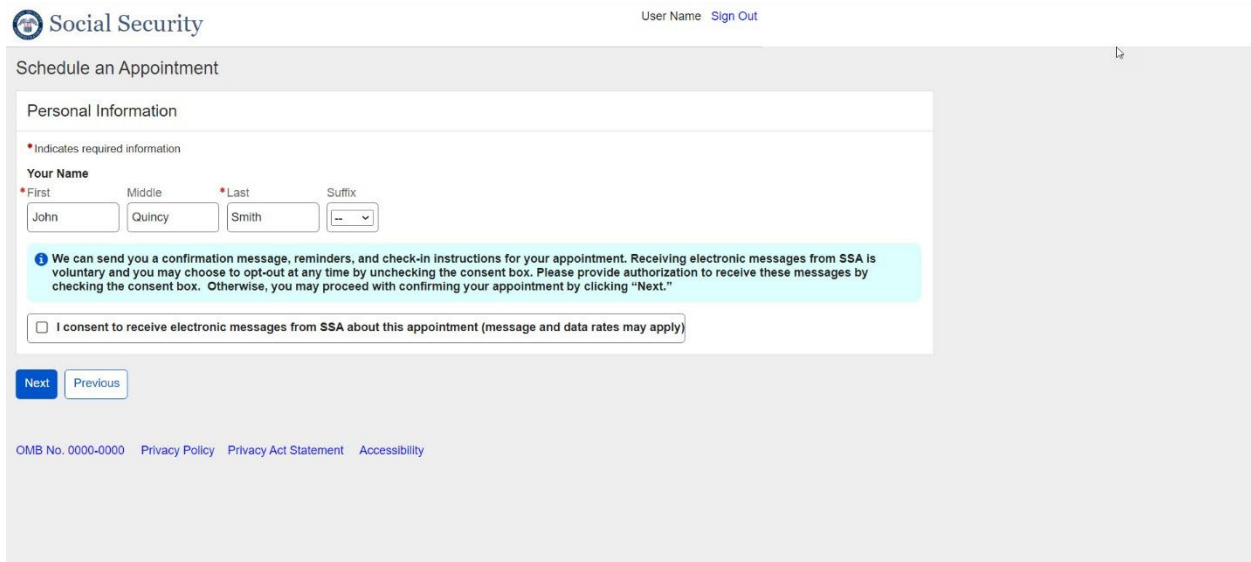

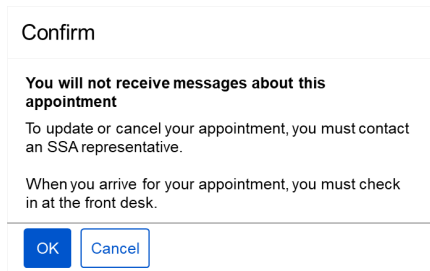

Figure 16 ESS Customer Personal Information Before Consenting to Messaging

Customer's first and last name are required. Middle name and suffix are optional.

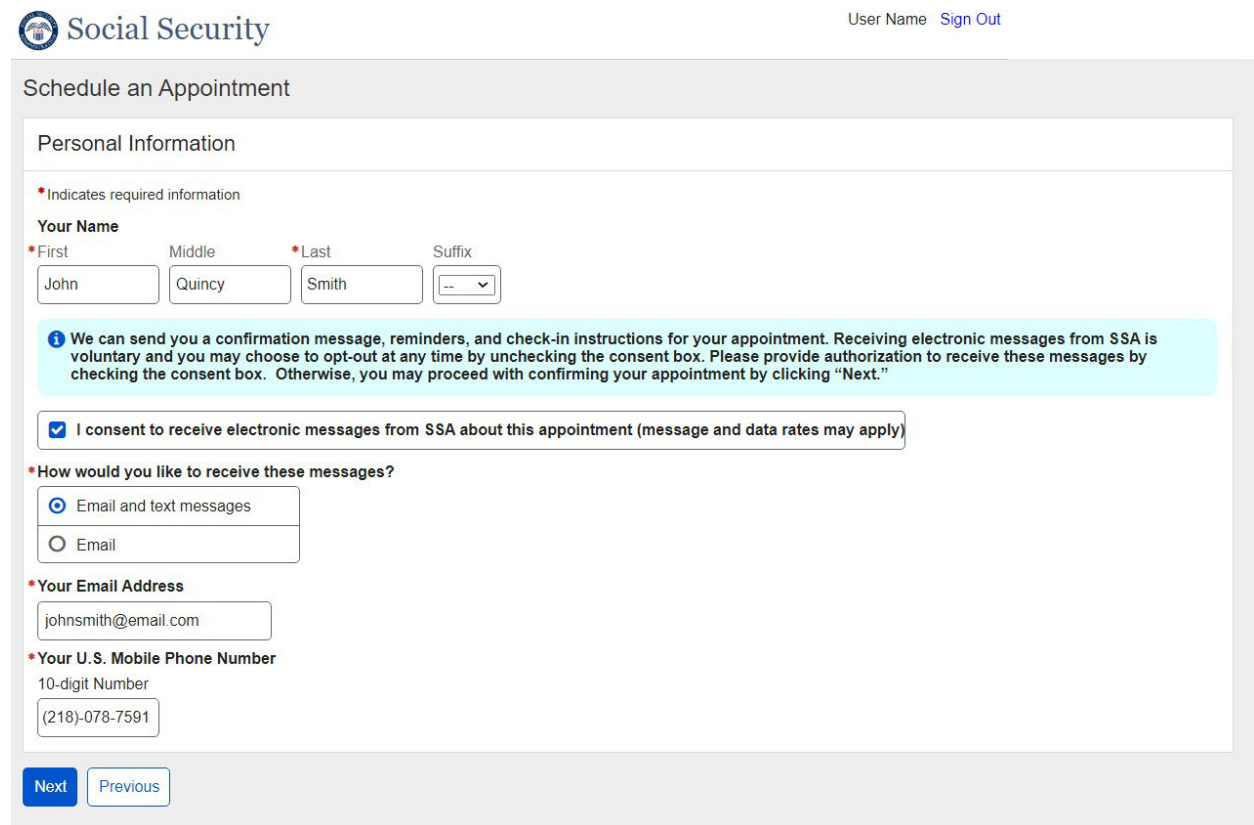

Customer can consent to receive electronic messages from SSA by clicking the check box. If customer does not check the Consent check box and clicks Next, a message appears to inform the customer that SSA will not send messages and explain what the customer must do to change, update, or cancel the appointment, and what the customer must do upon arrival at the appointment.

A dialog box titled "Confirm" with a white background and a thin border. The text inside reads: "You will not receive messages about this appointment", "To update or cancel your appointment, you must contact an SSA representative.", and "When you arrive for your appointment, you must check in at the front desk." At the bottom, there are two buttons: "OK" (blue) and "Cancel" (white with blue border).

Figure 17 ESS Customer User Does Not Consent to Messaging

When checked, ESS asks how the customer would like to receive the messages.

The screenshot shows the "Social Security" website header with the logo and "User Name Sign Out" link. Below is the "Schedule an Appointment" section. The "Personal Information" form includes fields for "Your Name" (First: John, Middle: Quincy, Last: Smith, Suffix: dropdown), a consent checkbox (checked) for receiving electronic messages, a radio button selection for "How would you like to receive these messages?" (selected: "Email and text messages", unselected: "Email"), "Your Email Address" (johnsmith@email.com), and "Your U.S. Mobile Phone Number" (10-digit Number: (218)-078-7591). At the bottom are "Next" and "Previous" buttons.

Figure 18 ESS Customer Personal Information After Consent to Messaging – Email and Text Messaging

If the customer’s oSSNAP application was completed on behalf of someone else, this page shows the Individual’s name, which cannot be edited.

 - Your U.S. Mobile Phone Number: **(218)-078-7591**
- Language Preference**
 - What language do you prefer speaking: **English**
 - What language do you prefer reading: **English**

At the bottom left are 'Submit' and 'Previous' buttons. At the bottom of the page are links for 'OMB No. 0000-0000', 'Privacy Policy', 'Privacy Act Statement', and 'Accessibility'.

Figure 22 ESS Customer Review and Submit

Customer reviews and can edit the information on this page.

Reason for Appointment Edit button takes the customer to the Reason for Appointment page. If the customer changes the reason, a new appointment date/time and location must be selected. The customer will traverse the pages to complete the scheduling process. ESS will 'remember' the customer's personal information and language preferences, but these can be changed, as well.

Select Appointment Edit button takes the customer to the Find Available Appointments – Enter ZIP Code page. ESS prefills the ZIP Code with the ZIP Code of the previously selected appointment location. The customer will traverse the pages to complete the scheduling process. ESS will ‘remember’ the customer’s personal information and language preferences, but these can be changed, as well.

Personal Information Edit button takes the customer to the Personal Information page. ESS does not change the appointment date/time or location. The customer continues to language preference. ESS ‘remembers’ the language preferences.

If the appointment was made on behalf of someone else, the individual’s name appears in the Personal Information section.

Language Preference Edit button takes the customer to the Language Preference page.

Customer clicks Submit to schedule the appointment.

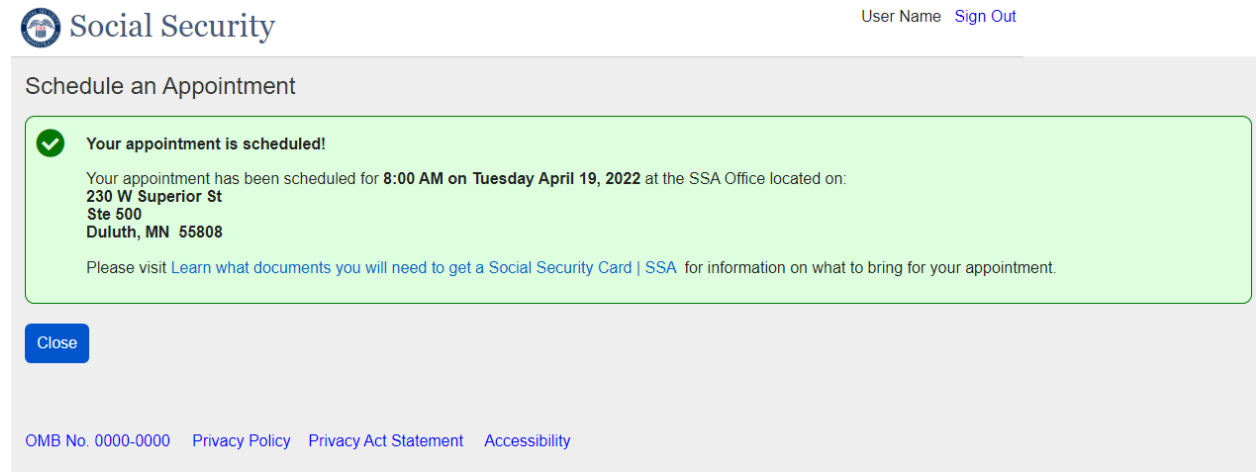

Figure 24 ESS Customer Appointment Scheduled Success

If ESS is unable to schedule the appointment, a message appears indicating that something went wrong and asks the customer to try again. Try Again repeats the Submit action.

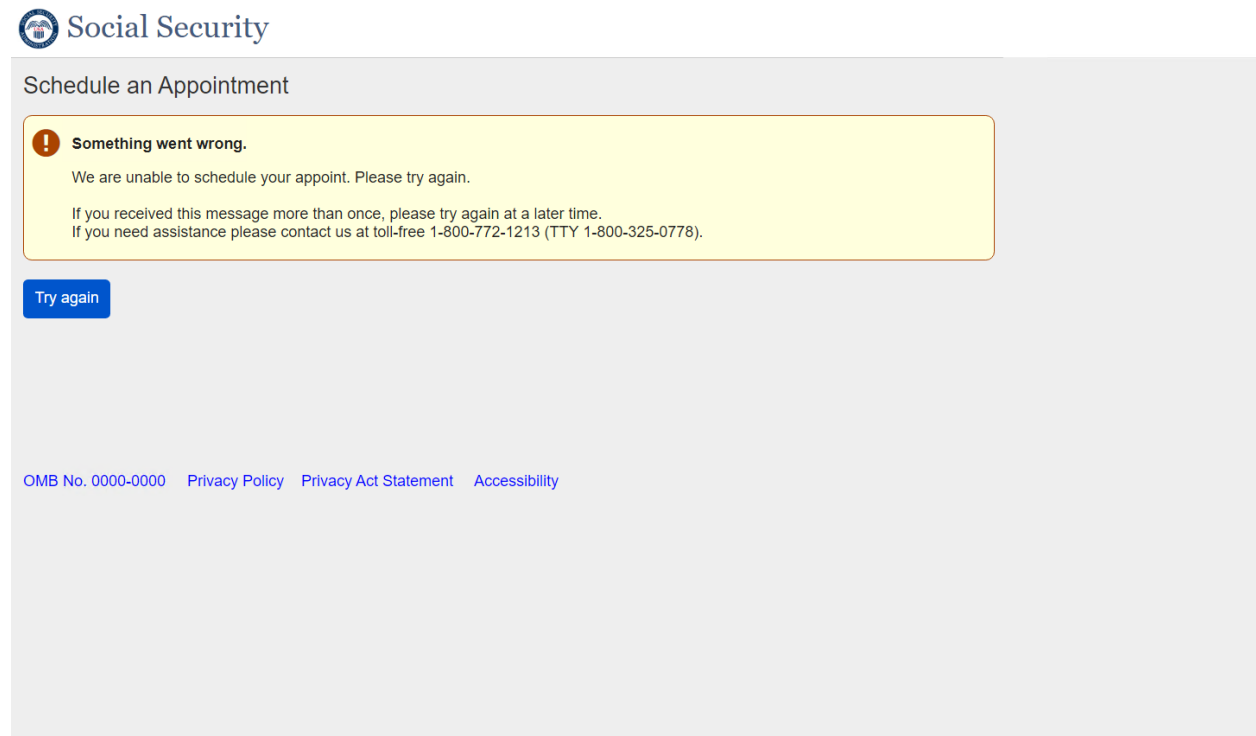

Figure 25 ESS Customer Appointment Scheduled Failure

1.2. Reschedule an Appointment

Customer receives an electronic message from SSA via email or via email and text, based on the customer's selection, with a link to ESS. Customer must use this link to access the appointment record to modify, reschedule, or cancel the appointment online. If the customer opted to not receive electronic messages, the customer received a pop-up message that explains that the customer must contact SSA to make changes.

If the customer schedules the appointment with a technician, the technician offers the customer a chance to create a One Time Numerical Passcode (OTP) to be able to reschedule, modify, or cancel the appointment online. The customer receives a confirmation email and/or text, and may use the link included within the message to access ESS. If the customer chooses to update the appointment using the link, the customer will first log in with existing credentials or register for a new account with Login.gov. At that point, the customer will enter the OTP to link the scheduled appointment with the customer's account.

Customer clicks Cancel Appointment button to cancel the appointment. ESS asks for confirmation.

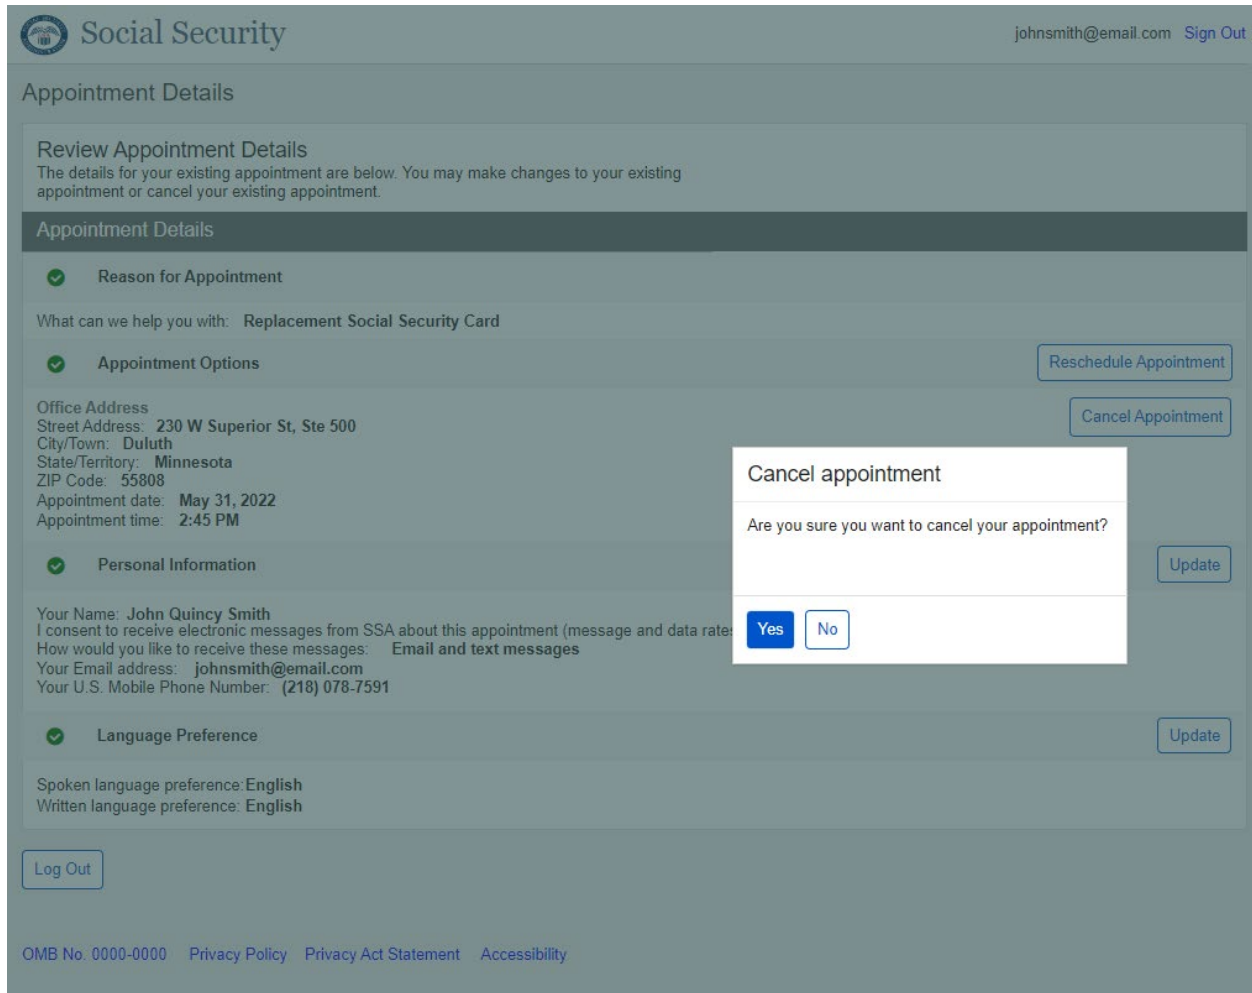

Figure 36 ESS Customer Cancel Appointment Confirmation

If Yes, ESS displays successful cancellation message.

Figure 37 ESS Customer Cancel Appointment Success

If no, ESS returns the customer to Review Your Appointment Details.

2. ESS Technician Scheduling Interface Walkthrough

2.1. Schedule Appointment

The technician scheduling process begins with a phone call from a person wishing to make an appointment. The technician will verify the caller is the proper applicant from the oSSNAP application . The technician will open the Appointment function in ESS and begin to gather information from the caller.

The technician first asks for the caller’s name. First and last name are required.

The screenshot displays the 'Enterprise Scheduling Solution' interface. At the top, there is a navigation bar with 'Appointments' and 'Admin' tabs. The main heading is 'Schedule an Appointment'. Below this, a 'Personal Information' section contains the following elements:

- A note: '* Indicates required information'
- A section titled '* Your Name' with the instruction 'This is the person requesting the appointment'.
- Four input fields: 'First', 'Middle', '* Last', and 'Suffix'. The 'Last' field is marked as required.
- A radio button selection for 'For whom are you scheduling this appointment?' with options 'Self' and 'Someone Else'.
- Navigation buttons: 'Next' (highlighted in blue) and 'Previous'.

Figure 38 ESS Technician Personal Information Startup

The technician then asks for whom the caller is scheduling an appointment. The proper applicant can call and schedule an appointment. If the caller wants to schedule their own appointment, the technician asks for the caller’s name and DOB (SSN is an optional field). If the caller is a proper applicant for someone else and wants to schedule an appointment, the technician asks the name and DOB (SSN is an optional field) of the number holder or original number applicant as well as the caller’s name. Since the caller may be making an appointment for an original SSN, the technician is not required to collect the SSN. DOB is required.

The screenshot shows a web application interface for 'Enterprise Scheduling Solution'. At the top, there is a dark blue header with the text 'Enterprise Scheduling Solution' on the left and '[User Name] v' on the right. Below the header is a navigation bar with 'Appointments' and 'Admin' tabs. The main content area is titled 'Schedule an Appointment' and contains a form section for 'Personal Information'. The form includes a legend for required fields, a 'Your Name' section with input fields for First, Middle, Last, and a dropdown for Suffix, a radio button selection for 'For whom are you scheduling this appointment?' (with 'Self' selected), an input field for 'Individual's Social Security Number (SSN)', and a date selection section for 'Individual's Date of Birth' with dropdowns for Month, Day, and Year. At the bottom of the form are 'Next' and 'Previous' buttons.

Figure 39 ESS Technician Personal Information for Self

The screenshot shows the 'Enterprise Scheduling Solution' interface. At the top, there is a navigation bar with 'Appointments' and 'Admin' tabs, and a user name '[User Name]' on the right. The main heading is 'Schedule an Appointment'. Below this is a form titled 'Personal Information'. The form includes a legend: '* Indicates required information'. The first section is '* Your Name', with a sub-heading 'This is the person requesting the appointment'. It contains four input fields: 'First', 'Middle', '* Last', and 'Suffix'. The 'Last' field is marked as required. Below this is the question '* For whom are you scheduling this appointment?' with two radio button options: 'Self' and 'Someone Else'. The 'Someone Else' option is selected. The next section is 'Individual's Social Security Number (SSN)' with a single input field. This is followed by 'Individual's Name', with a sub-heading 'This is the person for whom you are scheduling the appointment'. It contains four input fields: '* First', 'Middle', '* Last', and 'Suffix'. The 'First' and 'Last' fields are marked as required. The final section is '* Individual's Date of Birth', with three dropdown menus for 'Month', 'Day', and 'Year'. At the bottom of the form are two buttons: 'Next' (highlighted in blue) and 'Previous'.

Figure 40 ESS Technician Personal Information for Someone Else

If the caller wants to schedule an appointment for someone else, the technician asks for that individual's SSN (not required), name (first and last required), and DOB. The technician clicks Next.

ESS checks the ESS database to determine if any appointments exist for the person for whom the appointment is to be made. If ESS finds any appointments, it displays a list of the appointments. The technician can then determine if the individual already has an appointment scheduled.

Design Specifications Document – ESS Screen Package

The screenshot shows the 'Enterprise Scheduling Solution' interface. The top navigation bar includes 'Appointments' and 'Admin' tabs, and a user profile dropdown labeled '[User Name]'. The main heading is 'Schedule an Appointment'. Below this is a 'Personal Information' section with the following details:

- Individual's Social Security Number (SSN): [Redacted]
- Individual's Name: John Quincy Smith
- Individual's Date of Birth: April 15, 1980

Below the personal information is a section titled 'Multiple Appointments for this Individual' with the instruction: 'Open an appointment record to view, update, reschedule, or cancel it.' This section contains a table with the following data:

Date/Time	Location	Reason	Scheduler	Actions
04/19/2022 8:00 AM	230 W Superior St, Ste 500, Duluth, MN, 55802	Replacement Social Security Card	John Quincy Smith	Open
05/11/2022 10:00 AM	230 W Superior St, Ste 500, Duluth, MN, 55802	Medicare Benefits	Jane Smith	Open

At the bottom of the form are two buttons: 'Create Appointment' and 'Previous'.

Figure 41 ESS Technician Scheduled Appointments Found

If the person for whom the appointment is to be made already has an appointment scheduled for the same reason, the technician can open the appointment to view its details and make any required changes, including rescheduling the appointment.

If no existing appointments are found, ESS displays the results page with a message indicating that no results were found.

The screenshot shows the 'Enterprise Scheduling Solution' interface. The top navigation bar includes 'Appointments' and 'Admin' tabs, and a user profile dropdown labeled '[User Name]'. The main heading is 'Schedule an Appointment'. Below this is a 'Personal Information' section with the following details:

- Individual's Social Security Number (SSN): [Redacted]
- Individual's Name: John Quincy Smith
- Individual's Date of Birth: April 15, 1980

Below the personal information is a yellow message box with an exclamation mark icon and the text: 'No appointments found for this individual.'

At the bottom of the form are two buttons: 'Create Appointment' and 'Previous'.

Figure 42 ESS Technician No Scheduled Appointments Found

Once the technician has gathered information about the person for whom the appointment is being made, the technician asks about the reason for the appointment.

Figure 43 ESS Technician Reason for Appointment

The reason for an appointment is either to obtain a new/original SSN or a replacement Social Security card. In both cases, the technician asks if the individual has started an online application in oSSNAP.

- If Yes, ESS asks if the individual has the Online Control Number associated with the application in oSSNAP.
 - If Yes, ESS asks for the Online Control Number.
- If No or Doesn't know, the technician may continue to the next step.

Note: Technicians will be able to select “Yes” that the customer has an Online Control number, not input the control number, and remind the customer to bring the number to their appointment if the customer does not have the number readily available.

The technician clicks Next.

ESS next asks for a ZIP code, so it can find an available appointment at the caller’s local field office.

Figure 44 ESS Technician Enter ZIP Code

If the technician enters a ZIP code that ESS does not support, ESS displays a message:

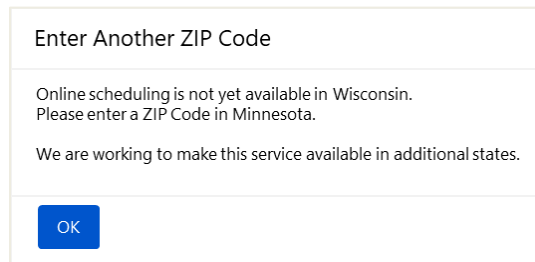

Figure 45 ESS Technician Enter Another ZIP Code

The technician reads the message to the caller and asks for a ZIP code that ESS supports. If the customer cannot complete their application in a supported field office, then the technician advises the customer of their other service options.

The technician clicks Next to continue.

ESS displays the first available appointment at the local servicing office associated with the ZIP code.

Design Specifications Document – ESS Screen Package

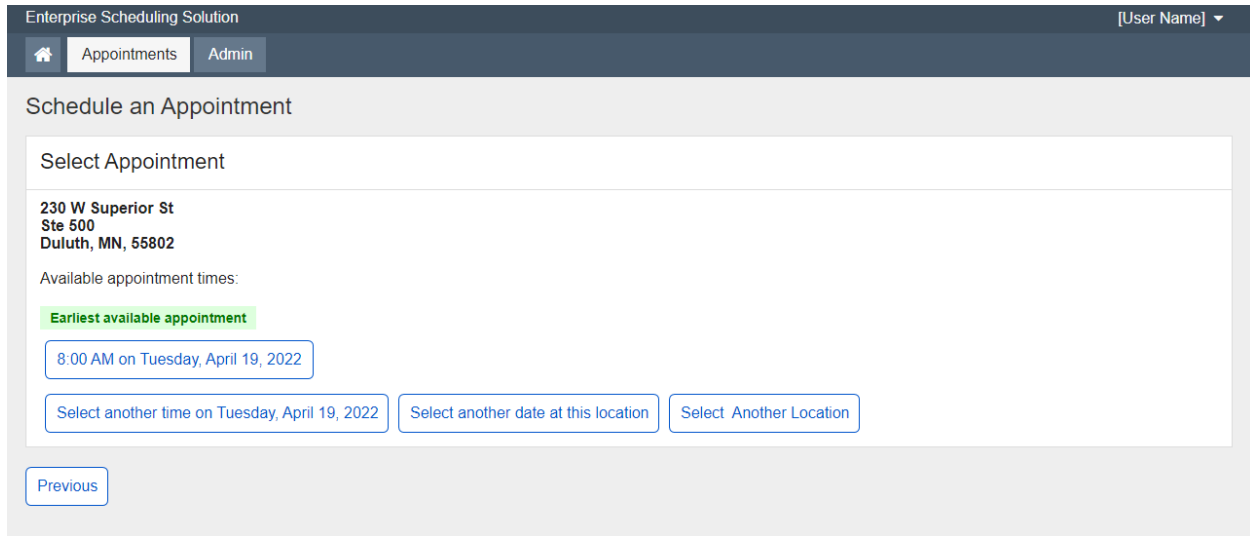

Figure 46 ESS Technician Earliest Available Appointment

The technician provides the proposed date and time to the caller (earliest date and time available).

If the caller finds the time and date acceptable, the technician clicks the button with the time and date on it and confirms the appointment.

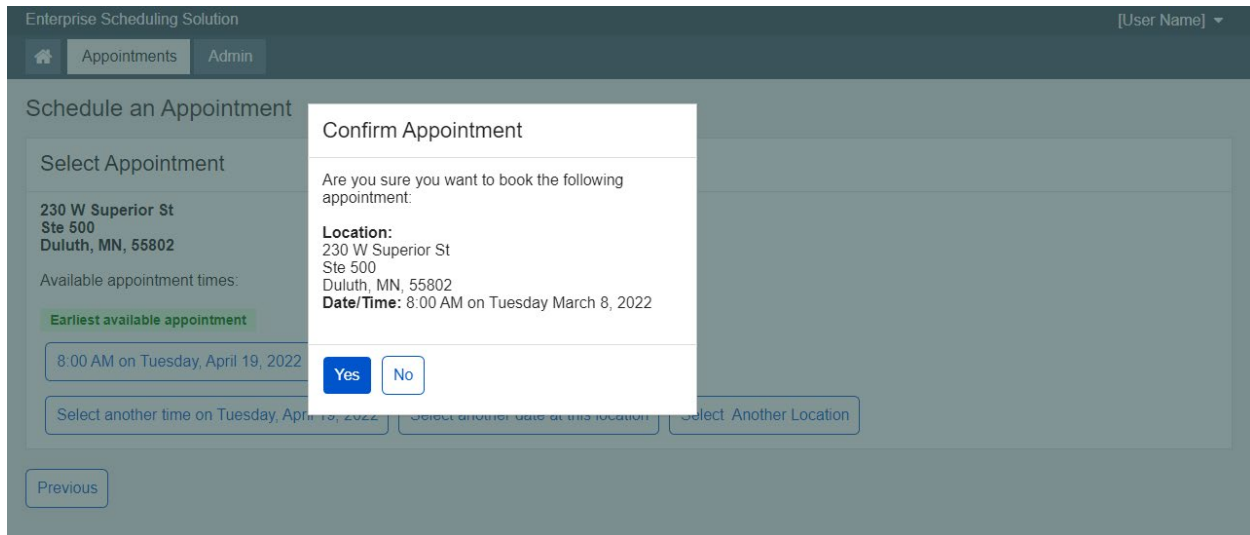

Figure 47 ESS Technician Confirm Appointment

The technician clicks Yes to continue.

For a review of the interfaces involved in finding an appointment location, date, and time, please refer to pages 9 to 21. The Public and Technician applications share similar design concepts.

The technician informs the caller that SSA can send a confirmation message, reminders, and check-in instructions for the appointment by text and email, which the caller can opt out of at any time.

Figure 56 ESS Technician Review and Submit

The technician will review this page with the caller and edit as needed.

The Reason for Appointment Edit button returns to the Reason for Appointment step. If the technician changes the reason for the appointment, a new appointment location, date, and time, must be selected. The technician will then step through the Consent to Messaging,

Language Preferences, and Remarks pages again, with the previously entered information still there.

The Appointment Details Edit button returns to the Select Appointment – Enter ZIP Code page. ESS prefills the ZIP code with the ZIP code of the previously selected office location. The technician will use the same interfaces to find a new appointment location, date, and time for the individual. The technician will then step through the Consent to Messaging, Language Preferences, and Remarks pages again, with the previously entered information still there.

The other Edit buttons return to their respective pages in the scheduling flow.

Once satisfied with the appointment details, the technician clicks Submit to schedule the appointment.

Figure 57 ESS Technician Appointment Scheduled Success

2.2. Reschedule, Modify, or Cancel an Appointment

Rescheduling, modifying, and cancelling appointments start with the technician verifying the caller is the proper applicant from oSSNAP.

The technician will open the Appointment function in ESS and begin to gather information from the caller.

The screenshot shows the 'Enterprise Scheduling Solution' interface. At the top, there is a navigation bar with 'Appointments' and 'Admin' tabs. The main heading is 'Schedule an Appointment'. Below this is a form titled 'Personal Information'. A note states '*Indicates required information'. The first section is '*Your Name', with a sub-note 'This is the person requesting the appointment'. It contains four input fields: 'First', 'Middle', '*Last', and 'Suffix'. The 'Last' field is marked as required. Below this is a radio button question: '*For whom are you scheduling this appointment?' with options 'Self' (selected) and 'Someone Else'. The next section is 'Individual's Social Security Number (SSN)' with a single input field. The final section is '*Individual's Date of Birth' with three dropdown menus for 'Month', 'Day', and 'Year'. At the bottom of the form are 'Next' and 'Previous' buttons.

Figure 58 ESS Technician Personal Information for Scheduling for Self

The technician first asks for the caller's name. First and last name are required.

The technician then asks for whom the caller is scheduling an appointment. The caller can reschedule, modify, or cancel an appointment if the caller made the original appointment. If the caller wants to reschedule, modify, or cancel an appointment, the technician asks for the caller's SSN and DOB. Since the caller may be making an appointment for an original SSN, the technician is not required to collect the SSN. DOB is required.

Consent to Messaging

* Indicates required information

Your Name John Smith	Individual's Name Jane Allison Smith
--------------------------------	--

i We can send you a confirmation message, reminders, and check-in instructions for your appointment. Receiving electronic messages from SSA is voluntary and you may choose to opt-out at any time by electronically accessing your appointment and unchecking the consent box. If you choose not to receive electronic messages at this time you will need to contact SSA to reschedule, cancel, or modify your appointment or opt-in for electronic messaging. Do you want to provide authorization to receive these messages?

John Smith consents to receive electronic messages from SSA about this appointment (message and data rates may apply)

* How would you like to receive these messages?

Email and text messages

Email

* Your Email Address

* Your U.S. Mobile Phone Number
10-digit Number

* Would you like to provide a One Time Password (OTP) or PIN to modify this appointment online?
You will not be able to cancel or reschedule your appointment or opt-out of electronic messaging online without this OTP and must contact us at 1-800-772-1213 (TTY 1-800-325-0778) to complete these transactions.

The screenshot shows the 'Enterprise Scheduling Solution' interface. At the top, there is a header with the text 'Enterprise Scheduling Solution' on the left and '[User Name]' with a dropdown arrow on the right. Below the header is a navigation bar with a home icon, 'Appointments', and 'Admin' tabs. The main content area is titled 'Schedule an Appointment'. Underneath, there is a section titled 'Language Preference'. A note indicates that an asterisk (*) denotes required information. A light blue information box contains the text: 'This is the language used during your appointment with a representative. We can arrange for an interpreter at no cost to you.' Below this, there are two dropdown menus: 'Spoken language preference' and 'Written language preference', both currently set to 'English'. At the bottom of the form, there are two buttons: 'Next' (highlighted in blue) and 'Previous'.

SSA will insert the following PRA Statement into the form as soon as possible:

Paperwork Reduction Act Statement - This information collection meets the requirements of 44 U.S.C. § 3507, as amended by section 2 of the Paperwork Reduction Act of 1995. You do not need to answer these questions unless we display a valid Office of Management and Budget (OMB) control number. We estimate that it will take about 3 minutes to read the instructions, gather the facts, and answer the questions. ***Send only comments regarding this burden estimate or any other aspect of this collection, including suggestions for reducing this burden to: SSA, 6401 Security Blvd, Baltimore, MD 21235-6401.***
