

NASA would like to hear from its customers about the services we provide you at our Earth Observing System Data and Information System (EOSDIS) distributed active archive centers (DAACs). Your feedback is critical for improving EOSDIS information services and data.

All submitted information is collected and processed by CFI Group, an independent research and consulting firm contracted by NASA to support the ACSI survey. When you finish the survey, your responses will be sent directly to a database located on CFI Group's server, which cannot be accessed by NASA personnel. On behalf of NASA, thank you in advance for your cooperation and insight. Depending on the length of your answers the survey should take 15 minutes or so to complete.

Your answers are voluntary, but your opinions are very important. Your responses will remain anonymous and will only be reported in aggregate.

Paperwork Reduction Act Statement: This information collection meets the requirements of 44 U.S.C 3507, as amended by section 2 of the Paperwork Reduction Act of 1995. You do not need to answer these questions unless we display a valid Office of Management and Budget control number. The OMB control number for this information collection is 2700-xxxx and it expires on xx/xx/yyyy. We estimate that it will take about xx minutes to read the instructions, gather the facts, and answer the questions. You may send comments on our time estimate above to __@nasa.gov. Send only comments relating to our time estimate to this address.

Questions or problems with the survey? Email
NASASurvey@cfigroup.com

Please click the "Next" button to begin.

Next

Please select the Distributed Active Archive Center (DAAC) you wish to evaluate with this survey.

Select one.

If you frequently use multiple DAACs, you will be given the opportunity to evaluate additional DAACs at the end of this survey.

[Click here for more detail on the specifics of each DAAC.](#)

- Atmospheric Science Data Center - ASDC-LaRC
- Alaska Satellite Facility - ASF - DAAC
- Crustal Dynamics Data Information System - CDDIS
- Goddard Earth Sciences Data and Information Services Center - GES DISC
- Global Hydrology Resource Center - GHRC
- Land Processes DAAC - LP DAAC
- MODIS Level 1 and Atmosphere Archive and Distribution System - MODAPS LAADS
- National Snow and Ice Data Center - NSIDC DAAC
- Ocean Biology DAAC - OB DAAC
- Oak Ridge National Laboratory DAAC - ORNL DAAC
- Physical Oceanography DAAC - PO DAAC-JPL
- Socioeconomic Data and Applications Center - SEDAC

Next

The smartphone screen shows the same survey interface as the desktop version. It features the NASA logo at the top, followed by the survey instructions: "Please select the Distributed Active Archive Center (DAAC) you wish to evaluate with this survey." Below this is the "Select one." instruction. A note in italics states: "If you frequently use multiple DAACs, you will be given the opportunity to evaluate additional DAACs at the end of this survey." A link "Click here for more detail on the specifics of each DAAC." is provided. The list of DAAC options is identical to the desktop version, with the "MODIS Level 1 and Atmosphere Archive and Distribution System - MODAPS LAADS" option selected (indicated by a blue circle). The bottom of the smartphone screen shows a standard iOS-style navigation bar with icons for back, forward, search, and other functions.
