BILLING CODE 4163-18-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60Day-22-22FT; Docket No. CDC-2022-0073]

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other federal agencies the opportunity to comment on a proposed information collection, as required by the Paperwork Reduction Act of 1995. This notice invites comment on a proposed information collection project titled Enhanced surveillance of respiratory illness among people experiencing homelessness in Anchorage, Alaska. This project will entail collecting nasopharyngeal swabs from people experiencing respiratory symptoms who are accessing homeless services at congregate and non-congregate shelters in Anchorage, Alaska.

DATES: CDC must receive written comments on or before August 1, 2022.

ADDRESSES: You may submit comments, identified by Docket No. CDC-2022-0073 by either of the following methods:

- *Federal eRulemaking Portal:* www.regulations.gov. Follow the instructions for submitting comments.

- *Mail:* Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H21-8, Atlanta, Georgia 30329.

Instructions: All submissions received must include the agency name and Docket Number. CDC will post, without change, all relevant comments to www.regulations.gov.

Please note: Submit all comments through the Federal eRulemaking portal (www.regulations.gov) or by U.S. mail to the address listed above.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the information collection plan and instruments, contact Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H21-8, Atlanta, Georgia 30329; Telephone: 404-639-7570; Email: omb@cdc.gov.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each new proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to the OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

The OMB is particularly interested in comments that will help:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the

proposed collection of information, including the validity of the methodology and assumptions used;

3. Enhance the quality, utility, and clarity of the information to be collected;

4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses; and

5. Assess information collection costs.

Proposed Project

Enhanced surveillance of Respiratory Illness Among People Experiencing Homelessness in Anchorage, Alaska—New—National Center for Emerging and Zoonotic Infectious Diseases (NCEZID), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

People experiencing homelessness are at risk for respiratory infectious diseases. This project involves enhanced surveillance for respiratory viruses in congregate and non-congregate homeless shelters to provide evidence to improve public health for people who are experiencing homelessness in Anchorage, Alaska. The project team will collect an upper respiratory specimen (e.g. nasopharyngeal swab) from people experiencing respiratory symptoms who are accessing shelters. The project team will complete a short symptom questionnaire with the participant and then conduct a medical record review to ascertain the clinical course of infection. Swabs will be tested for multiple viral pathogens to estimate the burden of pathogen-specific respiratory infections among people experiencing homelessness.

CDC requests OMB approval for an estimated 500 annual burden hours. There is no cost to respondents other than their time to participate.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondents	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden (in hours)
Persons with Respiratory Symptoms Experiencing Homelessness.	Enrollment in Symptom Screening ..	1,000	1	30/60	500
Total	500

Centers for Disease Control and Prevention

[60-Day-22-1083; Docket No. CDC-2022-
0071]

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and
Prevention (CDC), Department of Health
and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease
Control and Prevention (CDC), as part of
its continuing effort to reduce public
burden and maximize the utility of
government information, invites the
general public and other federal
agencies the opportunity to comment on
a continuing information collection, as
required by the Paperwork Reduction
Act of 1995. This notice invites
comment on a proposed information
collection project titled Extended
Evaluation of the National Tobacco
Prevention and Control Public
Education Campaign. This collection is
used to evaluate the *Tips From Former
Smokers (Tips) campaign*, which
encourages smokers to quit smoking and
to communicate with smokers about the
dangers of smoking.

DATES: CDC must receive written
comments on or before August 1, 2022.

ADDRESSES: You may submit comments,
identified by Docket No. CDC-2022-
0071 by either of the following methods:

- *Federal eRulemaking Portal:*
www.regulations.gov. Follow the
instructions for submitting comments.
- *Mail:* Jeffrey M. Zirger, Information
Collection Review Office, Centers for
Disease Control and Prevention, 1600
Clifton Road NE, MS H21-8, Atlanta,
Georgia 30329.

Instructions: All submissions received
must include the agency name and
Docket Number. CDC will post, without
change, all relevant comments to
www.regulations.gov.

*Please note: Submit all comments
through the Federal eRulemaking portal
(www.regulations.gov) or by U.S. mail to
the address listed above.*

FOR FURTHER INFORMATION CONTACT: To
request more information on the

proposed project or to obtain a copy of
the information collection plan and
instruments, contact Jeffrey M. Zirger,
Information Collection Review Office,
Centers for Disease Control and
Prevention, 1600 Clifton Road NE, MS
H21-8, Atlanta, Georgia 30329;
Telephone: 404-639-7118; Email: omb@cdc.gov.

SUPPLEMENTARY INFORMATION: Under the
Paperwork Reduction Act of 1995 (PRA)
(44 U.S.C. 3501-3520), federal agencies
must obtain approval from the Office of
Management and Budget (OMB) for each
collection of information they conduct
or sponsor. In addition, the PRA also
requires federal agencies to provide a
60-day notice in the **Federal Register**
concerning each proposed collection of
information, including each new
proposed collection, each proposed
extension of existing collection of
information, and each reinstatement of
previously approved information
collection before submitting the
collection to the OMB for approval. To
comply with this requirement, we are
publishing this notice of a proposed
data collection as described below.

The OMB is particularly interested in
comments that will help:

1. Evaluate whether the proposed
collection of information is necessary
for the proper performance of the
functions of the agency, including
whether the information will have
practical utility;
2. Evaluate the accuracy of the
agency's estimate of the burden of the
proposed collection of information,
including the validity of the
methodology and assumptions used;
3. Enhance the quality, utility, and
clarity of the information to be
collected;
4. Minimize the burden of the
collection of information on those who
are to respond, including through the
use of appropriate automated,
electronic, mechanical, or other
technological collection techniques or
other forms of information technology,
e.g., permitting electronic submissions
of responses; and
5. Assess information collection costs.

Proposed Project

Extended Evaluation of the National
Tobacco Prevention and Control Public
Education Campaign (OMB Control No.
0920-1083, Exp. 03/31/2023)—
Revision—National Center for Chronic
Disease Prevention and Health
Promotion (NCCDPHP), Centers for
Disease Control and Prevention (CDC).

Background and Brief Description

In 2012, HHS/CDC launched the
National Tobacco Prevention and

Control Public Education Campaign,
*Tips From Former Smokers (Tips)
campaign*. The primary objectives of the
Tips campaign are to encourage smokers
to quit smoking and to encourage
nonsmokers to communicate with
smokers about the dangers of smoking.
Tips airs annually in all U.S. media
markets on broadcast and national cable
TV as well as other media channels
including digital video, online display
and banners, radio, billboards, and other
formats. *Tips* ads rely on evidence-
based paid media advertising that
highlights the negative health
consequences of smoking. *Tips* primary
target audience is adult smokers; adult
nonsmokers constitute the secondary
audience. *Tips* paid advertisements are
aimed at providing motivation and
support to smokers to quit, with
information and other resources to
increase smokers' chances of success in
their attempts to quit smoking. A key
objective for the nonsmoker audience is
to encourage nonsmokers to
communicate with smokers they may
know (including family and friends)
about the dangers of smoking and to
encourage them to quit. *Tips* ads also
focus on increasing audience's
knowledge of smoking-related diseases,
intentions to quit, and other related
outcomes.

The goal of the proposed information
collection is to evaluate the reach of the
Tips campaign among intended
audiences and to examine the
effectiveness of these efforts in
impacting specific outcomes that are
targeted by *Tips*, including quit
attempts and intentions to quit among
smokers, nonsmokers' communications
about the dangers of smoking, and
knowledge of smoking-related diseases
among both audiences. This will require
customized surveys that will capture all
unique messages and components of
Tips. Information will be collected
through Web-based surveys to be self-
administered by adults 18 and over on
computers in the respondent's home or
in another convenient location.
Evaluating the impact of the *Tips*
campaign on behavioral outcomes is
necessary to determine campaign cost
effectiveness and to allow program
planning for the most effective
campaign outcomes. Because *Tips*
content changes, it is necessary to
evaluate each yearly implementation of
the *Tips* campaign.

The proposed information collection
will include three survey collections per
year (nine surveys in total) generally
conducted before, during, and after the
Tips campaign in each year. Using the
same methods outlined in the currently
approved information collection (OMB
