Purpose:

## Budget Sheet Instructions

The Budget Detail Worksheet is provided for your use in the preparation of the budget and budget narrative. All required information (including the budget narrative) must be provided. Funds may not be budgeted in the shaded categories under each purpose area. Indicate any non-federal (matching) amount in the appropriate category, if applicable.

### How to use this Workbook:

This workbook has been made available to CTAS applicants so that they can provide budgetary information for each Purpose Area they are applying for. It is a required document and must be completed and uploaded to the Grant Management System (GMS) as an attachment to your application. The workbook includes three different worksheets. The first worksheet (this one) is an instruction sheet; the second worksheet includes the Purpose Area specific budget detail worksheet and narrative and each must be filled out if the applicant is applying for that specific Purpose Area. If an application is not being submitted for a particular Purpose Area, no action on the budget worksheet is required. The last worksheet is a Budget Summary. It compiles all of the relevant budget information for all Purpose Areas into a single location and should be reviewed for correctness before the workbook is uploaded to the GMS application.

#### Step by Step Usage:

1. Please read and print this instruction page. It can be used as a reference while completing the rest of the document.
2. A purpose area index for this workbook has been created for your convenience. Clicking on the link for each Purpose Area will take you directly to that tab in this document.
3. Complete this document by selecting the relevant Purpose Area tabs for which funds are being requested and entering the budget detail information in the boxes.
4. None of the purpose areas in this solicitation require a match. However, if a successful application proposes a voluntary match amount, and DOJ approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit.
5. A budget narrative section is provided to you for each category within the worksheet. This is where your justification and/or linkages to the program narrative may be entered.
6. A Budget Summary is automatically calculated for you on the last worksheet. **Note:** Any errors detected on this page should be fixed on the Purpose Area specific tab.

**Note regarding "Subawards (Subgrants)/Procurement Contracts" category (formerly labeled "Consultants/Contracts"):** DOJ has designated this budget category, starting with the FY 16 CTAS, to enable applicants to identify proposed costs for subawards (see "Subaward" definition at 2 CFR 200.92) and distinguish those costs from costs for procurement contracts (see "Contract" definition at 2 CFR 200.22) the applicant proposes to fund with Federal award funds. For more information, see item IV. "Budget Detail Worksheet and Budget Narrative including Demographic Form" under Section D. What an Application Should Include in the solicitation and the response to the CTAS FY 2016 FAQ entitled, "What do I need to know before entering data and information under the 'Subawards (Subgrants)/Procurement Contracts' budget category in the CTAS Budget Worksheet?"

<b>Budget Category Descriptions:</b>			
<i>Personnel</i>	List each position by title and name of employee, if available. Show the annual salary rate and the percentage of time to be devoted to the project. Compensation paid for employees engaged in grant activities must be consistent with that paid for similar work within the applicant organization. In the budget narrative, include a description of the responsibilities and duties of each position in relationship to fulfilling the project goals and objectives. All requested information must be included in the budget detail worksheet and budget narrative.		
<i>Fringe Benefits</i>	Fringe benefits should be based on actual known costs or an approved negotiated rate by a Federal agency. If not based on an approved negotiated rate, list the composition of the fringe benefit package. Fringe benefits are for the personnel listed in the budget category (A) and only for the percentage of time devoted to the project. All requested information must be included in the budget detail worksheet and budget narrative.		
<i>Travel</i>	Itemize travel expenses of staff personnel (e.g. staff to training, field interviews, advisory group meeting, etc.). Describe the purpose of each travel expenditure in reference to the project objectives. Show the basis of computation (e.g., six people to 3-day training at \$X airfare, \$X lodging, \$X subsistence). In training projects, travel and meals for trainees should be listed separately. Show the number of trainees and the unit costs involved. Identify the location of travel, if known; or if unknown, indicate "location to be determined." Indicate whether applicant's formal written travel policy or the Federal Travel Regulations are followed. <b>Note:</b> Travel expenses for consultants should be included in the "Consultant Travel" data fields under the "Subawards (Subgrants)/Procurement Contracts" category. For each Purpose Area applied for, the budget should include the estimated cost for travel and accommodations for two staff to attend two three-day long meetings, with one in Washington D.C. and one in their region, with the exception of Purpose Area 1, which should budget for one meeting in Washington D.C, and Purpose Areas 6 and 7, which should budget for 3 meetings within a 3 year period, with 2 in Washington D.C, and 1 within their region. All requested information must be included in the budget detail worksheet and budget narrative.		

## Budget Sheet Instructions

<i>Equipment</i>	List non-expendable items that are to be purchased ( <b>Note:</b> Organization's own capitalization policy for classification of equipment should be used). <b>Expendable</b> items should be included in the "Supplies" category. Applicants should analyze the cost benefits of purchasing versus leasing equipment, especially high cost items and those subject to rapid technological advances. Rented or leased equipment costs should be listed in the "Contracts" data fields under the "Subawards (Subgrants)/Procurement Contracts" category. In the budget narrative, explain how the equipment is necessary for the success of the project, and describe the procurement method to be used. All requested information must be included in the budget detail worksheet and budget narrative.
<i>Supplies</i>	List items by type (office supplies, postage, training materials, copy paper, and expendable equipment items costing less than \$5,000, such as books, hand held tape recorders) and show the basis for computation. Generally, supplies include any materials that are expendable or consumed during the course of the project. All requested information must be included in the budget detail worksheet and budget narrative.
<i>Construction</i>	Provide a description of the construction project and an estimate of the costs. Construction costs are only allowed for Purpose Area #4. Minor repairs or renovations may be allowable in other Purpose Areas and should be classified in the "Other" category. Consult with the program office before budgeting funds in this category. All requested information must be included in the budget detail worksheet and budget narrative.
<i>Subawards (Subgrants) / Procurement Contracts</i>	<p><b>Procurement contracts (see "Contract" definition at 2 CFR 200.22):</b> Provide a description of the product or service to be procured by contract and an estimate of the cost. Indicate whether the applicant's formal, written Procurement Policy or the Federal Acquisition Regulation is followed. Applicants are encouraged to promote free and open competition in awarding procurement contracts. A separate justification must be provided for sole source procurements in excess of the Simplified Acquisition Threshold set in accordance with 41 U.S.C. 1908 (currently set at \$150,000).</p> <p><b>Consultant Fees:</b> For each consultant enter the name, if known, service to be provided, hourly or daily fee (8-hour day), and estimated time on the project. Consultant fees in excess of the DOJ grant-making component's maximum rate for an 8-hour day (currently \$650 for OJP and OVW, and \$550 for the COPS Office) require additional justification and prior approval from the respective DOJ grant-making component. All requested information must be included in the budget detail worksheet and budget narrative.</p> <p><b>Subawards (see "Subaward" definition at 2 CFR 200.92):</b> Provide a description of the Federal award activities proposed to be carried out by any subrecipient and an estimate of the cost (include the cost per subrecipient, to the extent known prior to application submission). For each subrecipient, enter the subrecipient entity name, if known. Please indicate any subaward information included under budget category G. Subawards (Subgrants)/Procurement Contracts by including the label "(subaward)" with each subaward entry.</p>
<i>Other Costs</i>	List items (e.g., rent, reproduction, telephone, janitorial or security services, and investigative or confidential funds) by type and the basis of the computation. For example, provide the square footage and the cost per square foot for rent, or provide a monthly rental cost and how many months to rent. All requested information must be included in the budget detail worksheet and budget narrative.

## Budget Sheet Instructions

<i>Indirect Costs</i>	<p>Indirect costs are allowed only if: a) the applicant has a current, federally approved indirect cost rate; or b) the applicant is eligible to use and elects to use the “de minimis” indirect cost rate described in 2 C.F.R. 200.414(f). (See paragraph D.1.b. in Appendix VII to Part 200—States and Local Government and Indian Tribe Indirect Cost Proposals for a description of entities that may not elect to use the “de minimis” rate.) An applicant with a current, federally approved indirect cost rate must attach a copy of the rate approval, (a fully-executed, negotiated agreement. If the applicant does not have an approved rate, one can be requested by contacting the applicant’s cognizant Federal agency, which will review all documentation and approve a rate for the applicant organization, or if the applicant’s accounting system permits, costs may be allocated in the direct costs categories. (Applicant Indian tribal governments, in particular, should review Appendix VII to Part 200—States and Local Government and Indian Tribe Indirect Cost Proposals regarding submission and documentation of indirect cost proposals.) Narrative for any indirect costs should clearly state which direct costs the indirect cost agreement is being applied to. All requested information must be included in the budget detail worksheet and budget narrative.</p> <p>In order to use the “de minimis” indirect rate an applicant would need to attach written documentation to the application that advises DOJ of both the applicant’s eligibility (to use the “de minimis” rate) and its election. If the applicant elects the de minimis method, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. In addition, if this method is chosen then it must be used consistently for all federal awards until such time as the applicant entity chooses to negotiate a federally approved indirect cost rate.</p>

If you do not report crime incidents at all please explain why you are unable to provide such data. If instructions are needed on converting your data to UCR Summary Data style please view the COPS Application Guide of the FBI's UCR Handbook ([www.fbi.gov/ucr/handbook/ucrhandbook04.pdf](http://www.fbi.gov/ucr/handbook/ucrhandbook04.pdf)) for more information.

The FBI is retiring the current Summary Reporting System (SRS) and will transition to an all-NIBRS data collection system within the next five years. The transition to NIBRS will provide a more complete and accurate picture of crime at the tribal, national, state, and local level. As of 2021, the FBI will no longer collect summary data and will only accept data in the NIBRS format and COPS Office awards will be based on submitted NIBRS data. Transitioning all law enforcement agencies to NIBRS is the first step in gathering more comprehensive crime data. Tribal, state, and local COPS grantees are encouraged to expedite the transition to NIBRS in their jurisdictions so that they will remain eligible to receive COPS Office awards.
