Connecting People with Nature to Benefit Our Changing Planet

[OBSERVE](#) ▾

[FOR GROUPS](#) ▾

[MORE WAYS TO CONNECT](#) ▾

[Home](#) » [Observe](#) » [Become an Observer](#)

You're invited to experience plants or animals you see all the time in a brand new way by joining Nature's Notebook.

Become an Observer

When you participate in the program, you'll go outside to observe nature in your backyard or nearby area weekly and enter this information online.

Time commitment to...

Become an observer: About 10 minutes

Observe: About 2 minutes per individual plant or animal (*once you've familiarized yourself with the program and learned how to observe*).

For assistance with getting started visit our [Learn How to Observe](#) page where you will find step-by-step instructions and video tutorials to help you through the process.

Become an observer today in 3 steps:

<p>1 Join Nature's Notebook</p> <ul style="list-style-type: none">• All that's needed to join is your name and email address. No previous experience necessary. We don't give personal information away (Read our Privacy Policy).	<p>2 Set up your account</p> <ul style="list-style-type: none">• Choose your site, the location where you want to observe, such as your backyard.• Select species from our Species List, identifying individual plants or animals you want to observe.	<p>3 Start observing!</p> <ul style="list-style-type: none">• Familiarize yourself with our guidelines for observing.• Print paper datasheets to take outside when you record observations.• Go outside, take observations of your plants or animals using your paper datasheets and enter them online afterward.

[About Us](#) | [FAQs](#) | [Glossary](#) | [Terms of Use](#)

Nature's Notebook is a project of the USA National Phenology Network.

Set Up Your Account

- 1 Join Nature's Notebook > 2 **Set up your account** > 3 Start observing!

On this page you'll specify your site and select a species, plants and/or animals.

If you intended to join a shared site, return to [edit your profile](#) and join a partner group. Or create a new group by emailing groups@usapn.org.

Choose Your Site

Choose your site, the place where you want to observe. A site should be convenient and easily accessible, such as your backyard, or a favorite trail or park. After you set up your account, you may change your site or add more sites at any time.

Create site **Add a Public Site**

* Site Name: (e.g.; home, office, my front yard, etc.)

Address:

City: State: Zip Code:

CREATE SITE

Select a Plant

To select plant species you want to observe, type the common or scientific plant name in the "Plant Species" field and click the one you want.

Select an Animal

In the left box, select an animal(s) species that you will look for at your site. Click "Add to Checklist" to move them into the right box checklist. Save your checklist.

MORE WAYS TO CONNECT ▾

Start Observing

- 1 Join Nature's Notebook
- > 2 Set up your account
- > 3 **Start observing!**

Congratulations, you're almost done. Once you've completed the two short items below on your own, you'll be able to visit your observation deck to start making observations!

Learn how to observe

Before beginning to observe, simply read the simple [Observation Guidelines](#). These guidelines will give you all the basics needed to start observing.

Create observation datasheets of your species

[Print paper datasheets](#), take them outside to observe, fill out.
OR Or skip datasheets altogether, instead entering your observations via [Android](#) or [iPhone](#) app.
