Burden Statement:

The information to be collected in the SWP will be used by BHW to determine if an applicant has a feasible implementation plan from which to carry out a proposed project. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this information collection is 0906-0049 and it is valid until 12/31/2023. This information collection is required to evaluate applications for financial assistance and determine the relative merits of projects for which such assistance is requested, as set forth in Sections 796 and 802 of the Public Health Service Act (42 U.S.C. §§ 295n-1, 296a). Public reporting burden for this collection of information is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and reviewing the collection of information, sending comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to HRSA Reports Clearance Officer, 5600 Fishers Lane, Room 14N136B, Rockville, Maryland, 20857 or paperwork@hrsa.gov.

Medical students that will increase their interest in practicing in rural and medically underserved areas to increase experiential training opportunities for medical students and AHEC scholars.
