ACTION: Notice of availability; request
for comments and information.

SUMMARY: We, the Fish and Wildlife Service (Service), announce receipt of an application from Richard McGinley and Marion County, Florida (Florida Crossroads Commerce Park) (applicants) for an incidental take permit (ITP) under the Endangered Species Act. to the construction of a warehouse, loading docks, parking lots, and associated stormwater systems within an existing industrial park, and incidental to Marion County's expansion of SW 49th Avenue in Marion County, Florida. We request public comment on the application, which includes the applicants' proposed habitat conservation plan (HCP), and on the Service's preliminary determination that the proposed permitting action may be eligible for a categorical exclusion pursuant to the Council on Environmental Quality's National Environmental Policy Act (NEPA) regulations, the Department of the Interior's (DOI) NEPA regulations, and the DOI Departmental Manual. To make this preliminary determination, we prepared a draft environmental action statement and low-effect screening form, both of which are also available for public review. We invite comment from the public and local, State, Tribal, and Federal agencies.

SUPPLEMENTARY INFORMATION: We, the Fish and Wildlife Service (Service), announce receipt of an application from Richard McGinley and Marion County, Florida (Florida Crossroads Commerce Park) (applicants), for an incidental take permit (ITP) under the Endangered Species Act of 1973, as amended (ESA;

16 U.S.C. 1531 *et seq.*). The applicants request the ITP to take the federally listed Florida scrub-jay (*Aphelocoma coerulescens*) (scrub-jay) incidental to the construction and operation of a warehouse, loading docks, parking lots, and the associated stormwater systems, within an existing industrial park, and to Marion County's expansion of SW 49th Avenue in Marion County, Florida. We request public comment on the application, which includes the applicants' habitat conservation plan (HCP), and on the Service's preliminary determination that this proposed ITP qualifies as low effect, and may qualify for a categorical exclusion pursuant to the Council on Environmental Quality's National Environmental Policy Act (NEPA) regulations (40 CFR 1501.4), the Department of the Interior's (DOI) NEPA regulations (43 CFR 46), and the DOI's Departmental Manual (516 DM 8.5(C)(2)). To make this preliminary determination, we prepared a draft environmental action statement and low-effect screening form, both of which are also available for public review.

Proposed Project

The applicants request a 20-year ITP to take scrub-jays via the conversion of approximately 67.20 acres (ac) of occupied nesting, foraging, and sheltering scrub-jay habitat incidental to the construction and operation of a warehouse, loading docks, parking lots, and the associated stormwater systems, within an existing industrial park, and to Marion County's expansion of SW 49th Avenue on 131.9 ac on parcel numbers 41205-001002, 41205-001-03, 41205-001-04, 41205-001 in Section 16, Township 17 South, Range 21 East, Marion County, Florida. The applicants propose to mitigate for take of the scrub-jay by purchasing credits equivalent to 134.40 ac of scrub-jay occupied habitat within the Tippen Bay Conservation Bank or another Service-approved conservation bank. The Service would require the applicants to purchase the credits prior to engaging in any construction phase of the project.
