A Note on Research

This response spreadsheet is the result of targeted research efforts with businesses across the United States. We are continuing to refine the survey instrument in preparation for our full launch in 2024. If you would like to provide feedback on your experience with completing this survey, please send an email to the following email address, and one of our researchers may be in touch to follow up with you: emd.aies.help@census.gov. This is your opportunity to help shape the future of annual data collections at the Census Bureau, and we look forward to any feedback you wish to offer.
