**Early Childhood Longitudinal Study, Kindergarten Class of 2023-24**  
**General Education Teacher Survey (Teacher Level)**  
**Fall 2023 – Form TQAFK**

Dear Teacher,

Your school has agreed to participate in the **Early Childhood Longitudinal Study, Kindergarten Class of 2023-24 (ECLS-K:2024)**, a nationwide study of elementary-aged children and their schools, teachers, and parents. As part of the study, we are asking teachers at your school to complete surveys. You have been asked to complete surveys because one or more of the children you serve are participants in this study. The teacher survey contains questions about you and your classroom practices.

The ECLS-K:2024 collects information from teachers of children who are in the study to investigate the relationship between children's academic progress and various school, classroom, teacher, and home characteristics. Taking part in the study is voluntary. You may stop at any time or choose not to answer a question you do not want to answer. However, only you can provide this information. Although we realize you are very busy, we urge you to complete this survey as completely and accurately as possible.

Please record your answers directly on the survey by writing your responses in the space provided. Your best estimates are acceptable answers.

Many of the questions ask that you respond separately for each kindergarten class that you teach – half-day morning and/or afternoon or full-day.

-Report on **half-day morning and half-day afternoon classes** separately, in the appropriate columns.

-If you teach a **full-day class** (the same children are with you for the full day), please record your answers in only the full-day class column; do not report on the morning and afternoon sessions of the class separately.

-If you teach a class with a **day care** component, please report only the instructional portion of the class, in the appropriate class column. For example, if the instructional portion of the class is held in the morning, and the day care portion in the afternoon, record your answers in the morning class section.

-If you teach the same subject to multiple classes throughout the day, please provide answers for your primary class or homeroom.

**DEFINITIONS RELATED TO LANGUAGE**

Reference is made to English language learner (ELL) students, as well as to English as a Second Language (ESL), bilingual, and dual-language programs in this survey. For this study, the following definitions apply:

English language learner (ELL): A student whose native language is other than English and whose skills in listening to, speaking, reading, or writing English are such that he/she derives little benefit from school instruction in English.

English as a Second Language (ESL) program: An instructional program designed to teach listening, speaking, reading, and writing English language skills to students with limited proficiency in English.

Bilingual education program: A program in which native language is used to varying degrees in instructing students with limited proficiency in English.

Dual language program: Also known as two-way immersion, the goal of these programs is for students to develop language proficiency in two languages by receiving instruction in English and another language in a classroom that is usually composed of half native English speakers and half native speakers of the other language.

**THANK YOU VERY MUCH FOR YOUR HELP.**

## MARKING DIRECTIONS

PLEASE READ CAREFULLY AND USE A BLACK OR BLUE BALL POINT PEN TO COMPLETE THIS SURVEY. DO NOT USE PENCIL OR FELT-TIP PEN.
