

give the Department of the Interior sufficient time to process your request. All reasonable accommodation requests are managed on a case-by-case basis.

Individuals in the United States who are deaf, blind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

Public Disclosure of Comments: There will be an opportunity for public comment during both days of the meeting. Depending on the number of people who wish to speak and the time available, the time for individual comments may be limited. Written comments may also be sent to the NGAC for consideration. To allow for full consideration of information by NGAC members, written comments must be provided to John Mahoney (see **FOR FURTHER INFORMATION CONTACT**) at least three (3) business days prior to the meeting. Any written comments received will be provided to NGAC members before the meeting.

Before including your address, phone number, email address, or other personally identifiable information (PII) in your comment, you should be aware that your entire comment—including your PII—may be made publicly available at any time. While you may ask us in your comment to withhold your PII from public review, we cannot guarantee that we will be able to do so.

Authority: 5 U.S.C. ch. 10.

Kenneth Shaffer,

Deputy Executive Director, Federal Geographic Data Committee.

BILLING CODE 4338–11–P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[LLHQ320000 L13300000.EP0000; OMB Control Number 1004–0103]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Mineral Materials Disposal

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (PRA), the Bureau of Land Management

(BLM) proposes to renew an information collection.

DATES: Interested persons are invited to submit comments on or before October 23, 2023.

ADDRESSES: Written comments and recommendations for this information collection request (ICR) should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Timothy L. Barnes by email at tbarnes@blm.gov, or by telephone at 541–416–6858. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the PRA (44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), we invite the public and other Federal agencies to comment on new, proposed, revised and continuing collections of information. This helps the BLM assess impacts of its information collection requirements and minimize the public’s reporting burden. It also helps the public understand BLM information collection requirements and ensure requested data are provided in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on April 27, 2023 (88 FR 25685). No comments were received in response to that notice.

As part of our continuing effort to reduce paperwork and respondent burdens, we are again inviting the public and other Federal agencies to comment on the proposed ICR described below. The BLM is especially interested in public comment addressing the following:

(1) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.

(2) The accuracy of our estimate of the burden for this collection of

information, including the validity of the methodology and assumptions used.

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How might the agency minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments submitted in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The BLM is required by the Materials Act of 1947 (30 U.S.C. 601 and 602) and section 302 of the Federal Land Policy and Management Act (43 U.S.C. 1732) to manage the sale and free use of mineral materials that are not subject to mineral leasing or location under the mining laws (*e.g.*, common varieties of sand, stone, gravel, pumice, pumicite, clay, and rock). The Materials Act authorizes the BLM to sell these mineral materials at fair market value and to grant free-use permits to government agencies and nonprofit organizations. To obtain a sales contract or free-use permit, an applicant must submit information to identify themselves, the location of the site, and the proposed method to remove the mineral materials. The BLM uses the information to process each request for disposal, determine whether the request to dispose of mineral materials meets statutory requirements, and whether to approve the request. This OMB Control Number is currently scheduled to expire on February 29, 2024. The BLM request that OMB renew this OMB Control Number for an additional three (3) years.

Title of Collection: Mineral Materials Disposal (43 CFR part 3600).

OMB Control Number: 1004–0103.

Form Numbers: Form 3600–9, *Contract for the Sale of Mineral Materials.*

Type of Review: Extension of a currently approved collection.

Respondents/Affected Public: Businesses that submit applications to

purchase or use mineral materials from public lands.

Total Estimated Number of Annual Respondents: 155.

Total Estimated Number of Annual Responses: 7,097.

Estimated Completion Time per Response: Varies from 30 minutes to 30 hours.

Total Estimated Number of Annual Burden Hours: 9,487.

Respondent's Obligation: Required to obtain or retain a benefit.

Frequency of Collection: On occasion.
Total Estimated Annual Nonhour Burden Cost: \$82,770.

An agency may not conduct or sponsor and, notwithstanding any other provision of law, a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Darrin King,

Information Collection Clearance Officer.

BILLING CODE 4310–84–P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337–TA–1354]

Certain Universal Golf Club Shaft and Golf Club Head Connection Adaptors, Certain Components Thereof, and Products Containing the Same (II); Notice of a Commission Determination To Issue a Limited Exclusion Order; Termination of the Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission (“Commission”) has determined to issue a limited exclusion order (“LEO”) barring entry of certain universal golf club shaft and golf club head connection adaptors, certain components thereof, and products containing the same that are imported by or on behalf of Respondents Top Golf Equipment Co. Limited (“Top Golf”), Volf Sports Co. LTD, and WoFu(Shenzhen)Sports Goods Co., Ltd. (collectively, “Respondents”).

FOR FURTHER INFORMATION CONTACT: Edward S. Jou, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205–3316. Copies of non-confidential documents filed in connection with this

investigation may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal on (202) 205–1810.

SUPPLEMENTARY INFORMATION: On March 8, 2023, the Commission instituted this investigation based on a complaint filed by Club-Conex LLC of Scottsdale, Arizona (“Complainant”). 86 FR 14393 (Mar. 8, 2023). The complaint alleged violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, due to the importation into the United States, sale for importation, or sale in the United States after importation of certain universal golf club shaft and golf club head connection adaptors, certain components thereof, and products containing the same by reason of infringement of certain claims of U.S. Patent No. 11,426,638 (“the ‘638 patent”). *Id.* The complaint also alleged the existence of a domestic industry. *Id.* The notice of investigation named as respondents Top Golf Equipment Co. Limited, d/b/a All-Fit Golf of Shenzhen, China; Volf Sports Co. LTD of Shenzhen, China; and WoFu(Shenzhen)Sports Goods Co., Ltd. of Shenzhen, China (collectively, “Respondents”). *Id.* The Office of Unfair Import Investigations was not named as a party. *Id.*

None of the Respondents answered the complaint and notice of investigation or appeared in the investigation, and on April 6, 2023, Complainant moved for an order directing Respondents to show cause as to why they should not be found in default. Complainant stated in its motion that it does not seek a general exclusion order. Mot. at 6 n.5. On April 25, 2023, the ALJ issued Order No. 6, directing Respondents to show cause, no later than May 10, 2023, as to why they should not be found in default. Order No. 6 at 2 (Apr. 25, 2023). No response to the show cause order was filed.

On May 17, 2023, the ALJ issued Order No. 7, finding Respondents in default pursuant to 19 CFR 210.16. The Commission determined not to review Order No. 7 on July 13, 2023, and issued a notice requesting submissions on remedy, public interest, and bonding. Comm’n Notice, 88 FR 46183 (July 19, 2023).

On July 27, 2023, Complainant responded to the Commission’s Notice by filing a submission on remedy, public interest, and bonding, seeking a limited exclusion order (“LEO”) against the Respondents and a bond in the amount of one hundred percent (100%) of entered value. No other submissions were filed.

When the conditions in section 337(g)(1)(A)–(g)(1)(E) (19 U.S.C. 1337(g)(1)(A)–(g)(1)(E)) have been satisfied, section 337(g)(1) and Commission Rule 210.16(c) (19 CFR 210.16(c)) direct the Commission, upon request, to issue a limited exclusion order or a cease and desist order or both against a respondent found in default, based on the allegations regarding a violation of section 337 in the Complaint, which are presumed to be true, unless after consideration of the public interest factors in section 337(g)(1), it finds that such relief should not issue.

Having examined the record in this investigation, the Commission has determined pursuant to section 337(g)(1) and Commission Rule 210.16(c) to issue an LEO prohibiting the unlicensed entry of certain universal golf club shaft and golf club head connection adaptors, certain components thereof, and products containing the same that infringe one or more of claims 1, 2–5, 10, 12–13, 15, and 16–19 of the ‘638 patent that are manufactured abroad by, or on behalf of, or imported by or on behalf of the Respondents. The Commission has determined that the public interest factors enumerated in section 337(g)(1) do not preclude the issuance of the LEO. The Commission has further determined that the bond during the period of Presidential review pursuant to section 337(j) (19 U.S.C. 1337(j)) shall be set in the amount of one hundred percent (100%) of the entered value of the imported articles that are subject to the LEO.¹ The investigation is hereby terminated.

While temporary remote operating procedures are in place in response to COVID–19, the Office of the Secretary is not able to serve parties that have not retained counsel or otherwise provided a point of contact for electronic service. Accordingly, pursuant to Commission

¹ Commissioner Schmidlein finds that section 337 does not authorize respondents subject to remedial relief under subsection 337(g)(1) to import infringing products under bond during the Presidential review period for the reasons explained in *Certain Centrifuge Utility Platform and Falling Film Evaporator Systems and Components Thereof*, Inv. No. 337–TA–1311, Comm’n Notice at 5, n.5 (March 23, 2023). She therefore would not permit the Respondents to import infringing products under bond during the Presidential review period.
