Email Invitation for Online Survey

The National Science Foundation is gathering data to support the Sexual Assault and Harassment Prevention and Response (SAHPR) Program for the U.S. Antarctic Program (USAP). Through an Interagency Agreement with the Department of Interior, NSF has contracted with Leading and Dynamic Services and Solutions (LDSS) to conduct the USAP Sexual Assault and Harassment Climate Survey (SAHCS). This survey will gather baseline data of sexual assault and harassment within the USAP community.

We would like to invite you to participate in the USAP participant survey. This is an opportunity to share your experiences and perspectives related to sexual assault and harassment in the USAP.

Your participation in the survey is voluntary. You do not have to answer any questions you do not want to answer, and you can stop participating at any time. We will not ask you any identifying information and none of your answers will be linked to your name. The survey will take 25-30 minutes to complete.

This study is authorized by law (42 U.S.C. 1862 Section 3.a.6.). The OMB control number for this study is 3145-0260.

Please follow this link to participate in the survey:
