Abstract: The Division of Permits Management of the National Mall and Memorial Parks is authorized by regulations codified in 36 CFR 7.96(g) to issue permits for public gatherings, including special events and demonstrations, held on NPS property within the National Capital Area. The regulations reflect the special demands on many urban National Capital Area parks used as sites for demonstrations

and special events. A special event is defined as any presentation, program, or display that is recreational, entertaining, or celebratory in nature (*e.g.*, sports events, pageants, celebrations, historical reenactments, regattas, entertainments, exhibitions, parades, fairs, festivals, and similar events). The term “demonstration” includes demonstrations, picketing, speechmaking, marching, holding vigils or religious services, and all other similar forms of conduct that involve the communication or expression of views or grievances. We use information from NPS Form 10-941 to determine:

- Identity of the person(s) or organization(s) requesting authorization to conduct a demonstration or special event, and to determine whether the applicant(s) meets statutory requirements to conduct the activity.

- Nature of the proposed activity and whether there is statutory authority to grant permission to engage in it.

- Whether the proposed activity is in derogation from park values or purposes.

- Relationship between the proposed activity and the primary purpose(s) for which the park area was established and relevant park planning documents.

- Whether there is a legitimate NPS need or interest in the proposed activity.

- Whether the proposed activity would require a commitment of public resources or facilities, whether such commitments are legitimate and appropriate, and whether they are available.

- Long-term or short-term adverse effects caused by the proposed activity on park resources, facilities, or programs.

- Need for attaching special conditions or mitigating measures to the permit, if issued.

- Total cost to the park of monitoring proposed activity.

- Whether a waiver of numerical limitations on the White House sidewalk and/or Lafayette Park should be granted.

- Law enforcement resources needed to assure public safety and site security, especially at the White House, during the activity.

Depending on the size and complexity of the proposed activity, we may require applicants to submit supporting documents such as:

- **Site Plan:** A complete site plan must be submitted if tents, stages, or any other type of structure are to be placed on parkland.

- **Sign Plan:** The plan will provide the overall size, number, and design of any signs or banners.

- *Risk Management Plan*: For events with significant equipment use during set-up and tear-down.

- *Administrative Documents*: We may require applicants submit a portable toilet contract, evidence of liability insurance coverage, IRS W-9 form, or an electronic funds transfer form.

We will use an electronic system to receive applications while continuing to accept hard-copy applications.

ADDRESSES: Eva Trujillo, University of California, San Diego, 9500 Gilman Drive, La Jolla, CA 92093, telephone (858) 414-4609, email e7trujillo@ucsd.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the University of California, San Diego. The National Park Service is not responsible for the determinations in this notice. Additional information on the determinations in this notice, including the results of consultation, can be found in the inventory or related records held by the University of California, San Diego.

Description

Human remains representing, at minimum, 478 individuals were removed from various Moundville sites in Hale and Tuscaloosa Counties, AL. From the 1930's to 1987, several large-scale archeological excavations undertaken at the Moundville sites on behalf of the University of Alabama resulted in the removal of Native American human remains. In January of 1987, Dr. Margaret Schoeninger and two colleagues requested samples of fragmentary human remains from the University of Alabama Museum Collections for the purpose of diet and

ecology reconstruction research pertaining to Moundville I, II, and III phases. In response, samples from the various Moundville sites were transferred to Dr. Schoeninger and her colleagues. Sometime in the 2000s, the Moundville sample collection and limited supporting documentation were transferred to the University of California, San Diego. In June of 2020, the University of California, San Diego became aware of this collection. The one associated funerary object is one lot of faunal remains.

Cultural Affiliation

The human remains and associated funerary objects in this notice are connected to one or more identifiable earlier groups, tribes, peoples, or cultures. There is a relationship of shared group identity between the identifiable earlier groups, tribes, peoples, or cultures and one or more Indian Tribes or Native Hawaiian organizations. The following types of information were used to reasonably trace the relationship: archeological, geographical, oral traditional, and historical.

Determinations

Pursuant to NAGPRA and its implementing regulations, and after consultation with the appropriate Indian Tribes and Native Hawaiian organizations, the University of California, San Diego has determined that:

- The human remains described in this notice represent the physical remains of 478 individuals of Native American ancestry.

- The one lot of objects described in this notice are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony.

- There is a relationship of shared group identity that can be reasonably traced between the human remains and associated funerary objects described in this notice and present-day Muskogean speaking Tribes, namely the Alabama-Coushatta Tribe of Texas (*previously* listed as Alabama-Coushatta Tribes of Texas); Alabama-Quassarte Tribal Town; Coushatta Tribe of Louisiana; Jena Band of Choctaw Indians; Seminole Tribe of Florida (*previously* listed as Seminole Tribe of Florida (Dania, Big Cypress, Brighton, Hollywood, & Tampa Reservations)); The Chickasaw Nation; The Choctaw Nation of Oklahoma; The Muscogee (Creek) Nation; The Seminole Nation of Oklahoma; and the Thlopthlocco Tribal Town.
