**Electric Vehicle Use and Inventory Survey
(eVIUS)**

**Survey of battery electric and plug-in
hybrid electric vehicles**

For more information on eVIUS, visit
www.bts.gov/eVIUS.

**You have been selected to participate in
the first ever Electric Vehicle Inventory
and Use Survey (eVIUS).**

The survey will be conducted by the U.S. Department of Transportation's (DOT) Bureau of Transportation Statistics (BTS) in partnership with the U.S. DOT Federal Highway Administration (FHWA) and the U.S. Department of Energy (DOE) to better understand the characteristics and uses of electric vehicles on our nation's roads, as well as charging patterns and preferences.

You are among a national sample of battery electric and plug-in hybrid electric vehicle owners who are invited to participate in this voluntary survey. The data generated from eVIUS will be used to inform public policy and investment decisions related to electric vehicles and charging infrastructure.

X, Y all proudly support the EVIUS
