

"AMERICAN SURVEY OF MORTGAGE BORROWERS"

OMB NUMBER 2590-0015

Justification for Non-substantive Change to the Information Collection: American Survey of Mortgage Borrowers, OMB No. 2590-0015

FHFA is requesting a Non-substantive Change to this information collection. FHFA has revised a limited number of questions on the survey. The change does not impact the burden estimate for completing the survey.

The substance of the survey was approved by OMB in 2022 (*see* OMB Notice of Action 07/05/2022, ICR Reference Number: 202205-2590-002) therefore we are providing the survey with the same approved substance but slightly revised questions. The form submitted for your review and approval is: *ASMB questionnaire*.
