An SGE is an officer or employee of an agency who is retained, designated, appointed, or employed to perform temporary duties, with or without compensation, for not to exceed 130 days during any period of 365 consecutive days, either on a full-time or intermittent basis. After the membership selection process is complete, applicants who are selected to serve on the Committee must complete the following actions before they can be appointed as a Committee member:

(a) Background Check (on-line Background Check process and fingerprinting conducted through NOAA Office of Human Capital Services); and

(b) Confidential Financial Disclosure Report: As an SGE, one is required to file annually a Confidential Financial Disclosure Report to avoid involvement in a real or apparent conflict of interest. National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Implementation of Vessel Speed Restrictions To Reduce the Threat of Ship Collisions With North Atlantic Right Whales

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on September 22, 2023 (88 FR 65367) during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration, Commerce.

Title: Implementation of Vessel Speed Restrictions to Reduce the Threat of Ship Collisions with North Atlantic Right Whales.

OMB Control Number: 0648–0580.

Form Number(s): None.

Type of Request: Regular submission. Extension of a current information collection.

Number of Respondents: 3,624.

Average Hours per Response: Five minutes for safety deviation logbook entry; one hour for electronic survey; two hours and 30 minutes for focus groups.

Total Annual Burden Hours: 674.

Needs and Uses: The National Marine Fisheries Service (NMFS) is requesting renewal of a currently approved collection of information. On October 10, 2008, NMFS published a final rule with regulations (0648–AS36) implementing seasonal speed restrictions along the east coast of the U.S. to reduce the incidence and severity of vessel collisions with endangered North Atlantic right whales (73 FR 60173). The final rule contained a mandatory collection-of-information requirement subject to the Paperwork Reduction Act (PRA). Specifically, 50 CFR 224.105(c) requires a logbook entry to document that a deviation from the speed limit was necessary for safe maneuverability under certain conditions. On November 18, 2021, the information collection was revised to include a voluntary survey of vessel operators to evaluate their ability and willingness to: (1) comply with North Atlantic right whale mandatory speed restrictions, and (2) cooperate with voluntary speed reduction efforts to protect North Atlantic right whales, which are promoted through NMFS outreach efforts. NOAA collects information from two types of vessels (pleasure yachts and large ocean-going vessels) in two different areas of the North Atlantic right whales' range using voluntary online surveys and small focus groups. The surveys collect information about vessel operators' time spent on the water, experience and knowledge about large whales, knowledge of North Atlantic vessel strike reduction efforts, opinions about these whales and conservation efforts, and their preferred means of receiving information. Results from this information collection will be used to develop effective outreach to these vessel communities, with the long-term goal of improving the communities' compliance with mandatory measures and cooperation with voluntary measures that support North Atlantic right whale vessel strike reduction conservation efforts.

Affected Public: Individuals or households; Business or other for-profit organizations.

Frequency: Logbook: As needed; Surveys and Focus Groups: Once

Respondent's Obligation: Logbook entries are required to lawfully deviate from the speed regulations; survey is voluntary.

Legal Authority: Endangered Species Act, 16 U.S.C. 1531 *et seq.*; and Marine Mammal Protection Act, 16 U.S.C. 1361 *et seq.*
