

CONSOLIDATED STATE PERFORMANCE REPORT

PART I

[MANUAL ENTRY SECTIONS ONLY]

School Years 2022-23, 2023-24, 2024-25

DUE DATE: TBD

Introduction

The Consolidated State Performance Report (CSPR) is a summary overview of the data required to be reported annually by each State, the Bureau of Indian Education, District of Columbia, and Puerto Rico as authorized under Section 8303 of the *Elementary and Secondary Education Act (ESEA)*, as amended by the *Every Student Succeeds Act of 2015 (ESSA)*. All citations to the ESEA in this document are to the ESEA, as amended by the ESSA.

Section 8303 states:

SEC.8303. Consolidated Reporting – (a) In general: In order to simplify reporting requirements and reduce reporting burdens, the Secretary shall establish procedures and criteria under which a State educational agency, in consultation with the Governor of the State, may submit a consolidated State annual report. (b) Contents: The report shall contain information about the programs included in the report, including the performance of the State under those programs, and other matters as the Secretary determines are necessary, such as monitoring activities. (c) Replacement: The report shall replace separate individual annual reports for the programs included in the consolidated State annual report.

Background

Data Sources

The CSPR compiles summary data from the following sources: EDFacts data files and manual entry data reported by states.

Unless an EDFacts file specification is noted (e.g., FS185/DG588) the data were reported to the Department using the manual entry CSPR tool. Much of the data in the CSPR are available at a greater level of detail in public data files on the Office of Elementary and Secondary Education's ED Data Express (<https://eddataexpress.ed.gov/>).

For more information on how manual entry data are defined and reported, go to:

Notes on Data

Totals

In cases where an Education Unit Total is reported, it is possible that it may not equal aggregated race/ethnicity, age/grade, or sex values. This may be due to differences in how the state reports the data in accordance with the state's approved accountability plan or due to data quality issues.

Calculated Fields

The CSPR contains some fields that have been calculated using data reported by states. In those instances, the field is marked as "Calculated" in the CSPR template.

Asian/Pacific Islander and Hispanic/Latino Aggregations

The "Asian or Pacific Islander" counts and rates are either those reported by the State for the Asian/Pacific Islander subgroup or are calculated by combining the counts and rates reported separately for the following subgroups: "Asian," "Native Hawaiian or Other Pacific Islander," and (where applicable) "Filipino." Note that Filipino counts and rates are not reported separately in the CSPR and are only included in the "Asian or Pacific Islander" counts and rates.

The Hispanic or Latino counts and rates are either those reported by the State for the Hispanic/Latino subgroup or are calculated by combining counts and rates reported separately for the following subgroups: "Hispanic (not Puerto Rican)" and "Puerto Rican."

Differences between ED and State Data

State education agencies report data to ED via the CSPR manual entry tool and the ED Facts file submission system. All data in the CSPR are as of the due date or the final resubmission date. States may release data on their own state education data sites that may have a different "as of" date or may have gone through additional data quality/reconciliation processes.

Narrative Responses

Narrative responses are limited to 5000 characters.

1.6 Education of Migratory Children

This section contains data on the Title I, Part C - Migrant Education Program (MEP).

NOTE: In submitting this information, the Authorizing State Official must certify that, to the best of his/her knowledge, the State has taken action to ensure that the child counts and information contained in the report are true, reliable, and valid and that any false Statement provided is subject to fine or imprisonment pursuant to 18 U.S.C. §1001.

1.6.1 Migratory Child Counts

Each State Educational Agency (SEA) must have implemented sufficient procedures and internal controls to ensure that it is counting only those children who are eligible for the MEP. Such procedures are important to protecting the integrity of the program because they ensure that only eligible migratory children are counted for funding purposes and are served.

Note: In submitting this information, the Authorizing State Official must certify that, to the best of his/her knowledge, the State has taken action to ensure that the child counts and information contained in the report are true, reliable, and valid and that any false Statement provided is subject to fine or imprisonment pursuant to 18 U.S.C. §1001.
