DLPS 2023 - NEW INFORMATION COLLECTION - #0581-0293 Q15 Breakout

REG Text

Producers and Handlers (Operations)

Subpart B -- APPLICABILITY exempt producers and handlers (11.5% of current total certified) document compliance and maintain records for not less than 3 years. **National Agricultural Statistic Service (NASS) estimates that exempt producers represent 11.5% of the total number of certified organic producers. The difference is due to aligning with NASS's estimate, rather than guestimating.**

Certified operators maintain records for not less than 5 years. **Corrected recordkeeping from 80 hours to 40 hours. Recordkeeping is an act of routine storage, and is not labor intensive. Records are also kept to comply with other requirements, such as the Internal Revenue Service (IRS) and State Business Licensing requirements. The total hours are not halved from the prior renewal package because the number of farmers have increased from 31,000 to 44,805.**

Subpart C & E - Production & Handling -- Operators submit initial application or update existing Organic System Plan (OSP)

New operations submit their initial organic system plan: including one-time preparation of all practices, procedures, and information necessary to comply with new livestock and poultry requirements.

Current certified operations submit updated Organic System Plan (OSP): including one-time preparation of all practices, procedures, and information necessary to comply with new livestock and poultry requirements

Curent and new livestock and poultry operations first on-site inspection that includes new livestock and poultry practices and procedures

Accredited Certifying Agents - Certification

Review of Application/Updates
agents review and process OSP applications/updates from livestock and poultry operations in compliance with new requirements for the first time

New Record storage-one time

Agents provide information and training to operations regarding livestock and poultry requirements

Accredited Certifying Agents - Accreditation

Accreditation of Certifying Agents - Form TM-10CG - Provide Policies, Procedures, Evidence of Expertise and Ability, describe organizational units, primary location, areas of certification (crops, livestock, & handling), States & foreign countries where they operate, lists of currently certified operations, conduct & provide results of performance evaluations of personnel & inspectors, conduct program evaluations of their certification activities, provide procedures for residue testing, and other information that will assist in evaluating their application, and comply with any other requirements. Includes one-time preparation of practices and procedures necessary to comply with new livestock and poultry practice requirements

New Record storage- one-time

Provide training to Certification Review Personnel and Inspectors regarding new livestock and poultry practices

Certification Review Personnel receive training regarding new livestock and poultry practices

Accredited Certifying Agents - Certification + Accreditation

Subpart E Certification - Inspectors

Inspectors provide on-site inspection reports addressing new requirements for livestock and poultry operations to the certifying agent

Inspectors receive 5 hours of training per new livestock and poultry practices

Subpart G Administrative -State Organic Program

States update State organic program to the Secretary. Reporting.

States update State organic program to the Secretary. **Recordkeeping.**
