# Health and Injury Study

Public Reporting burden of this collection of information is estimated to be between 25 minutes for the web format and 40 minutes for the phone format per response, including the time for reviewing instructions, searching existing data/information sources, gathering and maintaining the data/information needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Information Collection Review Office, 1600 Clifton Road, MS D-74, Atlanta, GA 30333; ATTN: PRA (0920-0822).

# NOTES

1. Each screen will include links to help desk information and victim resources (i.e., help lines).
2. Each screen will include a quick exit button (for safety purposes).
3. For victimization sections that include perpetrator follow-up, the program will document up to 5 perpetrators.
4. Error Prompts.
  - a. Soft Prompts. Unless otherwise specified later in this document, if the respondent selects “Next>” without selecting an answer:
    - i. The program will make the following answer options visible to the respondent:

DON'T KNOW  
PREFER NOT TO ANSWER
    - ii. The program will also display a 508-compliant error message in red to prompt for a selection to be made. .
  - b. Numeric Ranges. If a respondent enters a number outside of the range allowed for an answer, the program will display a 508-compliant error message in red to prompt for a response to be provided which falls within the allowable range.
  - c. Age at time of an event. If the respondent reports an event as having occurred at an age that is more than one year older than the respondent’s current age as provided in **AGE\_SELECTED** or as subsequently corrected, a 508-compliant error message in red will be displayed to prompt for a correction.
5. Required Questions. To be compliant with Section 508 of the Rehabilitation Act, all required questions will either followed by an asterisk (\*) or by a verbal notice like this: “*This question is required.*”
6. Drop-down/Scrolling lists.
  - a. Number of people. For all questions asking for number of people who did something to the respondent:

[Display a drop-down or scrolling list showing the following options:

1

- 2
- 3
- 4
- 5
- 6
- 7
- 8
- 9
- 10
- More than 10
- ]

- b. Age. For all questions asking for age an event occurred, display a drop-down or scrolling list showing the set of numbers starting at 0 and extending through 110, or, if technically feasible, starting at 0 and extending through the current age reported by the respondent or through the current age plus one year.

7. What Sample Members See.

- a. Text shown in blue font is for internal and programming use and will **not** be seen by respondents on the web screen.
- b. Text shown in black or red font will appear on the screen for respondents and interviewers.
  - i. Exception: Variable names appear in black font, bold and in brackets, in this document. However, these labels will only appear on the programmed screens during testing. They will **not** appear in the final programmed versions accessible to sample members.
- c. Numeric codes will not appear next to fixed-choice answer options in the programmed screener or survey. Selection bubbles or boxes will appear instead.

8. [TelMode]. When an interviewer is speaking with a sampled household member, she will access this web screener and survey from within the NISVS-5 telephone case management system. When the NISVS-5 telephone case management system accesses a web screener or web survey case, it will send instructions to set **TelMode=1**.

- a. When TelMode=1, for all questions whose answer options **only** include “Yes” and “No”, the following note will appear above answer options: ONLY READ ANSWER OPTIONS IF NEEDED.
- b. When Telmode=1, the following two options will appear for all questions except those marked as required. These options will be available for interviewers to select but interviewers will be trained to never to read them aloud:

DON'T KNOW  
PREFER NOT TO ANSWER

9. Emphasis Tags. To enable people using assistive readers to perceive intended emphasis, the screener and survey program will use the following html tags.
  - a. The html <strong > tag will be used to produce **bold text** for sighted sample members.
    - i. In some cases, words will both be in all-caps and bold text.
  - b. The html <em> tag will be used to produce *italicized text* for sighted sample members.
10. This survey will be administered in both English and Spanish.
11. All time stamps will record the number of seconds that have elapsed since the sample member entered the survey.
12. At the top of the screen, the study name (Health and Injury Study) and the CDC logo will appear.
13. At the bottom of each screen, the following static text will appear:

If you would like more information about the study, please call [insert toll-free #] or send an email to CDCSurvey@rti.org.

You have been randomly chosen to participate in an important research study conducted by the Centers for Disease Control and Prevention (CDC). Men and women age 18 and older will be asked questions about their health and injuries they may have experienced. Your answers are very important and will be combined with the answers from other people to inform prevention efforts.

The survey will take approximately 15-25 minutes, on average. Since some of the questions are personal, we suggest that you be in a private setting during the survey.

Participation is voluntary, and you can stop or quit the survey at any time. With a few exceptions, you can skip any question. The questions that are required are used to determine which additional questions you will receive. No information that could personally identify you will be given to the CDC or anyone else. Your survey responses will be kept confidential.

If you have questions or concerns about participating in the study, you may call the Survey Helpdesk at [\[insert toll-free number here\]](#). If you have any questions about your rights as a research participant, please call the RTI Office of Research Protection at 1-866-214-2043.

[If the respondent selects “Next>” without providing an answer, the program will display a 508-compliant error message in red to prompt for a selection to be made.]

[If the respondent selects “No”, the program will also display a 508-compliant error message in red to prompt for correction of the age provided in **AGE\_SELECTED**.]

[Set for all.]

### [SRVYR\_ADULT]

[Do not pause or show this as a screen in the programmed survey, simply set the value of **SRVYR\_ADULT** as follows.]

[**AGE\_CONF**=1 (Yes, confirmed age) and **AGE\_SELECTED** is less than 18, set **SRVYR\_ADULT**=0]

### [SRVYR\_INEL]

We are only interviewing adults aged 18 or older, so those are all the questions we have for you.

Please give the study's letters and postcards to an adult in your household and ask them to participate. Thank you for your time.

[If the respondent selects "Next>" at **SRVYR\_INEL**, set **SRVYR\_INEL=1**, exit the survey, clear out previous survey responses and calculated values, but keep screener data and keep the **SRVYR\_INEL=1** value.]

[Only proceed with the rest of the survey if **SRVYR\_ADULT=1** (the respondent is an adult)]

In later sections you will be asked questions using specific language that reference your sexual anatomy. We have to know both your sex and gender identity to direct you to the questions most relevant to you.

If you choose not to answer, we will have to end the survey. If you would like to answer the sex and gender questions, click "[Answer Questions](#)". If you would like to end the survey, click "End".

The next set of questions asks about experiences that can directly impact your health or may have resulted in injury. The questions ask about physical injuries, harassing behaviors, and unwanted sexual activity.

Remember, you don't have to answer any question that you don't want to. We suggest that you be in a private setting during the remainder of the survey. If, at any time, you do not feel physically or emotionally safe, you can just quit the survey by closing the browser. You can come back to the survey whenever you want by using your login code and the password you created for yourself earlier.

If at any point, the questions are making you upset and you would like to speak with a trained professional, please click on "Help".

## [SEXUAL HARASSMENT, UNWANTED TOUCHING]

### [SH\_INTRO]

Next are some detailed questions about times in your life when you may have ever experienced unwanted sexual situations with anyone, including strangers or someone you knew such as a romantic or sexual partner, a family member, a friend, teacher, co-worker or supervisor, or someone you have known for only a short time. These questions are detailed and the language is explicit, which some people may find upsetting. It is important that the questions are asked this way so that you understand what we mean. Your answers will help us learn how often these things happen. You can skip questions you don't want to answer and you can stop at any time.

## [SEXUAL COERCION]

### [SC\_INTRO]

Sometimes unwanted sex happens after a person is pressured into it, such as through verbal and emotional pressure and other nonphysical kinds of pressure. The following questions are about times in your life when someone may have ever used verbal or other nonphysical pressure to make you have sex when you didn't want to. This could be anyone, including strangers or someone you knew such as a romantic or sexual partner, a family member, a friend, teacher, co-worker or supervisor, or someone you have known for only a short time.

Have you had vaginal, oral, or anal sex with someone after they pressured you by doing any of the following....?

## [COMPLETED RAPE AND MADE TO PENETRATE]

### [SV\_INTRO1]

This next section is about sexual contact that you did not consent to and that you did not want to happen.

Some people are threatened with harm or physically forced to have sex or sexual contact when they don't want to. Examples of physical force are being pinned or held down, using violence or threats of violence, or not physically stopping after you said no. To be clear, the next questions are asking only about times in your life when sex was unwanted and you did not give consent.

Sometimes unwanted sex or sexual contact happens when a person is unable to consent to it or stop it from happening because they are too drunk, high, drugged, or passed out from alcohol, drugs, or medications. This can include times when they voluntarily consumed alcohol or drugs or times when they were given alcohol or drugs without their knowledge or consent.

These questions ask about unwanted sexual contact that might have occurred through physical force or when you were unable to consent to sex or stop it from happening because you were too drunk, high, drugged, or passed out from alcohol or drugs.

You might or might not have ever been in this type of situation. Please remember that even if someone uses alcohol or drugs, what happens to them is not their fault. These questions use detailed and explicit language so that everyone is clear about what the questions are asking.

[PROGRAM NOTE: THIS INSTRUCTION SENDS RESPONDENTS TO THE MALE OR FEMALE QUESTIONS FOR RAPE AND MADE TO PENETRATE. IF BIRTH SEX AND GENDER IDENTITY MATCH THEN THEY GO TO THE CORRESPONDING SECTION (FEMALE OR MALE). IF BIRTH SEX AND GENDER IDENTITY DO NOT MATCH OR IF THEY SELECT TRANSGENDER FOR GENDER IDENTITY THEN THEY ARE ASKED TO SELECT THE SET OF QUESTIONS TO ANSWER (FEMALE OR MALE)]

[IF RC02 = 3 (TRANSGENDER) OR RC02 = 4 (NONE OF THESE) GO TO Q\_SELECT]

**[QSELECT]**

In this section you will be asked questions using specific language about victimization experiences related to one's sexual anatomy. We have two sets of questions based on sex assigned at birth. In "male" set of questions, it is assumed that you have a penis. In the "female" set of questions, it is assumed that you have a vagina. We would like to give you the option to decide which set of questions best represents your experience. Would you prefer to answer the female or male set of questions?

### [FA\_INTRO]

The next set of questions are about times in your life when someone ever ATTEMPTED to have sex or sexual contact with you by using physical force or threats of harm but sex did NOT happen. Examples of physical force are being pinned or held down, using violence or threats of violence, or not physically stopping after you said no. To be clear, we are now asking only about times when sex was unwanted and you did not give consent, and sex was attempted but did not happen.

### [FA01]

The next set of questions are about times in your life when someone ever ATTEMPTED to have sex or sexual contact with you by using physical force or threats of harm but sex did NOT happen. Examples of physical force are being pinned or held down, using violence or threats of violence, or not physically stopping after you said no. To be clear, we are now asking only about times when sex was unwanted and you did not give consent, and sex was attempted but did not happen.
