Overview of This Information Collection

Title: Vessel Entrance and Clearance System (VECS).

OMB Number: 1651–0019.

Form Number: CBP Form 1300.

Current Actions: Extension.

Type of Review: Extension.

Affected Public: Individuals.

Abstract: CBP Form 1300, Vessel Entrance or Clearance Statement, is used to collect essential commercial vessel data at time of formal entrance and clearance in U.S. ports, allows the master to attest to the truthfulness of all CBP forms associated with the manifest package, and collects relevant information about the vessel and cargo. The form was developed through agreement by the United Nations Intergovernmental Maritime Organization (IMO) in conjunction with the United States and various other countries. The form was developed as a single form to replace the numerous other forms used by various countries for the entrance and clearance of vessels. CBP Form 1300 is authorized by 5 U.S.C. 301, and 19 U.S.C. 66, 1415, 1624, 2071, 1431, 1433, and 1434, as well as 46 U.S.C. 501, 60105 and provided for by 19 CFR 4. This form is accessible at: <http://www.cbp.gov/newsroom/publications/forms?title=1300&=Apply>.

This form is currently submitted in paper format and is anticipated to be submitted electronically as part of CBP's efforts to automate maritime forms through the Vessel Entrance and Clearance System (VECS), which will reduce the need for paper submission of

any vessel entrance or clearance requirements under the above referenced statutes and regulations. VECS will still collect and maintain the same data as CBP Form 1300 but will automate the capture of data to reduce or eliminate redundancy with other data collected by CBP.

Respondents are enabled to create a new ACE Account type for Vessel Agencies through the ACE Portal. The new account type within ACE will operate as a portal that leads to the Vessel Entrance and Clearance System (VECS), which will run as its own independent system.

Vessel Agents will be required to provide identifying information such as: their name, their employer identification number (EIN), company address, and their phone numbers, which will be requested at the time Vessel Agents apply for the new ACE account type.

After creating an ACE account, Vessel Agencies, Vessel Operating Common Carriers (VOCCs), and their designees are able to use the new Vessel Entrance and Clearance System (VECS) as part of the ongoing pilot program to test the functionality of VECS, and will be able to file vessel entrance, clearance, and related data to CBP electronically.

CBP is currently running a small public VECS Pilot on several ports. VECS will automate and digitize the collection and processing of the data and filing requirements for which the CBP Form 1300 is used. CBP plans to run an initial public pilot to test the system. All users who obtained a Vessel Agency Account through the ACE Portal will be automatically enrolled into the VECS public pilot. Initially, the pilot began at one of eleven ports where VECS was previously internally tested. CBP is providing training to each CBP port and the Vessel Agency personnel at each port, prior to beginning/expanding the public pilot in another port.

The VECS public pilot will continue to expand to additional ports, in an effort to progressively test and implement the system nationwide. There will be no change to the paper format of CBP Form 1300, and CBP Form 1300 in paper format will continue to be accepted.

New Submission

The VECS Pilot will be live for 51 port codes as of August 2023 enabling fully electronic processing of vessel entrance and clearance. The public pilot has allowed CBP to identify areas for additional enhancement and automation, fix minor errors with the system's operation, and simultaneously deploy to new locations while

continuing to test fixes and new capabilities. VECS pilot will continue to expand to other port codes while implementing training for port staff.
