INSTRUCTIONS FOR COMPLETING FORM CA-2a NOTICE OF RECURRENCE

DEFINITION OF RECURRENCE

A Recurrence of the Medical Condition is the documented need for additional medical treatment after release from treatment for the work-related injury or condition. Continuing treatment for the original condition is not considered a recurrence.

A Recurrence of Disability is a work stoppage caused by:

- A spontaneous return of the symptoms of a previous injury or occupational disease without intervening cause;
- A return or increase of disability due to a consequential injury (defined as one which occurs due to weakness or impairment caused by a work-related injury); or
- Withdrawal of a specific light duty assignment when the employee cannot perform the full duties of the regular position. This withdrawal must have occurred for reasons other than misconduct or non-performance of job duties. See 20 C.F.R. 10.5 (x).

IF A NEW INJURY OR CONDITION DUE TO OCCUPATIONAL EXPOSURE OCCURS, AND DISABILITY OR THE NEED FOR MEDICAL CARE RESULTS, A NEW FORM CA-1 OR CA-2 SHOULD BE FILED. This is true even if the new incident involves the same part of the body as previously affected.

INSTRUCTIONS FOR EMPLOYEE

- Review the definition of "recurrence" given above. If you believe that you have sustained a recurrence, complete Part A of this form. Attach a separate sheet of paper if needed to provide full details. Please ensure you provide your current address at the time of your claimed recurrence. The address is to include: the House Number and Street Name, City/Town, State, and Zip Code.

  For the FECA program to effectuate proper claims management, a FECA claimant should provide the home address where he or she resides.
- If you worked for the Federal Government at the time of the recurrence, submit Form CA-2a to your employing agency. If you no longer work for the Federal Government, complete Parts A and C of this form and submit all materials directly to the Office of Workers' Compensation Programs (OWCP).
- If you are claiming a recurrence of disability for an occupational illness, or if all 45 days of continuation of pay (COP) have been used, you may claim wage loss on Form CA-7. The OWCP will pay compensation if the claim is approved.
- Arrange for your attending physician to submit a detailed medical report. The report should include: dates of examination and treatment; history as given by you; findings; results of x-ray and laboratory tests; diagnosis; course of treatment; and the treatment plan. **The physician must also provide an opinion, with medical reasons, regarding causal relationship between your condition and the original Injury.** Finally, the physician should describe your ability to perform your regular duties. If you are disabled for your regular work, the physician should identify the dates of disability and provide work tolerance limitations.
- If other physicians treated you after you returned to work following the original injury, obtain similar medical reports from each of them.

INSTRUCTIONS FOR EMPLOYING AGENCY

- After the employee has completed Part A, promptly complete Part B and submit the form to OWCP, unless: the claimant is still receiving continuation of pay (COP); the recurrence is for medical care only and the claim is still open; or the claimant is currently requesting neither wage-loss compensation nor payment of medical expenses. In these instances, file the form in the Employee Medical Folder.
- If COP is being paid, obtain medical evidence using Form CA-17, "Duty Status Report", as often as circumstances indicate.
- **For recurrences of disability which continue after the 45 days of COP have expired or which involve occupational illness, instruct the employee to file Form CA-7.**
