**PRIVACY ACT STATEMENT:** This statement is provided pursuant to the Privacy Act of 1974, 5 United States Code (U.S.C.) § 552a.

You are accessing a United States (U.S.) Government information system which includes (1) this site and (2) the computers and networks connected to this site. The information system is provided for U.S. Government-authorized use only. You may find information about how the Federal Aviation Administration (FAA) will handle information that you provide through this Site in our Privacy Policy and our Privacy Act Notice. Users have no expectation of privacy while using the Site. For any lawful Government purposes, such as identifying wrongful attempts to upload or change information in the system or otherwise cause damage to the web service, the Government may monitor and intercept information transmitted or stored on the system. Use of this system constitutes consent to such monitoring or interception. Unauthorized or improper use of this information system may result in civil and criminal penalties.

**FAADroneZone / Registration**

The authority for collecting personally identifiable information (PII) through the FAADroneZone website for purposes of registering a small sUAS is contained in 49 U.S.C. § 44101–44106 and § 44110–44113 which require aircraft to be registered as a condition of operation and establish the requirements for registration and registration processes. Pursuant to 49 U.S.C. § 44807, § 44809, and 14 C.F.R. § 107.13, persons operating small unmanned aircraft under 14 C.F.R. part 107 must comply with the registration requirements. Additionally, persons operating in accordance with the statutory exception for limited recreational operations of unmanned aircraft under 49 U.S.C. § 44809 must comply with the registration requirements pursuant to subsection (a)(8) of that section. The principal purpose for which information collected through this form is to receive, evaluate, and respond to requests for authorization to operate small unmanned aircraft systems and to provide information on the area of operation to the appropriate government agency. It is also used to identify each type of a sUAS and the applicable registration number, and to assist in enforcement action and/or civil penalties pursuant to 14 C.F.R. Part 13. Additionally, the failure to provide the required information will prevent the FAA from registering your aircraft which is required under 49 U.S.C. § 44101 to be completed prior to operation of the aircraft. The information collected to complete the aircraft registration process and issue the unique identifier is included in a Privacy Act System of Records known as Department of Transportation (DOT)/FAA 801, titled "Aviation Registration Records." Records from this system of records may be disclosed in accordance with the routine uses that appear in DOT/FAA 801, as published in the Federal Register at 81 Federal Register 54187 (August 15 2016), available at <https://www.transportation.gov/individuals/privacy/privacy-act-system-records-notices>.

**Part 107 Waiver / A airspace Authorization Request Form for Part 107 and Recreational Flyers**

The authority for collecting the information you provide on this form is codified at 49 U.S.C. § 44701, § 44807, and § 44809; see also FAA Modernization and Reform Act of 2012, Pub. L. 112-95 § 333, Special Rules for Certain Unmanned Aircraft Systems and 14 C.F.R. 107.9. The principal purpose for which the FAA intends to use the information is to receive, evaluate, and respond to requests for authorization to operate small unmanned aircraft systems and to provide information on the area of operation to the appropriate government agency. It is also used to identify each type of a sUAS and the applicable registration number, and to assist in enforcement action and/or civil penalties pursuant to 14 C.F.R. Part 13. The information collected include, but is not limited to, name, address, phone number, aircraft registration number, and a description of planned operation. Disclosure of this information is voluntary, but operation of a sUAS outside of the regulations at 14 C.F.R. Part 107 without a waiver or authorization in violation of that regulation may result in an enforcement action and/or civil penalties under 14 C.F.R. Part 13. Additionally, failure to provide all required information will result in the FAA being unable to issue a waiver or authorization for your operation under 14 C.F.R. Part 107, subpart D, or an airspace authorization under 49 U.S.C. § 44809. The information collected on this website will be included in a Privacy Act System of Records known as DOT/FAA 854, titled "Small Unmanned Aircraft Systems (sUAS) Waivers and Authorizations." Records from this system of records may be disclosed in accordance with the routine uses that appear in DOT/FAA 854, as published in the Federal Register at 81 Federal Register 32512 (July 8, 2016), available at <https://www.transportation.gov/individuals/privacy/privacy-act-system-records-notices>.

**Part 107 Accident Reporting Form**

The authority for collecting the information provided on this form is codified at 49 U.S.C. § 44701 and § 44807; see also FAA Modernization and Reform Act of 2012, Pub. L. 112-95 § 333, Special Rules for Certain Unmanned Aircraft Systems, and 14 C.F.R. 107.9. The principal purpose for which the FAA intends to use the information is to receive and evaluate accident reports submitted to the FAA involving sUAS. The Federal Aviation Administration will use the information provided in connection to accident reports to regulate and promote safety in air commerce, in accordance with its statutory authority at 49 U.S.C. § 44701. Disclosure of this information is mandatory for remote pilots in command operating under 14 C.F.R. Part 107, and a certified remote pilot in command's failure to report an accident in accordance with the regulations may result in enforcement action and/or civil penalties pursuant 14 C.F.R. Part 13. Additionally, failure to provide all the information requested will delay the processing of the report. The information collected on this website will be included in a Privacy Act System of Records known as DOT/FAA 847, titled "Aviation Records on Individuals." The information collected to complete an accident report may be disclosed in accordance with the routine uses that appear in the DOT/FAA 847, as published in the Federal Register at 75 Federal Register 68849 (November 9, 2010), available at <https://www.gpo.gov/fdsys/pkg/FR-2010-11-09/pdf/2010-28237.pdf>.

**Paperwork Reduction Act Burden Statement**

A federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a currently valid OMB Control Number. The OMB Control Numbers for this information collection are., and. Public reporting for this collection of information is estimated to be approximately 5 minutes per response.

All responses to this collection of information are voluntary. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to the FAA at: 800 Independence Ave. SW, Washington, DC 20591, Attn: Information Collection Clearance Officer, ASP-110.

The screenshot shows a web browser window with two tabs: "FAADroneZone - Login" and "FAADroneZone CBO - Dashboard". The URL in the address bar is "dz-cbo.test.csra-dronezone.com/#/". A modal window is displayed in the center of the screen with the title "CBO Account: Account Pending". Inside the modal, the text "Reference Number: 2021-CBO-00007" is shown, followed by "Your account request has been submitted and will be reviewed by FAA." and an "Ok" button. The background of the dashboard shows the "Community Based Organization" section with the heading "Flying Site Requests" and the sub-instruction "Submit Flying Site Request(s) for your Community Based Organization (CBO)". Below this, a message states "You currently do not have any Flying Site Requests."

The screenshot shows the same web browser window after the modal has been closed. The dashboard header includes the Federal Aviation Administration logo, the "FAADroneZone COMMUNITY BASED ORGANIZATIONS (CBO)" logo, and a user profile with "HI, JANE | LOG OUT | CONTACT". The main content area features a "Community Based Organization" section with the heading "Test CBO Name | Stakeholder ID: 103014". Below this is the "Flying Site Requests" section with the same instructions and message as the previous screenshot. A "Manage Requests" button is located at the bottom of this section.

The screenshot shows a web browser window with two tabs: "FAADroneZone - Login" and "FAADroneZone CBO - Flying Site". The main content area is titled "FAADroneZone COMMUNITY BASED ORGANIZATIONS (CBO)". A blue header bar contains the "FAADroneZone" logo and the text "COMMUNITY BASED ORGANIZATIONS (CBO)". The top right corner shows a user profile with "HI, JANE | LOG OUT | CONTACT". Below the header, a breadcrumb navigation shows "Dashboard / Flying Site Requests". A large button on the left says "Flying Site Requests" and a smaller button on the right says "Create a Flying Site Request". A pink banner in the center states "You have no Flying Site Requests". At the bottom, there are four columns of links: "U.S. Department of Transportation" (with logo), "Web Policies" (including "Web Policies & Notices", "Privacy Policy", and "Accessibility"), "Government Sites" (including "USA.gov", "Plainlanguage.gov", "Regulations.gov", and "Data.gov"), and "Contact Us" (including "Contact FAA", "Office of Inspector General (OIG) Hotline", and "Freedom of Information Act (FOIA)".

The screenshot shows a web browser window with two tabs: "FAADroneZone - Login" and "FAADroneZone CBO - Flying Site". The main content area is titled "New Flying Site Application". A sub-header says "Please select one of the following to start your Application (required)". Three radio buttons are listed: "Fixed Flying Site" (selected), "Special Purpose Flying Site", and "CBO Sponsored Event". Each option has a detailed description in Latin placeholder text. The right side of the screen shows a sidebar with "LOG IN | LOG OUT | CONTACT" and a "Create a Flying Site Request" button.
