

**U.S Access Board Justification for Non-material/Non-substantive Change to Existing ICR:
Online ABA Complaint Form (OMB Control # 3014-0012)
(May 14, 2021)**

The U.S. Access Board is submitting this request for a non-material/non-substantive change to the previously-approved Online ABA Complaint Form in order to improve the form's accessibility (i.e., make the online form 508-compliant). These minor revisions affect only the form's style and formatting; they do not otherwise alter the nature of the form fields or the types of information sought from complainants.
