

policy initiatives. Academic researchers and private organizations also will utilize the data to facilitate their research and projects.

The Department of Housing and Urban Development (HUD) needs the

RHFS data for the following two reasons:

1. This is the only source of information on the rental housing finance characteristics of rental properties.
2. HUD needs this information to gain a better understanding of the mortgage

finance characteristics of the rental housing stock in the United States to evaluate, monitor, and design HUD programs.

Respondents: Owners and managers of rental properties.

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost
RHFS	10,000	1	10,000	1	10,000	\$40.51	\$405,100

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency’s estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

(5) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

HUD encourages interested parties to submit comments in response to these questions.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

The **Federal Register** notice that solicited public comment on the information collection for a period of 60 days was published on July 11, 2023 at 88 FR 44144.

A. Overview of Information Collection

Title of Information Collection: Study of Post-Disaster Outcomes of Renter Households and Rental Housing, Community Development Block Grant-Disaster Recovery (CDBG–DR).

OMB Approval Number: 2528–New.

Type of Request: New collection.

Form Number: N/A.

Description of the need for the information and proposed use: The Office of Policy Development and Research (PD&R), at the U.S.

Department of Housing and Urban Development (HUD), is proposing the collection of information for the HUD CDBG Disaster Recovery Outcomes of Renter Households Cooperative Agreement.

The goal of this research is to improve disaster recovery effectiveness for renter households by examining the disaster recovery outcomes of renter households and rental housing stock in places that received Community Development

Block Grant-Disaster Recovery grants (CDBG-DR). This research is expected to help the Federal government, states, and communities throughout the United States improve disaster recovery effectiveness for renter households by providing information about how disaster recovery programs funded through CDBG-DR have different impacts on renters and homeowners, and how disasters impact affordable rental housing stock over time. This research will be used to assess renter outcomes, barriers to accessing recovery resources, and mechanisms of Federal and local implementation of CDBG-DR grants. Results from this study will support HUD in identifying

opportunities for changes to legislation, policy and program implementation in disaster recovery to improve outcomes for renters.

This **Federal Register** Notice provides an opportunity to comment on the information collection for this study titled HUD CDBG Disaster Recovery Outcomes of Renter Households. The information collection is designed to support the study of disaster outcomes on renters, including to better understand CDBG-DR allocations across housing tenure, specifically for renters, identify successful processes with corresponding outcomes for rental housing recovery aid programs and translate this research into actionable

programmatic recommendations with appropriate timelines, policy making and implementation changes to improve these outcomes. The study includes a survey, interviews and focus groups in communities that have received CDBG-DR funding.

Respondents: CDBG-DR grantee representatives and administrators; elected and appointed government officials in CDBG-DR grantee jurisdictions and municipalities; landlords and developers in CDBG-DR grantee jurisdictions; representatives from housing and tenant advocacy organizations; and renters living in CDBG-DR grantee jurisdictions.

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Cost
Interviews—Federal, state, and local government	25	1	25	1	25	\$30.85	\$771.25
Interviews—Professionals and business services	20	1	20	1	20	39.64	792.80
Interviews—Private sector employees	25	1	25	1	25	33.03	825.75
Focus groups—Private sector employees	120	1	120	1.5	180	33.03	5,945.40
Total	190	250	8,335.20

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

- (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) The accuracy of the agency’s estimate of the burden of the proposed collection of information;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
- (5) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

HUD encourages interested parties to submit comments in response to these questions.
