I. Vendor and Farmer Management

(Please indicate) **State Agency:** Click or tap here to enter text. for **FY:** Click or tap here to enter text.

Vendor and farmer/farmers' market management includes all those activities associated with selecting, authorizing, training, monitoring, and investigating the State agency's vendor and farmer/farmers' market population for the purpose of reducing fraud and abuse in the WIC Program food delivery system.

During a disaster or public health emergency, or supply chain disruption, the State agency may request to implement existing WIC regulatory and programmatic flexibilities or waivers to support the continuation of Program benefits and services. State agencies should consider the overarching authority, i.e., Stafford Act, Access to Baby Formula Act, or provision(s) authorized by Congress, and duration before developing a policy and procedure. The State agency must provide a detailed description of how it plans to operationalize the flexibility or waiver through their procedure manual where applicable. Please note the State Plan Guidance is not intended to capture a description of waivers authorized by Congress with separate reporting requirements.

Executive Order (EO) 13988, "*Preventing and Combating Discrimination on the Basis of Gender Identity or Sexual Orientation*," was issued to all Federal Agencies. The EO set out policies that all persons are entitled to dignity, respect, and equal treatment under the law, no matter their gender identity or sexual orientation. The EO does not usurp section 17 of 42 U.S.C, as amended or applicable regulations, rather it complements the language in the nondiscrimination statement. Following the contents of the EO, State agencies must update their policies and procedures to align with the contents of the EO and the nondiscrimination statement.

Instructions:

Column 1 – Assign a sequential number to each peer group.

Column 2 – Describe the vendors in the peer group; include all factors and definitions checked in question 4c. (e.g., urban = counties with >100,000 residents
OR suburban = counties with >10,000 residents OR rural = counties with <10,000 residents)

Column 3 – Insert the number of authorized vendors that are regular vendors.

Column 4 – If the State agency authorizes above-50-percent vendors, insert the number of above-50-percent vendors currently authorized.

Column 5 – Insert the total number of authorized vendors. This number should be the sum of columns 3 and 4, since the State agency must identify each vendor as being either a regular vendor or an above-50-percent vendor.

Column 6 – For each peer group that contains above-50-percent vendors, insert the number of the peer group that contains comparable regular vendors. The comparable vendor peer group is the peer group that the State agency uses to derive the competitive price criteria and maximum reimbursement levels that it applies to the above-50-percent vendors. If above-50-percent vendors are placed in a peer group with regular vendors, then the number in column 1 should be the same as that in column 6. If above-50-percent vendors are in separate peer groups, then the number in column 1 will be different from that in column 6.

WIC State agencies should refer to the WIC Nutrition Service Standards, available WIC Works Resource System at [WIC Works - http://wicworks.nal.usda.gov/](http://wicworks.nal.usda.gov) for recommended criteria and best practices to incorporate activities that are consistent with providing quality nutrition services and revitalizing quality nutrition services (RQNS).

During a disaster or public health emergency, or supply chain disruption, the State agency may request to implement existing WIC regulatory and programmatic flexibilities or waivers to support the continuation of Program benefits and services. This section, Management Information System (MIS) involves the planning, documentation, security/confidentiality, and production of the necessary reports relating to program operations through the utilization of automated data processing services at the State and local level.

During a disaster or public health emergency, or supply chain disruption, the State agency may request to implement existing WIC regulatory and programmatic flexibilities or waivers to support the continuation of Program benefits and services. State agencies should consider the overarching authority, i.e., Stafford Act, Access to Baby Formula Act, or provision(s) authorized by Congress, and duration before developing a policy and procedure. The State agency must provide a detailed description of how it plans to operationalize the flexibility or waiver through their procedure manual where applicable. Please note the State Plan Guidance is not intended to capture a description of waivers authorized by Congress with separate reporting requirements.

Executive Order (EO) 13988, “*Preventing and Combating Discrimination on the Basis of Gender Identity or Sexual Orientation.*” was issued to all Federal Agencies. The EO set out policies that all persons are entitled to dignity, respect, and equal treatment under the law, no matter their gender identity or sexual orientation. The EO does not usurp section 17 of 42 U.S.C, as amended or applicable regulations, rather it complements the language in the nondiscrimination. Following the contents of the EO, State agencies must update their policies and procedures to align with the contents of the EO and the nondiscrimination statement.

The Supplemental Data Set (SDS) is comprised of data items which State agencies have agreed are desirable to collect and report at the national level. Organization and management involve the procedures for the documentation of staff time at the State level devoted to the various WIC functions, the evaluation and selection of local agencies, the documentation of local agency staffing standards and data, as well as disaster planning.

During a disaster, public health emergency, or supply chain disruption, the State agency may request to implement existing WIC regulatory and programmatic flexibilities or waivers to support the continuation of Program benefits and services. State agencies should consider the overarching authority, i.e., Stafford Act or provision(s), Access to Baby Formula Act, or authorized by Congress, and duration before developing a policy and procedure. The State agency must provide a detailed description of how it plans to operationalize the flexibility or waiver through their procedure manual where applicable. Please note the State Plan Guidance is not intended to capture a description of waivers authorized by Congress with separate reporting requirements.

Executive Order (EO) 13988, "*Preventing and Combating Discrimination on the Basis of Gender Identity or Sexual Orientation*", issued to all Federal Agencies, set out policies that all persons are entitled to dignity respect and equal treatment under the law, no matter their gender identity or sexual orientation. VI. FOOD FUNDS MANAGEMENT

(Please indicate) State Agency: [Click or tap here to enter text.](#) for FY: [Click or tap here to enter text.](#)

Food funds management involves monitoring cost containment measures and procedures related to infant formula and other authorized food items, the monitoring and management of State agency funding sources, and the accurate reporting of participation figures.

During a disaster or public health emergency, or supply chain disruption, the State agency may request to implement existing WIC regulatory and programmatic flexibilities or waivers to support the continuation of Program benefits and services. State agencies should consider the overarching authority, i.e., Stafford Act, Access to Baby Formula Act, or provision(s) authorized by Congress, and duration before developing a policy and procedure. The State agency must provide a detailed description of how it plans to operationalize the flexibility or waiver through their procedure manual where applicable. Please note the State Plan Guidance is not intended to capture a description of waivers authorized by Congress with separate reporting requirements.

Executive Order (EO) 13988, “*Preventing and Combating Discrimination on the Basis of Gender Identity or Sexual Orientation.*” was issued to all Federal Agencies. The EO set out policies that all persons are entitled to dignity, respect, and equal treatment under the law, no matter their gender identity or sexual orientation. The EO does not usurp section 17 of 42 U.S.C, as amended or applicable regulations, rather it complements the language in the nondiscrimination statement. Following the contents of the EO, State agencies must update their policies and procedures to align with the contents of the EO and the nondiscrimination statement.

A. [Cost Containment Measures - 246.4\(a\)\(14\)\(xi\), 246.4\(a\)\(14\)\(xvii\), 246.16a\(a\)](#): describe the policies and procedures used to implement cost containment measures as they relate to infant formula contracts, their approval and the processing of infant formula and/ or other rebates, and food package cost containment practices.

B. [Funds Monitoring/798 Reporting - 246.4\(a\)\(2\); \(a\)\(12\); and \(a\)\(14\)](#): describe the State agency's funding sources, how food obligations are calculated to allow for inflation, rebate cash management, and monthly closeout monitoring activities.

C. [Participation Reporting - 246.4\(a\)\(11\)](#): describe the methods used to accurately document and monitor participation at the State and local level, and methods for monitoring changes in participation by priority.

A. Cost Containment Measures

1. The State agency seeks FNS approval related to infant formula cost containment measures (check one):

State agency must complete a cost comparison projecting food cost savings in the single-supplier competitive system based on the lowest monthly net price or highest monthly rebate [as required in Section [246.16a\(d\)\(2\)\(i\)](#) through [\(d\)\(2\)\(iii\)](#) and savings under an alternative cost containment system, Section [246.16a\(d\)\(2\)\(B\)](#)]
- To issue an infant formula bid solicitation that evaluates bids by highest rebate. A State agency must demonstrate to FNS' satisfaction that the weighted average retail prices for different brands of infant formula in the State vary by 5% or less [as required in Section [246.16a\(c\)\(5\)\(iii\)](#)].
- Not applicable

Please attach in the Appendix supporting documentation for requests for FNS approval.

During a disaster or public health emergency, or supply chain disruption, the State agency may request to implement existing WIC regulatory and programmatic flexibilities or waivers to support the continuation of Program benefits and services. State agencies should consider the overarching authority, i.e., Stafford Act, Access to Baby Formula Act, or provision(s) authorized by Congress, and duration before developing a policy and procedure. The State agency must provide a detailed description of how it plans to operationalize the flexibility or waiver through their procedure manual where applicable. Please note the State Plan Guidance is not intended to capture a description of waivers authorized by Congress with separate reporting requirements.

Following the contents of the EO, State agencies must update their policies and procedures to align with the contents of the EO and the nondiscrimination statement.

The State agency must provide a detailed description of how it plans to operationalize the flexibility or waiver through their procedure manual where applicable. Please note the State Plan Guidance is not intended to capture a description of waivers authorized by Congress with separate reporting requirements.
