Compliance with the Non-IP Call Authentication Solution Rules;
Robocall Mitigation Database (RMD)

The Federal Communications Commission (FCC) is submitting this non-substantive change request to the Office of Management and Budget (OMB) for approval due to the omission of 47 CFR § 64.6305(f) in the CFR Citation Section of ROCIS.

In the last submission to OMB, 47 CFR § 64.6305(f) was reflected in the supporting statement; however, this rule section was inadvertently omitted in the CFR Citation Section of ROCIS after receiving OMB approval on November 7, 2023. Therefore, this entry has been updated in ROCIS and being submitted for OMB approval.

There are no changes to the burdens and no costs are associated with this non-substantive change request.
