Purpose

To evaluate performance in the areas outlined in this Program Audit Protocol and Data Request related to Special Needs Plans Care Coordination (SNPCC). The Centers for Medicare and Medicaid Services (CMS) performs its program audit activities in accordance with the SNPCC Program Audit Data Request and applying the compliance standards outlined in this Program Audit Protocol and the Program Audit Process Overview document. At a minimum, CMS will evaluate cases against the criteria listed below. CMS may review factors not specifically addressed below if it is determined that there are other related SNPCC requirements not being met.

System data such as enrollment dates, dates of initial HRA, etc. will be verified.</p> <p>Review all cases selected for universe integrity testing. The integrity of the universe will be questioned if data points specific to the sample case(s) are incomplete, do not match, or cannot be verified by viewing the Sponsoring organization’s systems and/or other supporting documentation.</p> <p>Sample selections will be provided to the Sponsoring organization approximately one hour prior to the scheduled integrity testing webinar.</p>	<p>42 CFR § 422.504(e)</p> <p>42 CFR § 422.504(f)</p>

IHRA Timeliness assessments will be conducted using current enrollments, from Table 1. Assessments will be limited to individuals enrolled with effective dates within 12 months of the audit engagement letter.</p> <p>Request an impact analysis for any enrollee identified as not having an IHRA conducted to quantify the outreach made by the Sponsoring organization in an attempt to conduct the IHRA within 90 days of enrollment.
