DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Reporting Requirements for the Ocean Salmon Fishery Off the Coasts of Washington, Oregon, and California

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on June 26, 2023 (88 FR 41388) during a 60-day comment period, no comments were received. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration (NOAA), Commerce.

Title: Reporting Requirements for the Ocean Salmon Fishery Off the Coasts of Washington, Oregon, and California.

OMB Control Number: 0648–0433.

Form Number(s): None.

Type of Request: Regular submission (extension of a current information collection).

Number of Respondents: 40.

Average Hours per Response: 15 minutes.

Total Annual Burden Hours: 10 hours.

Needs and Uses: Ocean salmon fisheries conducted in the U.S. exclusive economic zone, 3–200 nautical miles off the West Coast states of Washington, Oregon, and California are managed by the Pacific Fishery Management Council (Council) and NOAA's NMFS under the Magnuson-Stevens Fishery Conservation and Management Act (MSA). Management measures for the ocean salmon fisheries are set annually, consistent with the Council's Pacific Coast Salmon Fishery Management Plan (FMP). The FMP provides a framework for managing the ocean salmon fisheries in a sustainable manner, as required under the MSA, through the use of conservation objectives, annual catch limits, and other reference points and status determination criteria described in the FMP. To meet these criteria, annual management measures, published in the **Federal Register** by NMFS, specify regulatory areas, catch restrictions, and landing restrictions based on the annual stock abundance forecasts. These catch and landing restrictions include area-time- and species-specific quotas for the commercial ocean salmon fishery, and generally require catch and landings to be reported to the appropriate state and tribal agencies to allow for timely and accurate accounting of the season's catch (50 CFR 660.404 and 50 CFR 660.408(o)). The best available catch and effort data and projections are presented by the state fishery managers in telephone conference calls involving the NMFS Regional Administrator and representatives of the Council. However, NMFS acknowledges that unsafe weather or mechanical problems could prevent commercial fishermen from making their landings at the times and places specified, and the MSA requires conservation and management measures to promote the safety of human life at sea.

The annual management measures will specify the contents and procedure of the notifications, and the entities receiving the notifications (*e.g.*, U.S. Coast Guard). Absent this requirement by the Council, the state reporting systems would not regularly collect this

specific type of in-season radio report. These provisions, and this federal collection of information, promote safety at sea and provide practical utility for sustainably managing the fishery, and ensure regulatory consistency across each state by implementing the same requirements in the territorial waters off each state. This information collection is intended to be general in scope by leaving the specifics of the contents and procedure of the notifications for annual determination, thus providing flexibility in responding to salmon management concerns in any given year.

Affected Public: Business or other for-profit organizations.

Frequency: Reporting under this emergency provision is infrequent.

Respondent's Obligation: Mandatory.

Legal Authority: 16 U.S.C. 1801 *et seq.*

CONSUMER FINANCIAL PROTECTION BUREAU

[Docket No. CFPB–2023–0048]

Agency Information Collection Activities: Comment Request

AGENCY: Consumer Financial Protection Bureau.

ACTION: Notice and request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (PRA), the Consumer Financial Protection Bureau (CFPB) is requesting the Office of Management and Budget's (OMB's) approval for a new information collection titled "Making Ends Meet Survey".

DATES: Written comments are encouraged and must be received on or before October 30, 2023 to be assured of consideration.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. In general, all comments received will become public records, including any personal information provided. Sensitive personal information, such as account numbers or Social Security numbers, should not be included.

FOR FURTHER INFORMATION CONTACT: Requests for additional information should be directed to Anthony May, Paperwork Reduction Act Officer, at (202) 435-7278, or email: CFPB_PRA@cfpb.gov. If you require this document in an alternative electronic format, please contact CFPB_Accessibility@cfpb.gov. Please do not submit comments to these email boxes.

SUPPLEMENTARY INFORMATION:

Title of Collection: Making Ends Meet Survey.

OMB Control Number: 3170-00XX.

Type of Review: New collection.

Affected Public: Individuals or households.

Estimated Number of Respondents: 4,500.

Estimated Total Annual Burden Hours: 1,375.

Abstract: The Dodd-Frank Wall Street Reform and Consumer Protection Act charges the Consumer Financial Protection Bureau with researching, analyzing, and reporting on topics relating to the CFPB’s mission including consumer behavior, consumer awareness, and developments in markets for consumer financial products and services. To improve its understanding of how consumers engage with financial markets, the CFPB has successfully used surveys under its “Making Ends Meet” program. The “Making Ends Meet” program has also used the CFPB’s Consumer Credit Information Panel (CCIP) as a frame to survey people about their experiences in consumer credit markets. The CFPB seeks approval for two yearly surveys under the Making Ends Meet program. These surveys solicit information on the consumer’s experience related to household financial shocks, particularly shocks related to the economic effects of the COVID-19 pandemic, how households respond to those shocks,

and the role of savings to help provide a financial buffer.

The first survey will be a follow-up to respondents from the CFPB’s 2023 “Making Ends Meet” survey to better understand household financial experiences dealing with medical debt as well as consumers’ interactions with various financial products. The second survey will go to a new sample of consumers from the CCIP and will address a several topics of interest to the CFPB possibly including the impact of natural disasters and other environmental events, credit shopping behavior, additional follow-up regarding debt collection, and the assessment of various fees throughout the financial services ecosystem.

Request for Comments: The CFPB published a 60-day **Federal Register** notice on May 16, 2023 (88 FR 31251) under Docket Number: CFPB-2023-0034. The CFPB is publishing this notice and soliciting comments on: (a) Whether the collection of information is necessary for the proper performance of the functions of the CFPB, including whether the information will have practical utility; (b) The accuracy of the CFPB’s estimate of the burden of the collection of information, including the validity of the methods and the assumptions used; (c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be reviewed by OMB as part of its review of this request. All comments will become a matter of public record.

Anthony May,

Paperwork Reduction Act Officer, Consumer Financial Protection Bureau.
