Certification

I certify the controlled substances listed herein are necessary and intended for medical or scientific needs in the first country of import and/or the subsequent country/countries of import. I further certify the controlled substances in part or entirety will be re-exported from the first country of import.

To the best of my knowledge and belief (1) both the first country to which the controlled substance(s) are exported from the United States and the second country to which the controlled substances are exported are parties to the Single Convention on Narcotic Drugs, 1953, and the Convention on Psychotropic Substances, 1971; (2) the first and second countries have each instituted and maintain a system for the control of these substances; (3) the drugs will be consigned to a holder of such permits or licenses as may be required in the country of import and that a permit or license for importation will be issued for such import into the second country; (4) that the controlled substances will be re-exported from the first country to the second country no later than 180 days after exportation from the United States; (5) the packages are labeled in conformance with the Single Convention on Narcotic Drugs, 1953 and the Convention on Psychotropic Substances, 1971, and any amendments to these treaties; (6) the controlled substances are to be applied exclusively to medical, scientific, or other legitimate uses within the second country; and (7) the controlled substances will not be exported from the second country.
