

OMB Non-Substantive Change Request

Department: Commerce

Agency: U.S. Census Bureau

Title: Household Pulse Survey

OMB Control Number: 0607-1013

The U.S. Census Bureau requests a non-substantive change to the currently approved Household Pulse Survey Phase 3.10 Information Collection Request. The Census Bureau received clearance on August 21, 2023. We request approval for this change in time for Week 63 data collection, which begins October 18, 2023 and ends October 30, 2023.

Background and Justification

The Household Pulse Survey measures how the coronavirus pandemic and other emergent issues are impacting households across the country from a social and economic perspective. The Household Pulse Survey includes questions on vaccine uptake. Recently, an updated Covid-19 vaccination was approved and made available to the public on September 14, 2023. The current Phase 3.10 instrument includes vaccination dates associated with a previous vaccine. We have updated the relevant questions to reflect the more current vaccine availability.

Data Collection

The following non-substantive changes will be made to the Phase 3.10 Questionnaire.

1. VAC2 How long ago was your most recent dose of the COVID-19 vaccine or booster?
 - On or after **September 14, 2023** (1)
 - Before **September 14, 2023** but less than a year ago (2)
 - More than a year ago (3)
2. VAC5_1 Children under 5 years old
VAC5_2 Children 5-11 years old
VAC5_3 Children 12-17 years old
 - On or after **September 14, 2023** (1)
 - Before **September 14, 2023** (2)
 - Not vaccinated (3)

Burden

There is no change in respondent burden hours associated with this request.
