Instructions: States that received Elementary and Secondary School Emergency Relief funds under the Coronavirus Aid, Relief, and Economic Security (CARES) Act (ESSER I), the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act (ESSER II), or the American Rescue Plan Act (ARP ESSER) should fill out this form. To fulfill the annual ESSER fund reporting requirements, answer all questions based on the reporting period shown in the Annual Reporting table below.

Definitions

These definitions are provided for the purposes of this reporting activity.

ARP - American Rescue Plan Act of 2021

ARP ESSER - Elementary and Secondary School Emergency Relief fund authorized under section 2001 of the American Rescue Plan Act of 2021

Awarded- An SEA awards funds when it makes a subgrant to an LEA or, in the case of the SEA Reserve, when it enters into a subgrant or contract with a subrecipient.

CARES (ESSER I) - Coronavirus Aid, Relief, and Economic Security Act

CRRSA (ESSER II) - Coronavirus Response and Relief Supplemental Appropriations

ESSER I- (CARES) Elementary and Secondary School Emergency Relief fund authorized under Section 18003 of Division B

of the Coronavirus Aid Relief, and Economic Security (CARES) Act

ESSER II- (CRRSA) Elementary and Secondary School Emergency Relief fund authorized under Section 313 of the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act **Evidence-based**- The ARP Act defines the term "evidence-based" as having the meaning in section 8101(21) of the ESEA. Accordingly, "evidence-based" includes several tiers of evidence. Specifically, "evidence-based," when used with respect to an SEA, LEA, or school activity, means an activity, strategy, or intervention that:

- Demonstrates a statistically significant effect on improving student outcomes or other relevant outcomes based on—
 - -Strong evidence from at least one well-designed and well-implemented experimental study ("tier 1");
 - -Moderate evidence from at least one well-designed and well-implemented quasi experimental study ("tier 2"); or
 - -Promising evidence from at least one well-designed and well-implemented correlational study with statistical controls for selection bias ("tier 3"); or
- Demonstrates a rationale based on high-quality research findings or positive evaluation that such activity, strategy, or intervention is likely to improve student outcomes or other relevant outcomes and includes ongoing efforts to examine the effects of such activity, strategy, or intervention ("tier 4").

Given the novel context created by the COVID-19 pandemic, an activity need not have generated such evidence during the COVID-19 pandemic to be considered evidence-based.

Expended- The actual spending of money; an outlay. For purposes of this reporting, reimbursements that are made in the current reporting period that reimburse expenditures made prior to the start of the reporting period and on or after March 13, 2020, are considered "expenditures" for this reporting period.

Full-Service Community School- The term "full-service community school" means a public elementary school or secondary school that—participates in a community-based effort to coordinate and integrate educational, developmental, family, health, and other comprehensive services through community-based organizations and public and private partnerships; and provides access to such services in school to students, families, and the community, such as access during the school year (including before- and after-school hours and weekends), as well as during the summer. **G5-** U.S. Department of Education's grant management and payment system

LEA- Local Educational Agency

Planned Uses of Funds- Remaining funds that have been earmarked or budgeted for specific purposes are considered "Planned Uses" of Remaining Funds. The Department acknowledges these plans may change; please provide the State's most current information regarding budgeted or earmarked uses of remaining funds.

Qualified Educator - For the purposes of this document "qualified" means an educator has met all requirements to earn a State license or certification in the area they are assigned to teach (and does not include substitute or provisional license or certification).

Remaining Funds- The balance remaining after all expenditures through the end of the reporting period have been subtracted from the total award.

Conducted by:

U.S. Department of Education

SEA- State Educational Agency

SEA Reserve funds- An SEA may reserve 10 percent or less of its ESSER I and II grants (the "SEA Reserve"), to address emergency needs as determined by the SEA resulting from COVID-19, which may be addressed through the use of subgrants or contracts, and up to ½ of 1 percent of its total ESSER I and II award for administrative costs, which must come from the SEA reserve. An SEA must reserve at least 7 percent of its ARP ESSER award for mandatory set-asides for evidence-based interventions, as described below, and up to 3 percent for emergency needs as determined by the SEA (the "SEA Reserve"). An SEA may also reserve up to ½ of 1 percent of its total ARP ESSER award for administrative costs, which must come from the 3 percent for emergency needs. **State-** The 50 States, the District of Columbia, and the Commonwealth of Puerto Rico

Reporting Periods

Annual Reporting: This report should be completed based on activities in each State's Fiscal Year 202X for ESSER I, ESSER II and ARP ESSER, respectively.

ESSER I under the Coronavirus Aid, Relief, and Economic Security (CARES) Act

Annual Report	Applicable Reporting Period
Year 4 Annual Report	State Fiscal Year 2023

3.b1 Provide the amount of the LEA expenditures by ESSER Subgrant fund and **accounting object** for the current reporting period. (If the SEA operates as a unitary system then report for the entire SEA. The total amount reported for subgrant amounts to LEAs may not exceed the total grant amount (Section 2, Question 2.1a) minus total amount reserved (Section 2, Question 2.2a.a))

Report any expenditure ONLY ONCE in the table below; all cells in each column should sum to the total expended by the LEA (or unitary SEA) in this reporting period. Please use the most appropriate and most specific applicable expenditure category/object for each expenditure. See Question 3.b2 for examples of expenditures that should be counted within the four main expenditure categories.

Note: LEA Mandatory Subgrant Expenditure information is reported **by accounting object in question 3.b1** and **by activity in question 3.b2.** As these questions both capture information about the same LEA Mandatory Subgrant Expenditures, the sum of expenditures by ESSER fund and by the four main expenditures categories (Addressing Physical Health and Safety, Meeting Students' Academic, Social, Emotional, and Other Needs, Mental Health Supports for Students and Staff, and Operational Continuity and Other Allowed Uses) should be equal in questions 3.b1 and 3.b2. For ARP ESSER, the categories in 3.b2 should be equal to the sum of both columns of ARP ESSER in 3.b1.

Section 4: LEA Interventions and Participation

4.b1 How did this LEA use ESSER (ESSER I, ESSER II and/or ARP ESSER) funds to support learning recovery or acceleration for student groups who were disproportionately impacted by the COVID-19 pandemic? Mark Y/N to each activity below; if an activity was offered by the LEA, provide the number of eligible students in the LEA and the number of students that participated. (*Note*, ESSER refers to ESSER I, ESSER II, and ARP ESSER funds and includes both mandatory subgrants and SEA Reserve subgrants.)

Subsection C. Access to select staff, SY 2022-23

4.c1 Please provide the count of FTE staff assigned to serve each school in this LEA, regardless of funding source, as of September 30, 2022. For example, if one full-time nurse is shared equally by five schools within an LEA, allocate 0.2 FTE to each school served. These data will be merged with school membership data to calculate staff-to-student ratios for the 2022-23 school year.

Section 5- Full-Time Equivalent (FTE) Positions

[Note to reviewers: these questions will be appended to the LEA and non-LEA entities tables above in the online data collection tool.]

5.a Provide the number of full-time equivalent (FTE) positions for the LEA, or non-LEA Entity as of the listed reporting dates. (The number of FTE positions includes all staff regardless of whether the position is funded by Federal, State, local, or other funds—and equals the sum of the number of full-time positions plus the full-time equivalent of the number of part-time positions.)

Student Outcomes

The U.S. Department of Education will append the most recent and certified submission of LEA and SEA data (with disaggregation by subpopulation) from existing collections as detailed below:

U.S. Department of Education

Metric Category	Specific Metric(s)
Engagement and Participation	1. % participating in math, English language arts/reading and science assessment (where available)
	2. % participating in English language proficiency assessment (where available)
	3. Average daily attendance
	4. Chronic absenteeism
	5. Rates of suspension (including in-school suspensions) and expulsion
	6. Incidences of bullying and harassment
Student Learning and Progression	1. Assessment data (where available), specifically % proficient in math, English language arts/reading, and science
	2. FAFSA completion rate
	3. 4-year adjusted cohort graduation rate (where available)
	4. Rates of college, career, and civic readiness (where available)

Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1810-0749. Public reporting burden for this collection of information is estimated to average 140 hours per SEA response and 140 hours per LEA response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Under the PRA, participants are required to respond to this collection to obtain or retain a benefit. If you have any comments concerning the accuracy of the time estimate, suggestions for improving this individual collection, or if you have comments or concerns regarding the status of your individual form, please contact Joanne Bogart, US. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202.
