IMPAIRED SEGMENTATION COGNITIVE TESTING IDI—INVITATION

Thank you for answering my questions. We are inviting a select number of people to participate in an online, one-on-one research discussion. During this conversation, you will be asked to share your thoughts and reactions to an online survey that is being developed for drivers like yourself across the country. The discussion will last about an hour and during that time you will complete an online survey and talk about the experience. The goal is to evaluate the survey to make sure the questions are clear, easy to understand and the response options all make sense. You will share your feedback on the process with a research interviewer who will be observing. Again, this interview is for research purposes only. You will never be asked to purchase anything, and all of your responses and comments will remain strictly confidential. In appreciation for your feedback, we are offering \$100 for your participation.

The interviews will be held on the following days/times (Eastern Time):
