

OMB BURDEN STATEMENT: This information is being collected to assist the Food and Nutrition Service in developing a National Outreach Campaign to increase awareness of the health and nutrition benefits associated with specific programs. This is a voluntary collection and FNS will use the information to better meet the needs of current program participants, as well as those individuals who are eligible but do not participate. This collection does not request any personally identifiable information under the Privacy Act of 1974. According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0584-0611. The time required to complete this information collection is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: U.S. Department of Agriculture, Food and Nutrition Service, Office of Policy Support, 1320 Braddock Place, 5th Floor, Alexandria, VA 22306 ATTN: PRA (0584-0611). Hello, My name is _____, and I am calling for Edge Research, a research company in Arlington, Virginia. We are calling on behalf of the United States Department of Agriculture (USDA) Food and Nutrition Service (FNS) to ask for your participation in a one-on-one interview about nutrition programs. Your participation is voluntary and as a token of our appreciation, we will provide \$150 as compensation for your participation in a 1-hour discussion on this subject. There are no penalties if you chose not to participate. This feedback session will be private, which means that nothing that you say will be seen by anyone other than qualified researchers working on this project, except as otherwise required by law. Your responses will be combined with others, and you will never be personally identified.

Are you interested in participating?
