#### **Domestic Victims of Human Trafficking (DVHT) Program Performance Indicators**

The Domestic Victims of Human Trafficking (DVHT) Program is inclusive of two distinct programs: the Domestic Victims of Human Trafficking and Services Outreach Program (DVHT-SO) and the Demonstration Grants to Strengthen the Response to Victims of Human Trafficking in Native Communities Program (VHT-NC). The data collection instruments are intended to collect information for both DVHT programs.

Victim Assistance – Client Characteristics and Program Entry (QUARTERLY)

| Original Data Element           | Proposed Change               | Justification                     |
|---------------------------------|-------------------------------|-----------------------------------|
| Grant Recipient                 | Eliminate                     | OTIP's new online case            |
|                                 |                               | management system will            |
|                                 |                               | automatically populate this       |
